Government Proceedings No. 14971-72—Mis. F. 12-1900, dated the 9th May 1901, *in re* the training of students in the Vaccine Institute at Bangalore, for the posts of Vaccinators and Deputy Inspectors of Vaccination.

READ ALSO—

Letter No. 302 of the 10th August 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, recommending sanction to the continuance of the tuition of pupils at the Vaccine Institute for the reasons explained.

No. 11494-5—MIS. F. 12-00, DATED BANGALORE, 10TH JANUARY 1902.

ORDER THEREON.—In compliance with the recommendation made in the letter read above, Government are pleased to direct that the tuition of pupils at the Vaccine Institute for the posts of Deputy Inspectors of Vaccination and of Vaccinators be continued as heretofore, that out of the fees collected from the students, one-half be credited to Government, and that the remaining one-half be distributed among the Medical staff employed at the Vaccine Institute in teaching, subject to a maximum payment of Rs. 15 per mensem to each officer concerned.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Comptroller to the Government of Mysore.

READ—

Letter No. 4209—143, dated 7th November 1901, from the Inspector General of Education in Mysore.

With reference to para 4 of Order No. 2066-7—Ed. 3-96, dated 2nd August 1901, passing the Village School Fund budget of 1901-02, I have the honor to inform you that a statement of the expenditure on school buildings during 1900-01 was received from the Examiner, Public Works Department Accounts, only on the 25th September last. From this statement a list has been made out of incomplete works of last year, which require for their completion this year a sum of Rs. 34,438. A list of new works has been prepared chiefly consisting of school buildings in villages where the people have contributed at least Rs. 100 or of school buildings urgently wanted as in Talkad. The total cost of these schools amounts to Rs. 29,798. The villagers who have paid not less than Rs. 100 are loud in their demand for a new building. For petty works and repairs it is usual to provide Rs. 3,000. Thus the provision required for buildings in the Village School Fund budget for 1901-02 is Rs. 67,236 :—

	Rs.
Incomplete works	34,438
New works	29,798
Petty works and repairs	3,000
Total ...	67,236
Deduct provision already made in the budget .	5,000
Balance	62,236

I request that sanction may be accorded for a provision of Rs. 62,236 for buildings from the balance to the credit of the Village School Fund. According to the present method of keeping accounts in the Public Works Department Examiner's office, the portion that may be left unspent at the end of the official year will be treated as a deposit and utilised next year for completing the works. I enclose herewith the lists of incomplete and new works for 1901-02.

No. 11625-34—Ed. F. 20-96, dated Bangalore, 11th January 1902.

Order thereon.—Considering that six months of the year are already over, Government are of opinion that a sum of Rs. 27,500 is sufficient to meet the demands on account of Village School buildings during the remaining six months of it. They accordingly sanction this amount to supplement the normal provision of Rs. 5,000 already sanctioned for buildings in the Village School Fund budget for 1901-02, and direct that the amount be primarily utilised for completing incomplete buildings and for those new buildings for which private contributions of substantial sums have been already levied and that for the present, *no tacit obligations to construct further* buildings should be incurred by levying any new private contributions. A list of the new works proposed to be undertaken out of the amount now sanctioned should be submitted for the information of Government.

2. In future, the Inspector General will be good enough as a matter of practice to consult the Deputy Commissioners and take their opinions as to the importance and requirements of the places in which new buildings are proposed to be constructed partly or wholly at Government cost. A Deputy Inspector may no doubt be competent to deal with the matter but the local conditions are better ascertained by a reference to the Deputy Commissioners.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

READ—

The Medical and Sanitary Report of Mysore for the calendar year 1900.

No. 11666—Mis. 1686, dated Bangalore, 15th January 1902.

Review thereon.—The total number of births registered during the year under review was 86,284, showing a decrease of 378, when compared with the figures for the previous year. The birth-rate was 17·81 per mille on the Census population of 1891 as against 17·89 in 1899 and indicates an increase of ·41 per mille on the average of the previous 5 years.

2. The total number of deaths registered was 92,358 or 8,424 more than in the preceding year. The death-rate for the year was 19·07 per mille against 17·33 in 1899.

3. The largest mortality was caused by fevers and numbered 38,926, which was more than in the preceding calendar year by 2,724.

4. There were 11,531 deaths from plague out of 15,140 cases, the districts of Bangalore and Mysore suffering most, with 3,185 and 7,372 deaths, respectively. The mortality was heaviest in the month of October with 3,239 deaths and lowest in the month of June with 23 deaths.

5. Deaths from cholera numbered 779 against 123 in the previous year.

6. 4,286 deaths were reported under small-pox against 3,014 in 1899.

7. The sanitary works carried out during the year consisted chiefly of sinking and repairing wells; provision of water-supply and drainage; opening out new roads; and construction of sheds, tunnels and a bathing ghat.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

READ AGAIN—

Letters No. 7031—1941, dated the 25th June 1901, and No. 3, dated the 1st July 1901, from the Comptroller in Mysore, stating with reference to Government Notifications Nos. 16823—J. 1675 and 16328—J. 1627, dated the 18th and 8th June 1901, respectively, that under the provisions of Article 74 of the Mysore Service Regulations (old edition) Messrs. C. Venkataramiah and A. Narsimmaiengar could not be appointed in the last class of Munsiffs *sub pro tem* as the full pay of the absentees was not available.

READ ALSO:—

Letter No. 667—18, dated the 22nd July 1901, from the Registrar of the Chief Court of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to your No. 624—J. 61 of the 13th instant, forwarding for the opinion of this Court, copies of letters No. 7031—1941, and No. 3, dated the 25th June and the 1st July 1901, respectively, from the Comptroller in Mysore, raising objection to the appointments of Mr. Venkataramiah and Mr. A. Narasimmaiengar as Munsiffs, *sub pro tem*, in the last class, on the ground that under the provisions of Article 74 of the Mysore Service Regulations, *sub pro tem* appointments cannot be made when the full pay of the absentees is not available, I am directed to state that this objection is raised for the first time now, such appointments were made not only when the permanent incumbents were granted leave on half pay but on full pay also as will be seen on a reference to Notifications of Government No. 7115—J. 660, dated 21st December 1899, No. 13819—J. 1348, dated 29th June 1900, and No. 9837—J. 1100, dated 6th February 1901.

The object of declaring the acting appointment of a Munsiff *sub pro tem* is to enable him to draw the full minimum pay of the last grade of Munsiffs, *viz.*, Rs. 150. If this is secured it would be immaterial whether such appointments are declared *sub pro tem* or only acting. Otherwise the acting officer if already in service will get only his substantive pay plus 20 per cent, acting allowance, and if he is appointed from the profession he will be entitled to half pay only, *viz.*, Rs. 75, a sum not likely to tempt any intelligent lawyer to give up his practice for the purpose of going out as an acting Munsiff temporarily.

I am to request that Government may be pleased to direct that the said Article 74 be not allowed to operate in the case of acting appointments of Munsiffs, as otherwise it will be almost impossible to get competent men for same.

Letter No. 708—21, dated the 24th July 1901, from the same officer:—

In continuation of this office letter No. 667—18, dated the 22nd instant, *in re* allowances payable to acting Munsiffs, I am directed to state that the suggestion, that the provisions of Article 74 of the Mysore Service Regulations should be declared inoperative in the case of acting Munsiffs was made as the provision for special minima in such cases made in Article 80 A. inserted in the revised edition of the Service Regulations recently issued, was not brought to notice. The existence of this provision is sufficient to secure the minimum pay of a Munsiff to the acting incumbents.

I am to add that the words *sub pro tem* may be struck out in the notifications in question.

Letter No. 1503, dated the 27th August 1901, from the Comptroller, Mysore Government:—

I have the honor to acknowledge the receipt of your letter No. 2370—J. 193, dated 7th August 1901, forwarding copies of letters Nos. 667—18 and 708—21, dated 22nd and 24th July, respectively, from the Registrar, Chief Court, Mysore, relative to the acting allowances admissible to Munsiffs appointed to act *sub pro tem* and enquiring whether I have any further

remarks to offer with reference to the new Article 80 A in the Second Edition of the Mysore Service Regulations entitling Munsiffs, whether holding a substantive appointment under Government or only temporarily employed, to the minimum pay of Rs. 150, and to state that as the rule is observed in the Civil Department, under British administration, *vide* Article 118 of the Civil Service Regulations, a similar provision, the new Article 80 A. was introduced in the Second Edition of the Mysore Service Regulations fixing the minimum salary to be drawn by substitutes appointed in room of Munsiffs proceeding on leave other than privilege leave; this rule may, if the exigencies of Judicial service require it, be made applicable in the case of vacancies caused by Munsiffs proceeding on privilege leave also, and the article altered by striking out the words "except in the cases provided for in the next section (privilege leave vacancies)." The appointment of Munsiffs to act *sub pro tem* when no *sub pro tem* vacancies exist contravenes Article 74 of the Mysore Service Regulations and need not be made in future as the full minimum pay of the last grade will be secured by the revision proposed to Article 80 A.

No. 11887-88—P. A. 836, DATED BANGALORE, 20TH JANUARY 1902.

ORDER THEREON.—The Government approve of the view expressed by the Comptroller in the last of the letters read above and direct that Article 80 A of the Mysore Service Regulations (2nd edition) be amended by the omission of the words "except in the cases provided for in the next section (privilege leave vacancies)."

Letter No. 1091, dated 27th June 1901, from the Deputy Commissioner, Chitaldrug District.

In submitting herewith for orders of Government, copies of the marginally noted correspondence, I have the honor to state as follows :—

Executive Engineer's No. 327, dated 1st June 1901
Deputy Commissioner's reply thereto (No. 404, dated 7th June 1901).
Executive Engineer's reply (No. 813, dated 12th June 1901.)

The Executive Engineer, Chitaldrug Division, in his letter No. 150, dated 22nd April 1901, requested the Chief Engineer to permit him to make use of the stables attached to the travellers' bungalow at Chitaldrug as he was very badly in want of them, on condition of vacating them at a moment's notice when required by any traveller.

(2) The Chief Engineer, in reply, directed that he should apply to the Deputy Commissioner in charge of the building on the subject

(3) On receipt of the requisition from the Executive Engineer, on the subject, I requested him whether he would pay rent for use of stables at rates fixed. He, in reply, states that he has been paying full rent to the Overseer's lodge, which he has occupied, though there are no stables attached to it, and that therefore it may not appear fair if he is asked to pay rent for the stables in question in addition to the rent he pays for the quarters.

(4) I have, however, allowed the Executive Engineer to make use of the stables, as requested by him, and solicit that instructions may kindly be issued as to the recovery of rent or otherwise.

No. 11978-86—MIS. F. 15-96, DATED BANGALORE, 22ND JANUARY 1902.

ORDER THEREON.—There is no impediment to enforce the right principle, according to which the rent should be paid in accordance with the rules. A reference to Government on the subject was uncalled for.

Letter No. 744—708, dated the 25th April 1900, from the Deputy Commissioner, Chitaldrug District, reporting that the Plague Medical staff and Dispensary were located in the travellers' bungalow at Davangere from the beginning of September 1899 up to the end of February 1900, when plague was raging there, and requesting sanction to write off the accounts.

the fees that have to be paid by the Medical staff for the period they occupied the bungalow, and further recommending that the Municipal overseer and the clerk of the General Assistant Commissioner's office who were also allowed to live in a portion of the bungalow until separate sheds were run up, be called upon to pay the Regulation percentage on their pay instead of the full fees.

READ ALSO—

Letter No. 712, dated the 28th February 1901, from the Deputy Commissioner of Chitaldrug, stating, in reply to a communication from this office, that the officers and officials of the Medical staff drew Plague allowance, whereas the Municipal overseer and the clerk referred to in the first of the letters read above, were not given any allowance.

No. 11990-98—M. F. 15-98, DATED BANGALORE, 22ND JANUARY 1902.

ORDER THEREON.—Government are pleased to direct that Regulation percentage rent on their pay, may, as a special case, be levied from all the officials referred to in the correspondence cited above, and observe that such occupation of travellers' bungalows should not in future be permitted except with the previous sanction of Government. This order should be strictly enforced.

Annual Reports on the working of the Amrut Mahal Department for the years 1896-97 to 1900-01.

No. 12550—MIS. 1874, DATED BANGALORE, 29TH JANUARY 1902.

REVIEW THEREON.—*Period.*—This review deals with the working of the Department for five years from the 1st July 1896 to end of June 1901.

2. *Season.*—With the exception of 1897-98 and 1898-99 the season was very unfavorable and scarcity of grass and water in and about the kavals was greatly felt owing to the scanty fall of rain in these periods.

3. *Stock.*—The year 1896-97 opened with a stock of 8,941 and the calving during the period under review amounted to 7,034, of which there were 3,533 male and 3,501 female. There were 44 re-credits from various causes. Thus the total was 16,019, of which 5,864 died, 1,481 were sold and 335 written off the accounts, leaving on hand a balance of 8,339 head of cattle under all classes on the 30th June 1901.

4. *Breeding.*—The year most unfavorable for breeding was 1900-01, during which there were 740 calves, which result is ascribed to the longer stay of the herds in the jungles and an insufficient growth of grass in the kavals for want of sufficient and timely rain. There was some improvement in this respect in 1899-00 when 1,689 calves were registered, while during the remaining three years the breeding ranged between 1,526 and 1,546 head.

5. *Mortality.*—The mortality during 1899-00 and 1900-01 (1,711 and 1,471, respectively), was heavier than in the three preceding years. In the year 1897-98 the deaths were 779, while in 1898-99 and 1896-97 they ranged from 947 to 956. Of the 5,864 deaths recorded, 2,207 died from old age, 861 were killed by wild beasts, 418 from malignant catarrh, 413 during heavy rains, 227 of anthrax and 197 fell victims to rinderpest. It is satisfactory, however, to note that this last named disease did not prevail during the last two years. There was an abatement in anthrax in 1897-98, but it has risen from 61 to 91 since 1898-99. It is also noted that there were less casualties from foot and mouth disease.

6. *Sales.*—There were in all 1,238 sales which included 911 four-year-old steers purchased by the Commissariat Department, Madras Command. The short sales to the public is reported to be due to most unfavorable seasons commencing from 1893-94, when the country was threatened with famine and to the prevalence of plague for the past few years, which precluded people from investing money in live-stock. It is interesting to note that six three-year-old bulls were sold to the Honorable Evelyn Ellis in London for breeding purposes on Farm in Jamaica. It is gratifying to learn that Santhemarhalli (in the Mysore District and in close proximity to British Territories of Salem, Kollegal and other places), a noted weekly mart of good and different breeds and sizes, is said to be promising for the sale of Amrut Mahal cattle. The result of this measure should be more fully dealt with in the report for next year.

7. *Stray Cattle.*—Three hundred and three head of cattle that strayed away from the herds from time to time during many years were written off the accounts, as their whereabouts could not be traced. This practice, it is reported, was observed by the Madras Government when the establishment was under their management. The cause for straying is stated to be due to the attacks of tigers and panthers, which not only kill an animal now and then, but cause whole herds to stampede.

8. *Revenue.*—The revenue under all heads amounted to Rs. 86,969-5-9 including the arrears of Rs. 9,008-5-0 of 1895-96. Rupees 80,852-12-3 were collected and Rs. 2,574-8-1 remitted for various unavoidable reasons, leaving a balance of Rs. 3,542-1-5 yet to be recovered, towards which steps are being taken. Amount once included in the demand and reported on, should not be remitted without the special sanction of Government, and this course should be followed in future.

9. *Expenditure.*—The aggregate expenditure was Rs. 1,61,387-5-4 against the receipts of Rs. 83,426-11-5 showing a deficit of Rs. 77,960-9-11. This result is explained to be due (1) to there having been no demand for this breed of cattle owing to unfavorable seasons; (2) owing to a number of kavals having been reserved for cultivation and forest purposes—it had not been possible to have any surplus grass to let out on "terigo" tenure to villagers for grazing their private cattle; and (3) to the realizations from the sale of minor forest produce in kavals having been credited to the Forest Department instead of to the Amrut Mahal. For the last three years there has been a tendency to increase the expenditure, which should be checked as far as possible.

10. *Sheep.*—During the period under review 2,006 head of sheep and goats died, 710 were sold and 15 rams of the Australian and Cashmere breeds were distributed among the raiyats for breeding purposes, leaving on hand at the close of 1900-01, 1,964 head. It is reported that two rams of the Lincoln breed died of apoplexy. The result of the experiment for the introduction of these foreign breeds is not encouraging, but a further trial seems desirable.

11. *General Remark.*—It has to be observed that the usual annual muster of cattle between August and November or December, not far from the kavals where they are grazing, might, in a measure, be of great advantage and tend towards securing more calves and preventing heavy mortality. It is noticed that the experiment of breeding good milking cows from Aden and Australia and a cross from Burma Mythian bulls, could not be sufficiently tested owing to their death, apparently on account of climatic causes.

Correspondence ending with letter No. 3537 of the 27th December 1901, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, furnishing the additional information called for in regard to the marginally noted 5 Hospital Assistants whose promotion to the next higher clasess was recommended by the Senior Surgeon.

1. 2nd Class Hospital Assistant P. Venkatarangam Naidu.
2. Do V. Arivanandum Pille.
3. Do Edward Dhever.
4. 3rd Class Hospital Assistant B. Subba Rao.
5. Do D. B. Lakshmana Mudaliar.

No. 12557-8—Mis. 1884, DATED BANGALORE, 29TH JANUARY 1902.

ORDER THEREON.—The promotions of the first four Hospital Assistants named above to the next higher classes are sanctioned as recommended by the Senior Surgeon. A notification of the promotions thus sanctioned will be issued in the *Mysore Gazette.*

2. As regards 3rd Class Hospital Assistant D. B. Lakshmana Mudaliar, the punishment awarded for his having copied the answer papers of another candidate at the examination, is inadequate. Government consider that his promotion should be withheld for at least one year.

JUDICIAL

Proceedings of the Government of Mysore,

READ—

Letter No. 148, dated the 27th November 1901, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

In December 1900 and in January and February 1901, several dacoities were committed in the Kolar, Bangalore and Tumkur Districts, by a gang of persons of the Kadiri Taluk of the Cuddapah District of the Madras Presidency.

(2) A few of the dacoits were arrested in the Kolar District, and the Government were, in Order No. 3383-84—J. 259, of the 24th August 1901, pleased to sanction rewards to those that had aided in the matter.

(3) By the sustained energy of Mr. L. Krishna Rao, Assistant Superintendent of Police of the Tumkur District, who deserves the special thanks of Government, many more were arrested and brought to justice. The enclosed letter No. 1 of the 21st November 1901, from the Deputy Commissioner of Tumkur and the Memo of Mr. L. Krishna Rao, which is one of its enclosures, will show the trouble taken by the Police in bringing about this result.

(4) I beg that the sanction of Government may be kindly obtained to the rewards, etc., therein proposed. They amount to about Rs. 200.

(5) I have written to the Inspector General of Police in Madras to thank his Superintendents that helped us in this connection, and asked his permission to reward his subordinate Police for their willing co-operation.

(ENCLOSURES).

Letter No. 1, dated the 21st November 1901, from the Deputy Commissioner, Tumkur District, to the Inspector General of Police in Mysore.

I have the honor to submit herewith a memo drawn up by the Assistant Superintendent of Police, Mr. L. Krishna Rao, on the measures taken in connection with the prevention and detection of the dacoities reported in the borders of Tumkur, Kolar and Bangalore Districts, during the months of December 1900, January and February 1901.

2. The recent Proceedings of Government No. 3383-84—J. 259, dated the 24th August 1901, recognises the services of the villagers of Somasettihalli in capturing 3 of the dacoits brought to trial along with the 15 persons brought under extradition warrant from Kadiri.

3. I have watched the course of the investigation and the trials in these cases with great interest since assuming charge of the District in April 1901, and I cordially endorse the good opinions expressed by the Assistant Superintendent of Police in regard to the work done by the several officers concerned.

4. The Assistant Superintendent's report was delayed till the disposal of the appeals by the Chief Court and with a view to embody in it the result of the enquiry into the past history of the gangs concerned accompanied by such practical suggestions as could be based on it, in regard to the treatment of the criminal gangs in future.

5. But as this matter has to be dealt with in detail and cannot be done in haste, it has been reserved for a separate report, which will be submitted in due course of time.

6. Meantime, I send the memo submitted by the Assistant Superintendent of Police.

7. I think that while recording with due appreciation the good work done by the local officers in the repression and detection of these dacoities, it must not be forgotten that the successful arrests made in Kadiri Taluk were due to the praiseworthy exertions of Inspector C. Rama Rao of Kadiri. The willing help rendered by Inspector V. Ramachandra Naidu of Hindupur also deserves special mention.

8. I enclose for your information copies of letters No. 1728 and No. 1518, dated 3rd and 24th October 1901, from the Superintendents of Police, Cuddapah and Anantapur, enquiring in what manner it is proposed to recognise the good services of the British Police Officers in connection with these dacoities.

9. Mr. L. Krishna Rao, Assistant Superintendent of Police, has borne testimony not only to the sympathetic interest taken by the Superintendents of Police, Cuddapah and Anantapur Districts, in bringing the culprits to justice but also to the individual exertions put forth, by the several officers deputed by them to aid him in the detection of these cases.

1. Mr. F. A. Dene, District Supt. of Police, Anantapur.
2. Mr. P. S. Srinivasacharlu ditto Cuddapah.
3. Mr. F. A. Johnston, Assist. Supt. of Police, Madanapalli.

10. I am of opinion that special acknowledgments of the Government of Mysore are due to the marginally noted officers.

11. In the case of the other officers and informers the rewards proposed in the accompanying roll may be kindly sanctioned by way of encouragement and recognition.

Memo by Mr. L. Krishna Rao, Assistant Superintendent of Police.

During the months of December 1900 and January and February 1901, a number of dacoities occurred on the borders of Kolar, Bangalore and Tumkur Districts.

2. These occurrences may be divided into two groups according to the areas affected, *viz* :—

(*a*) Goribidnur-Maddagiri.
(*b*) Magadi-Kunigal.

3. The Goribidnur-Maddagiri group comprises two distinct series of occurrences. The first of these commenced on the 17th December 1900 near Jakkalamadagu in Chikballapur Taluk and closed on the 22nd idem with a dacoity committed on certain foot passengers near Halladabhavi Dinne (Hoskote) in the Goribidnur Taluk. The second series broke out on the 26th January 1901 near the boundary stone between Goribidnur Taluk and Koratagere Sub-Taluk. It embraced a wider range, extending over the jungle tracts of Goribidnur, Maddagiri and Koratagere and terminating with the occurrence on the 9th February 1901 near Sulikere tank in Koratagere Sub-Taluk.

4. The Magadi-Kunigal group consists of five cases that occurred between the 20th and 28th January 1901 in the borders of Magadi, Kunigal and Closepet Taluks.

5. The particulars of the several cases are given in the statement appended and for convenience of reference a sketch plan showing the places of occurrences is also attached.

6. It may be stated here by way of preface that these dacoities were, except in a single instance, committed in broad day-light on helpless and unsuspecting passengers travelling on business in jungle tracts, and that both from the methods adopted by the culprits in robbing the victims, and from the accounts given by the latter of the speech and behaviour of their assailants, it was from the beginning suspected that an organized band of robbers was concerned.

7. After taking over charge of the District Police on the 26th December 1900, I came to know that the several dacoities had occurred within the limits of Goribidnur Taluk and that the Deputy Commissioner, Mr. M. Narain Rao, had gone to the borders of Koratagere Sub-Taluk to concert measures for preventing a possible outbreak of crime in the adjoining parts of this district, as Mr. Hamza Husain (the Superintendent of Police) was waiting to be relieved by me.

8. I left Tumkur on the 28th December and joined the Deputy Commissioner's camp at Bomladevipura the next day. On the day following, I visited Saggere, Akkajihalli ukkad and the scenes of recent occurrences in the neighbourhood; and in consultation with the Deputy Commissioner took immediate steps to check further occurrences in that direction. The outpost at Akkajihalli and the stations and ukkads along Dodballapur-Maddagiri road were strengthened. Special patrols were organized for guarding the high roads and the jungle tracts with the co-operation of the villagers. The local shikaries were employed to scour the jungles in search of stray gangs lurking thereabouts, while the regular and the village Police were required to keep a vigilant watch over the movements of gangs in their respective limits.

9. On the morning of the 31st December 1900, I met Mr. C. Narain Rao, Assistant Superintendent of Police, Kolar, at the borders and arranged with him for the adoption of reciprocal measures in the Kolar District.

10. About this time the jatra at Subrayan Ghat in Dodballapur Taluk had commenced and there was every likelihood of a fresh outbreak of crime on the villagers going to or returning from the jatra. But the preventive arrangements proved efficient in so far as they stopped for a time further occurrences in that direction.

11. I travelled with the Deputy Commissioner in Maddagiri and Pavagada Taluks and in Koratagere Sub-Taluk till the 10th January 1901, employing a greater portion of my spare time in studying the movements of criminal gangs and tracing their antecedents and whereabouts. I experienced no small difficulty in obtaining full information on the subject owing partly to the incompleteness and unsatisfactory character of the entries in the Gang Registers and partly to the temporary dislocation of work caused by certain changes among the Inspectors.

12. While I was engaged in the inspection of Gang Registers, etc., at Kunigal on the 23rd January 1901, news came from Huliyurdurga that after committing a dacoity or rather a series of dacoities on several persons on a single day in Makali jungle, (Closepet range) a band of dacoits had succeeded in robbing, on the evening of the 22nd January, near Hanganahalli, a party of goldsmiths returning from Ujjani to Halegur, a hamlet of Huliyurdurga.

13. I took the permission of the Deputy Commissioner (who was also with me at the time) and left Kunigal during the night, arriving at the scene of occurrence before 8 A. M. on the 24th January 1901. The whole of this day and till late in the night, the search parties headed by local shikaries and Police Officers scoured the jungle tracts of Ippadi, Nidasale, Makli and Chakrabhavi. No trace of the dacoits was discovered although the search was diligently pursued the next day as well as the day following under careful supervision.

14. The preventive and precautionary arrangements made in this direction were similar to those adopted in the borders of Goribidnur and Koratagere. They had the desired effect of

driving the culprits from their forest retreats and compelling them to retire from the field This was, however, not before the dacoits had made two or three revengeful and unprofitable attempts in the Magadi Taluk.

15. There is reason to suspect from what has subsequently come to light that this gang after the last occurrence in the Magadi Taluk on the 28th January 1901 doubled the route and proceeded towards the Sithkul and Sivaganga along Devarayadurga-Urdagere road committing a dacoity on certain foot-passengers not far from Belgumba in the Tumkur Taluk on the evening of the 30th January 1901. More details about this gang will be given in its appropriate place.

16. Meanwhile, the band of marauders that had, as the event proved, only temporarily abandoned their operations in the direction of Goribidnur, Maddagiri and Koratagere, re-appeared on the field, as the special preventive measures were slackened and the attention and activity of the Police were somewhat disengaged from that task by the outbreak of crime in another direction.

17. Thus the second outbreak commenced with a dacoity committed on a party of villagers travelling from Kadalveni in Goribidnur Taluk to Maddagiri on the afternoon of the 26th January 1901, near the boundary stone between Goribidnur and Koratagere Taluks. The culprits numbered about 15 and the property lost in this case was of the small value of Rs. 15 or Rs. 20 and consisted of some old clothes. These were subsequently discovered in the jungle close by as they had been presumably left behind by the dacoits either through fear of detection or with a view to put the Police on the wrong scent as to the direction of their movements. That the latter was more probably intended is clear from a similar occurrence that took place the same evening in another direction not far from the scene of the first near Kurudi, within the limits of the Goribidnur Taluk. In this case a party of Lingayats was attacked by a band of about 12 dacoits at a place called Attimaradahalla and robbed of clothes and jewels to the aggregate value of about Rs. 103. After an interval of two days, during which the dacoits had taken cover in the jungles, apparently with a view to elude the most vigilant search that was undertaken by the Police as well as the villagers under the personal direction and supervision of Mr. C. Narain Rao, Assistant Superintendent of Police, Kolar District, and myself, the dacoits appeared to have crossed into the Maddagiri Forest.

18. Preventive operations on an extended scale now became necessary as about this time a big jatra was taking place in Kyamenhalli (Koratagere Sub-Taluk) and another was shortly commencing at Sibi attracting villagers from all parts. So, after sending out search and detective parties in several directions, Mr. C. Narain Rao and I met on the morning of the 29th January 1901 at the borders and planned out the line of action, preventive as well as detective, so as to ensure reciprocity and continuity of action in the two districts affected. Having sent out Inspector Chella Venkataramana Naidu of Goribidnur Taluk in charge of a search party towards Kurudi and Kasapura, we undertook upon ourselves the task of prosecuting the search and collecting clues along the borders of the Hindupur Taluk, as it was suspected that the gangs concerned had come from that direction. But as crime had to be repressed and the culprits driven out of the field before any move towards detection could be effectively made, we concentrated our attention on the work of the moment, detailing, however, two of the Police officers possessing detective capabilities to work out clues in the direction of Hindupur.

19. The vast jungle tract stretching over a large area north and south and embraced by Bangalore-Hindupur Railway line on one side and the Huliyar-Amrapur road on the other, is traversed by low ranges of hills, streams and rivulets that are easily fordable during the dry months of the year. The natural facilities thus afforded to the dacoits to elude pursuit or detection were largely supplemented by the opportunities they had of making successful attacks on unwary passengers travelling by numerous foot-paths and jungle-tracks leading to the jatra centres.

20. With the limited number of disciplined Policemen at our disposal, any preventive undertaking was destined to fail without the active co-operation of the villagers. The Special and District Reserve Forces were largely employed to patrol high roads and to guard the weak points around the centres of the jatras. The members of the Local Police Force, especially those who possessed intimate knowledge of the local conditions, were employed in small parties to work with the villagers in beating jungle tracks, etc. Licensed shikaries and others in possession of fire-arms were encouraged by small allowances to visit the forest recesses and other places of hiding in search of the culprits. The supervision over the working of these varied arrangements was entrusted to Inspectors, Jamadars and Dafadars of tried ability and character. In order to place these arrangements in proper working order, we visited Dodmalur, Kodigenhalli and several other villages, encouraging and instructing village headmen and raiyats to put forth their best efforts not only in preventing further occurrences, but also in capturing the dacoits. Notwithstanding the care and vigilance exercised by the several officers and men thus employed, the dacoits continued safe in their favourite haunts for over a week before they could be made to quit them.

21. During this short period several guileless passengers, who either fell into their hands by chance or were gulled into places of vantage by them, were robbed of what they possessed at points least likely to tempt the dacoits.

22. When Mr. C. Narain Rao, Assistant Superintendent of Police, and I arrived in Maddagiri late in the evening on the 29th January 1901, we came to know that two parties, one going towards Thovinkere from Dabbegatta and the other from Niglal to Maddagiri had been attacked and robbed in succession at two different points within an interval of two hours in the Maddagiri forest. Among the party last attacked at short intervals of space and time, was a forest watcher named Kama, who was rather severely dealt with on account of his impudent conduc ttowards his assailants.

23. Amildar Mr. Subrayalu Naidu and Inspector Venkatavaradachar, who were supervising the work of the special patrol parties in the neighbourhood at the time, came to know of these occurrences only on their return to Maddagiri in the evening. It should be remembered that early morning they had received a report from the patel of Kammankote that two or three suspicious looking persons had waylaid a forest watcher Narasoji and a talawar during their jungle patrol the previous evening and that they had started on a special search in the jungle. During this search the same forenoon they had come upon a gang of Korachars belonging to the Cuddapah District who had been staying in Kammankote for the past six months on pretext of cutting bamboos and making baskets for sale under cover of a license granted to them by the Forest Department. They were hitherto looked upon as men of good character, pursuing honest and peaceful occupation. Thus neither the villagers, nor the Police, had ever cast a suspicious eye on them. Nor did Inspector Venkatavaradachar who had just taken over charge of the Taluk Police look upon them with a more discerning eye. Strangely enough the Amildar and the Inspector hit upon the doubtful expediency of employing them as guides in instituting a close search in the unfrequented parts of the forest. The Korachars too seemed willing to accept the service as a mark of special honor bestowed on them. Accordingly little suspecting what game they were up to, the Inspector and the Amildar plunged into the thicket and tired themselves out by long meandering marches through hill and dale from morning till long after mid-day in pursuing a vain search in the direction in which they were led by the Korachars. These Korachars, subsequent discoveries have shown, were the least fitted to serve as faithful guides of the Police. It was how the dacoits ha d all this while the field open to them to carry out their designs unmolested in another part of the forest.

24. When the news regarding these occurrences reached the patel of Neglal and the dafadar of Thovinkere (Ramasamiengar) in the afternoon, they were just having a spell of rest after a toilsome search in the forest the whole of that morning. They, however, braced themselves up to respond to this sudden call of duty and, collecting as fast as they could a few of the local shikaries and villagers, proceeded to the scenes of that day's occurrences. On the way, dafadar Bomma Naik, of Maddagiri, joined the search party with the Korachar guides left behind by the Amildar and the Inspector. Thus the whole party gave pursuit to the dacoits before they had gained a couple of hours' start. The search was continued throughout the rest of the day. Towards nightfall, the pursuers came within range of the sight of the dacoits, as the latter were going up a steep ascent near Kammankote; but the treacherous "guides" having yelled out "Donga, Donga," the dacoits took the signal and soon disappeared in the shades of night. At this point, further pursuit in the trackless jungle becoming impossible, the party returned to the village in despair.

25. It is appropriate to mention, in connection with this part of the episode, that when the search was earnestly resumed by the Police Officer and the villagers early next morning under my instructions after the matter came to my notice on my arrival the same night, clear traces were discovered near the place where they had been sighted by the search party the previous evening. Among the articles there discovered were:—a few newly cut bamboo sticks, a pair of old sandals, a quantity of rice, ghee, and sugar-candy (the last article forming part of the booty obtained by the robbery committed the previous day on a party of Vaisyas going from Dabbegatta to Thovinkere to attend a marriage that was about to take place there). But as might be expected, no further trace of the dacoits was discovered. Had the Amildar and the Police Officers employed on this special work, been shrewd enough to detect earlier the true character of the Korachars, they would not only have not employed them as their "guides" but would also have taken prompt steps to remove them from their stronghold near Kammankote. The quietness restored in this neighbourhood by taking this measure after the 30th January 1901 leads me to conjecture that an earlier move in that direction would have averted at least the occurrences of the 29th and 30th January 1901. This belief is confirmed by facts subsequently ascertained from Earanna, who was the first to be attacked by the dacoits on the 29th January 1901 near Anapalu. Earanna had been roughly handled and the Police were not able to record his statement in detail till the 5th February 1901. In his statement before the jamadar of Koratagere, he distinctly stated as follows:—

"I had been to Maripalya near Neglal last Saturday. On Tuesday noon I joined Govindappa, Kavelamma and others going from Neglal to Maddagiri. I was going in advance of the party. At the foot of the hill known as "Dodnirumulagu" near the waste weir of the Hosakere tank, I observed 3 or 4 persons moving to the left of me. Taking them for some persons working under the Forest Department, I called out the Forest watcher by name "Vobaya" as I personally knew him. They said that Vobaya had gone home for breakfast, that they were

'Dabhi Korachars' cutting bamboos in the forest and that we might proceed. We had gone a short distance when 10 or 12 dacoits came from a hollow to our left and surrounded us. I was beaten severely by the dacoits and robbed of my clothes, etc."

* * * *

"The dacoits looked like Korachars or Waddars and I can identify them by sight."

* * * *

26. After a continuous night march, Mr. Narain Rao and I separated at Baichapur on the morning of the 30th January 1901, with a view to make sustained efforts towards driving the enemies out of the field. Now the situation was becoming rather serious owing to the sense of insecurity that began to prevail by the alarming rumours set afloat by idle news-mongers as the village gossip passed from mouth to mouth. This situation was somewhat intensified by the veneer of truth with which the rumours so started were invested when complaints from a timid Police Constable of the Gows Sabi Ukkad and a chicken-hearted mail carrier were added to the list of occurrences already reported.

27. Gows Sabi Ukkad and Dasarahalli Ukkad are situated within two miles of each other in the midst of a thick jungle along the road passing from Maddagiri to Koratagere. Both the ukkads were specially opened more than 20 years ago during a similar outbreak of violent crime. The former is said to have derived its name from an Amildar of that name who established it on the occurrence of a dacoity in which one of the victims is supposed to have been murdered and hung up to the tree on the spot by the dacoits. This might have been in one of those raids that used to be of frequent occurrence more than two decades ago, of which however there is no record. The place is believed to be haunted and very few policemen have the nerve to work in that ukkad, especially with the memory still fresh of another constable having been severely handled and robbed of his fire-arms at the same spot during the dacoities of 1880-81.

28. With this spectre before them, it is not at all strange that both these functionaries in their complaints attributed to fanciful beings acts of violence of purely imaginary character. But these victims of delusion were soon brought to their sense by their removal from the positions held by them as soon as the enquiry disclosed that their complaints were unfounded.

29. In the course of the next three days, Mr. Narain Rao and I were able to visit a number of villages in the affected tracts of Goribidnur, Koratagere and Maddagiri Taluks and to make arrangements for a more systematic patrol along the lines suggested by past experience and calculated to lessen the chances of a fresh outbreak of crime during the continuance of the jatras at Kyamenhalli and Sibi. We met again at Maddagiri on the 1st February and travelled together that night inspecting the work of the special patrol parties and the ukkad staff along the road from Maddagiri to Koratagere. From here we parted on the morning of the 2nd February 1901, to attend to the completion of our arrangements so as to prevent the dacoits from escaping into the farther reaches of the jungle.

30. By this time two incidents of small moment had occurred to turn my attention temporarily in other directions:—(*a*) The first of these is the suspicious appearance of an ex-convict named Venkatiga near Dasarahalli Ukkad on the 31st January 1901, a constable of Dasarahalli Ukkad named Dastagir Sab caught him going towards the jungle track leading to Maddagiri Forest, as his demeanour and attire were suspicious. He had about his person only a small quantity of salt and chillies, tied up in his upper garment. The questions put to him as to his antecedents and whereabouts not having elicited satisfactory answers, the constable took him to Maddagiri and produced him before the Inspector. It was ascertained from him that he belonged to a gang of Waddars convicted of rioting and theft for having looted the grain bazaar at Marikanave in 1899-00, and that he was returning after undergoing incarceration in the Central Jail, to join his gang near Pilgundu and Byadagere within the limits of the Madaksira Taluk. He mentioned the names of his associates who had been released from the Jail along with him and stated that they had designed to meet near Maddagiri in quest of some "game" before going back to their homes. He afterwards added that all his associates had dispersed in different directions after they found the field already occupied by others and the Police and villagers actively engaged in hunting after them. I placed myself in communication with the Assistant Superintendent of Police, Chitaldrug, and the Superintendent, Central Jail, with a view to obtain full particulars regarding the numbers of the Marikanave gang. Meanwhile encouragements were held out to Venkatigadu to stay at Maddagiri and to aid the Police in collecting further information about the movements of his friends. (*b*) The second incident is the occurrence of a dacoity near Devarayadrug in Tumkur Taluk, almost simultaneously with another that took place near Kanave Rangasami Temple (in Maddagiri Taluk) on the evening of the 30th January 1901, that is, before the Korachar gang was removed from Kammankote to Maddagiri. This clearly showed that detached parties were at work in two different directions. The apparent quiet that prevailed in the direction of Maddagiri and Goribidnur after the occurrence of the 30th January, especially in the absence of further news as to the possible developments in the direction of Devarayadrug, led me to apprehend the likelihood of both the parties converging to a new centre of operations during the impending jatra at Sibi.

31. With a view, therefore, not only to confine the operations of the dacoits to as narrow a sphere as possible but also to check the movements of the two bands of dacoits towards a common centre, it became necessary to strengthen the ukkads and outposts and to organize

datrol and search parties in other likely directions. Partly by re-adjustment of the strength of the less important outposts and ukkads and partly by pressing into the service a few men of the District and Special Reserve Forces, I was able to place patrol parties of local shikars and villagers under skilled and disciplined supervision. The Special Reserve Inspector Khan Ahmed with about 12 of his men and Inspector Venkatvaradachar with about the same number of men drawn from sub-stations and the District Reserve were detailed to work with special patrol parties of villagers, dividing the whole range of Maddagiri and Goribidnur Forest between them. Jamadar Fida Husein and dafadars Lakkappa, Venugopal Mudaliar, Srinivasa Rao and Yellaraju—all men of experience and training were detailed to work with detached parties towards Urdagere and Nagenhalli. The District Reserve Jamadar with 16 men drawn from the several taluks for special jatra duty was posted at Sibi with special directions to supervise the working of village patrol parties in the jungles between Edagathi kanave and Jogihalli kanave station. The Head-quarter Inspector Mr. Simon Reuben with a few trustworthy men under him was employed to supervise the working of the various parties by making frequent tours in these parts. The Forest and Excise Departments rendered most willing assistance to the Police under the orders of the Deputy Commissioner and in fact every available hand in the several Departments under Amildars was pressed into special patrol service on this occasion. Amildar Mr. Mahomed Raza of Tumkur, Mr. T. Venkataramaiya of Sira, Mr. P. Subrayalu Naidu of Maddagiri and Deputy Amildar Venkatesaiya of Koratagere worked with indefatigable energy and perseverance in their respective charges, often devoting from 12 to 16 hours a day solely to their Police duties. This they were enabled and encouraged to do by the example set by the Deputy Commissioner and the Divisional Officers alike in this direction. Thus with the help of the several officers so earnestly working, the task of spreading over a wide area a net work of village patrol agency under the guidance of village and Regular Police Officers was rendered exceedingly easy. Before the end of the first week in February 1901, the arrangements had got into working order and I was able during the same period to study the geography of the country and to acquaint myself with the movemets of criminal gangs by visiting Bellavi, Sibi, Jogihalli, Kallambellu, Sira, Bukkapatna, Belluru-Borankanave, Huliyar, Kudrekanave and other places.

32. I met Mr. Nagar Subba Rao, Assistant Superintendent of Police, and Mr. M. S. Narain Rao, Deputy Commissioner of Chitaldrug, at Kudrekanave, whon they accompanied the 1st Councillor (P. N. Krishna Murti, Esq., C.I.E., now Dewan of Mysore) from Hiriyur to Huliyar and ascertained from them some information concerning the movements of the Marikanave gang.

33. At Huliyar I came across Korachars Malla and Hanumantha, the former of whom had got a reward for having given me a clue to the detection of Kadur-Shimoga Dacoities in 1896-97. Both of them who were then residing in Yedahalli had since come to live with their relatives in Heggere within the limits of Budihalli station. I employed Malla on detective work with the approval of the Deputy Commissioner. He was to go towards Madaksira, Penukonda and Hindupur to trace out the whereabouts of the gangs concerned, in the event of their failing to obtain a clue at Marikanave.

34. Information regarding the clues obtained in Hindupur, Dharmavaram and Kadari Taluks was also received here from Sheik Ahmed, dafadar of Kodigenhalli station of the Maddagiri Taluk. This man as already stated in para 18 had been detailed on detective duty. His information was to the effect that a notorious gang of dacoits—of whom six were said to be taking their trial at the Bellary Sessions on a charge of dacoity—had escaped into the Mysore territory owing to measures adopted by the Hindupur Police to bind over a number of them for good behaviour and that the female members of the gangs concerned were under Police surveillance within the limits of Palsamudra station in Hindupur Taluk.

35. Dafadar Rusul Khan of Bachenhatti station who had been employed on detective duty in connection with Magadi-Closepet dacoities by Mr. C. Haudin, Superintendent of Police, Bangalore, opportunely met me here. I associated him with senior dafadar Wahab Khan of Huliyar and sent both of them towards Hindupur, where with the help of the patel of Chowlur (a brother of Wahab Khan) they were expected to work upon the clues furnished by dafadar Sheik Ahmed.

36. When the Deputy Commissioner and I returned to Head-quarters on the 10th February 1901, reports had arrived of two more occurrences. In one case reported on the 6th February 1901, a shepherd boy named Ranga, while grazing his goats and sheep in Kalinganahalli jungle near Hagalvadi, was robbed of a goat and some clothes, etc., in all worth Rs. 10. In the other case a Dombar named Kariya was robbed of sundry articles of wearing apparel and provisions in the Sibi jungles on the 8th February 1901.

37. These occurrences were important inasmuch as they indicated the probable direction in which the dacoit gang was moving. Arrangements were properly made in communication with the Amildar of Maddagiri and the Deputy Amildar of Koratagere to intercept its movements and to deal if possible an effective blow on the marauders so as to prevent them during their forced retreat from attempting any desperate acts on such hapless victims as might fall in their way. Jamadar Y. Subba Rao and dafadar Srinivasa Rao, both possessing some knowledge of the criminal gangs were specially deputed to trace the gangs concerned from the direction of Madaksira, in addition to the officers already told off for detective duty towards Hindupur.

38. About the same time a D. O. communication of the Inspector General of Police dated the 4th February 1901, was received containing full instructions already in a large measure anticipated by our arrangements. The letter specially refers to the occurrences of the 29th and 30th January 1901, reported from the Koratagere Sub-Taluk and the Tumkur Taluk.

39. I am tempted to quote it here as an authoritative guide in such matters :—

"I was distressed to receive two F. I. reports of dacoities on the 29th and 30th instant in Koratagere and Tumkur Taluks. The latter is very unimportant and, though foreign Waddars and Korchars may be concerned, they are probably men living not far from the scene. It does not seem likely that a strange gang staying concealed in the jungles would have come out into the open and that so near a village so early in the evening. The other case is really more serious and is perhaps connected with the series on the frontiers of Maddagiri and Goribidnur. From the topo sheet the place between Dobbspett and Thovinkere indicated in the F. I. report cannot be very far from the *Bellary frontier and, as the neighbourhood is hilly, large gangs may easily keep in hiding. Every endeavour should be made not to permit the history of Shimoga dacoities repeating itself. It is no use to beat the jungles soon after the occurrence of a dacoity; all the villagers near the haunt of the dacoits should be warned to scour each its own village limits including jungles under the guidance of the patel. The roads should be patrolled by Police men armed with guns. The men should be able to use the guns. If necessary, the Special Reserve men may be set in 3 or 4 batches to be posted at Koratagere, Maddagiri and Urdagere, etc. They should patrol roads and jungle paths in the neighbourhood, two at a time. Shikars in the villages, if available, may be pressed into the service also, in which case one Special Reserve Policeman and one shikar may do the patrol. In this way you can increase patrol parties. The patels should send reports through chakras of any strangers seen in their villages, jungles, etc., or traces of cooking to the nearest Police station. If you do all this and spread a rumour that people are at liberty when attacked by dacoits to defend themselves with fire-arms, if necessary, the gangs will disappear.

*Now Anantapur District.

"I am afraid that some dacoit leaders in our own district have forgotten past lessons and are probably trying to organize robberies and dacoits. Please collect information and let me know if you want any Inspectors with experience of the district."

* * * *

40. A copy of this was sent to Mr. Narain Rao, Assistant Superintendent of Police of Kolar, at the same time as instructions were conveyed by means of "Police express" to all the stations, out-posts and ukads in the Tumkur District.

41. How readily Mr. Narain Rao acted on the foregoing instructions may be seen from the following extract of his D. O. letter dated the 12th February 1901, Bangalore :—

"I received your D. O. of the 7th instant and thank you very much for the enclosed copy of D. O. letter of the Inspector General so kindly sent by you for my information. We could clearly see how anxious the Inspector General is and must exert our utmost towards the detection of the dacoities on hand and the prevention of any more. As regards the recent Goribidnur dacoity I have already deputed two batches of men to work in co-operation with the Police of your district and hope to get some clue. I shall duly keep you informed of the progress made by our men as desired."

* * * *

42. The Deputy Commissioner and I then arranged to make a move towards Koratagere and Maddagiri with a view to see to the proper working of the foregoing arrangements. We started on the morning of the 13th and arrived in Koratagere before noon. Here we assured ourselves by personal enquiries and inspection that the instructions were being carried out not only in the limits of the Koratagere Sub-Taluk but also in those of the Goribidnur Taluk. Leaving Koratagere the same afternoon we proceeded to Maddagiri, inspecting the ukkads and outposts on the way. On arrival at Maddagiri, a belated report was received regarding an occurrence that had taken place on the 9th February near Sulekere tank in Maddagiri Forest on a solitary villager named Erakyathappa. He was going back from Marinaikanhalli to Ajjenhalli with a quantity of ghee in a brass pot or "thappale" when he was robbed of the same. The complaint of this occurrence reached the Police two days after the occurrence.

43. Another report, dated 10th February, received from Subboji Rao, the dafadar of Kodagadhal Station, showed that the dacoits had escaped into the Goribidnur jungles after the last named occurrence. This information was communicated to him at noon on the 10th February 1901 by one Lal Ahmed Sab of Maddagiri, who stated that he had met two raiyats of Chelur from whom he ascertained that they had been beaten and robbed of a "chamba" and some clothes in the jungle track between Hosur Station and Sonaganahalli that morning. On receipt of this information the dafadar left the station with a party of villagers and instituted a close search all round Arsapura, communicating intelligence at the same time to the Police of Hosur Station. No trace either of the dacoits or of the complainants was discovered, although persistent efforts were made both by the Police and the villagers.

44. Meanwhile, further reports were received regarding the clues collected by dafadar Sheik Ahmed between the 4th and 7th February 1901 from different sources at Hindupur, Dharmavaram, Kadiri, Mahomedabad, Kondakmerlu, Palsamudra, etc. These reports confirmed the information noted in para 34. As I propose to deal in sufficient detail with the particulars embodied in these reports when I come to dwell upon the character and antecedents of the gangs concerned, I need only mention here that dafadar Sheik Ahmed and other detectives were instructed to keep a watchful eye over the suspected Korchar encampments till the proper time arrived for action. The culprits were still in the field and any hasty action under the circumstances was calculated to scare away the dacoits and to render detection extremely difficult.

45. While these measures were still in progress, reports from the dafadars of Saggere and Holavanahalli reached Maddagiri of an engagement between the dacoits and the villagers of Somesettihalli, which seemed to give a decisive turn to the course of events and to dispel all doubts as to the real gangs concerned. We may here once for all dismiss from consideration the side lights thrown by the enquiry continued at some length on Venkatigadu's information as to the abortive designs of the members of the Marikanave gang after their release from Central Jail to commit crimes in the neighbourhood of Maddagiri.

46. Somasettihalli is a village attached to Goribidnur Taluk. It is nearly a mile from the Police Ukkad at Akkajihalli in Koratagere Sub-Taluk and about three miles from the nearest Police Station of the Goribidnur Taluk at Hosur. After the dacoits were seen by certain Chelur raiyats between Hosur and Sonaganahalli in the Goribidnur jungle on the 10th February 1901 as per information given by Lal Ahmed, the Police and the villagers in that direction became specially active. The search was continued in vain for two days, but on the 3rd day the presence of a suspected gang of dacoits armed with hatchets, clubs, etc., was secretly noticed by one Angajala Narasimha in a thicket near Somasettihalli, whither he had been in search of rabbits. On the information given by him, the villagers assembled, and, taking such arms as they could lay hold of, went and surrounded the place where the dacoits were in hiding. The dacoits having offered a desperate resistance, one of the villagers named Kada fired at them, wounding one of them named Ganga in the shoulder. This man and two others named Ganga and Yelliga, with such articles as were found on their persons, were seized by the villagers and taken to the chavadi at Somasettihalli, while the rest of the culprits eluded pursuit. Police constable Bhima No. 466 of Akkajihalli Ukkad who was engaged in beating the jungles close by, met the villagers on their way to the village, being joined by the senior constable (Kamaiya No. 567) of the ukkad later on. Both of them remained on duty at the village till the arrival of their superiors.

47. Immediately on receipt of the information concerning this incident, Inspector Venkatavaradachar was despatched from Maddagiri to Somasettihalli with instructions to take needful steps pending the arrival of a competent officer from Goribidnur, as it was understood that both Mr. C. Narain Rao (Assistant Superintendent of Police, Kolar) and Chella Venkataramana Naidu (Inspector of Goribidnur) were engaged at the time with a murder case at the Sessions Court in Bangalore. As the Amildar of Goribidnur arrived, however, in due time and took charge of the investigation, the Inspector returned to Maddagiri on the 15th February, ascertaining such particulars as he could get from the captured dacoits regarding their antecedents and the whereabouts of their associates. But much of the information given by them at this stage was calculated to mislead the Police, as several of the names of their associates mentioned by them were of persons undergoing trial before the Penukonda Magistrate for good behaviour. Among the articles found in their possession, however, was the "thappale" (ghee-pot) which had been robbed from Erakyathappa on the 9th February 1901 near Sulikere tank in the Maddagiri Forest. There were others also furnishing material proof of their complicity in the occurrences of the Goribidnur Taluk.

48. It is gratifying to note that considering the opportunities the dacoits had, they refrained from inflicting in any case needless harm on their victims. There are indications, however, in the statement of Erakyathappa who was robbed of his ghee-pot near Sulikere tank on the 9th February 1901, that the dacoits intended from the drift of their conversation with him to extend their operations towards Sibi and Hagalvadi. But Inspector Srinivasaiengar of Gubbi was prepared to meet them on Hagalvadi side, while the activities of Inspector Rama Rao and Special Reserve Inspector Khan Ahmed were not less efficacious in the jungles around Sibi and Thovinkere. In the Maddagiri Forest search parties were constantly at work. Thus with so little prospect before them of any further venture being successfully made that side, especially after the removal of a friendly gang from Kammankote, the dacoits escaped into the Goribidnur jungle, where they were destined to meet with a severe reverse as above described.

49. After the capture of the three dacoits on the 13th February 1901 at Somasettihalli, the dacoities ceased and the remnants dispersed in confusion. Too much praise cannot be bestowed on the courage and pluck displayed by the villagers of Somasettihalli in connection with this undertaking.

50. During all this time jamadar Subba Rao, dafadars Srinivasa Rao, Venugopal Mudaliar and Lakkappa, who had been detailed on detective duty, did not remain inactive. They travelled through Bagepalli, Mittemari, Kodikonda, Palsamudra and Hindupur, and not only

collected information about the gangs concerned but also exchanged information with detectives Sheik Ahmed, Russul Khan and Wahab Khan, who were watching in disguise Korchar encampments near Vadigehalli, Mittemari, in hopes of catching the dacoits with property, when they should return to their camps.

51. The Deputy Commissioner and I satisfied ourselves by personal inspection as to the efficacy of the several patrol parties at work in the forest between Maddagiri and Sibi and that further danger did not exist. I left the Deputy Commissioner at Sibi and proceeded to Baichapur with a view to meet Mr. C. Narain Rao, Assistant Superintendent of Police, Kolar, as prearranged and to work up the cases on the available clues.

52. Informant Korachar Malla brought information in the meantime that the dacoits belonged to Kadari Taluk and that Mallisunka and his brother-in-law Hanigani Rama *alias* Naga, both of whom had been convicted in Kadur-Shimoga dacoities of 1896-97, were among them. I therefore obtained from the Superintendent, Central Jail, extracts of Conviction Register for reference. Mr. C. Narain Rao, Assistant Superintendent of Police, Kolar, and I met again at Goribidnur on the 20th February 1901 and commenced the investigation. In the course of the next two days informant Malla was able to get some details from one of the three captured dacoits named Yellaga as to the whereabouts of the gangs concerned. I also visited Somasettihalli, Akkajihalli and other places and ascertained full particulars connected with the event of the 13th February 1901 from the villagers.

53. Thereupon, Mr. C. Narain Rao and I decided upon the course of action after mature deliberation and I arranged to send Inspector Jayakumaraiya to Bagepalli and Inspector Venkatavaradachar to Palsamudra on detective work, as it now became clear that the dacoits belonged to the Korachar encampments under observation in those two places. We at once placed ourselves in communication with the Superintendents of Police, Cuddapah and Anantapur Districts, sending intimations to the Inspectors of neighbouring British taluks in advance. I undertook to work in the direction of Hindupur and Kadari, Mr. C. Narain Rao agreeing to go towards Bagepalli for that purpose.

54. Here, the joint report made by dafadars Wahab Khan and Rusool Khan from Hindupur on the 18th February 1901 reached me. It contained particulars of an encounter said to have taken place in the Vanavelu jungle on the 17th February 1901 between the villagers of Kottimpalli and a band of about 20 or 25 dacoits escaping towards Mahomedabad Hills of the Kadari Taluk.

55. When I arrived in Maddagiri on the evening of the 22nd February 1901 *en route* to Hindupur, I found waiting for me another intimation from the Inspector of Hindupur addressed to the Inspector of Maddagiri, giving more detailed information on the same subject. I went to Hindupur the next day and obtained full particulars from Inspector Ramachandra Naidu. The Tahsildar also gave me some further details and showed me the sheep and goat skins, torn pieces of clothes, an old musket, etc., said to have been left behind by the dacoits at the time of their escape.

56. The following extract from my diary entry for the 24th February 1901 gives full details :—

* * * *

17th instant.—On the 17th February 1901, a Sukali of Kottimpalli (a hamlet attached to Vanavelu) saw in the jungle close by about 40 persons of "Korachar gang" with big bundles of clothes and a gun camping there. He saw them cutting sheep and goat and preparing to cook their food, making a liberal use of toddy which they had stored in a big pot. The Sukali suspected them to be a gang of dacoits apparently returning with booty and at once communicated the information to the villagers, who went in a body and surrounded the dacoit gang. It was then a little afternoon and the dacoits had retired to rest in the bushes, keeping their bundles and other articles beside them in fancied security. A fight ensued between the villagers and the dacoits in which the latter got the worse of it and ran away in confusion leaving their bundles, etc., behind. The Reddi of the village hastened to the spot, and after an unsuccessful attempt to capture the dacoits, submitted a meagre report of the occurrence to the Police Station with certain articles of clothing, sheep skin and the unserviceable gun, all said to have been left behind by the dacoits. It is understood that a valuable portion of the booty which fell into the hands of the Sukalis and other villagers in the fight has been kept back by them and that very few of the dacoits left the field with a whole skin. From the enquiry subsequently held on the spot by the Inspector of Hindupur, the facts connected with the fight, on which for obvious reasons the Reddi's report was silent, have come to light, but as yet no portion of the booty said to have been misappropriated by the villagers has been recovered. Information is also available to show that this gang marched towards Vanavelu from Kodikonda and Palsamudra side as some goats and sheep are reported to have been stolen along the line of their march. But no attempt has yet been successfully made by the local Police to trace the owners on the clue furnished by the color and size of the skins discovered. After the occurrence of the 17th the gang is said to have run away in the direction of the Mahomedabad Hills in the Kadari Taluk.

57. Dafadar Venugopal Mudaliar came from Palsamudra and met me at Hindupur on the 24th February with the information that the absentee members of the Korachar gangs at Palsamudra (Vadigepalli and Mittemari) had not returned to their huts and were not likely to do so, as they had escaped from the gangs before they were registered and brought under Police surveillance. Two trustworthy detectives, Siddappa and Chinnappa, were detailed by Inspector Ramachandra Naidu to work with dafadar Venugopal Mudaliar on the available clue in the direction of Vanavelu and the Mahomedabad Hills. Inspector Venkatavaradachar of Maddagiri was sent to Kadari and Anantapur with a view to secure the co-operation of the Inspectors of those taluks in tracing the run-away dacoits. Thimmappa, the patel of Kadigenhalli, and one Gandyappa Reddi, a prominent resident of the same village, informed me that Voba Reddi of Vobaladevachervu in Kadari Taluk could give the whereabouts of the gangs concerned. He is said to have met the gangs going from Kadari side towards the Mysore Province on or about the 3rd January 1901.

58. After making these arrangements, I had to return for a couple of days to Tumkur to meet, as previously arranged, the Inspector General of Police and Mr. C. Haudin, Superintendent of Police, Bangalore. I returned to Tumkur on the 25th February, met the Inspector General and Mr. Haudin the next day and gave them full details of the information gathered about the gangs concerned. After consulting Mr. Haudin and taking instructions from the Inspector General of Police, I left Tumkur on the afternoon of the 27th February and arrived in Kadari early next morning with patel Thimmappa, Gandyappa Reddi and Korachar informant Malla, all of whom joined me at Dod Kurugud Railway Station.

59. I extract below my diary entries for the 28th and the following dates as to the details of further steps taken :—

* * * *

28th February 1901, Thursday.—Arrived at Kadari at 5 A. M. The Inspector of Kadari (Mr. C. Rama Rao) saw me at the Railway Station and told me that as the information received by him to the effect that some of the Korachars, who had recently returned to the gangs near Tirumaladevarapalli and Algonda, had marks of injuries on their persons and that they were suspected to have returned from Mysore Province after committing dacoities there, he was about to go to Nallachervu by the same train to surround the gangs before day-break. I continued the journey as far as Nallachervu. The Head Constables and men sent previously by the Inspector of Kadari had already surrounded the gang at Tirumaladevarapalli; when we arrived there at 6 A.M., arrangements were soon made to surround the gang at Algundu also. Sixteen persons were secured from both the gangs. Eight of them have marks of injuries on their persons, caused apparently by beating, in various stages of healing. In all 8 persons, who are considered to be addicted to crimes attended with violence, have managed to escape. The Village Magistrates of Tirumaladevarapalli and Algundu are said to be harbouring these gangs and suspected to be receivers of stolen property. The Inspector of Police has brought these gangs under Police surveillance and is endeavouring to capture those who have disappeared from the gangs and taken shelter in the neighbouring hills. The Inspector has secured information that the members of these gangs and those of the gangs residing in Badyethelpalli and Mallevarupalli are related to one another and that there are in these gangs some persons with similar injuries on their persons. They are said to have re-joined their gangs after a prolonged absence and to be in the habit of hiding themselves in the jungles all day, joining their families after night-fall. It is widely suspected in these parts that the members of these gangs went out to commit dacoities in the Mysore Province and that on their way back they were robbed and beaten by the villagers of Kottimpalli on the 17th of February 1901. Owing to the jatra at Kadari, the Inspector has very few men at his disposal to successfully surround the Korachar gangs in Badyethalpalli and Mallevarupalli, and a few that are available are said to be not reliable. In these circumstances, I have wired to the Inspector General of Police, Bangalore, to send a party of 25 Special Reserve men to Kadari with an advance of Rs. 200, to meet the charges incidental to the detective operations on hand. The huts of the Korachars were searched. No portion of the stolen property was discovered. Returned to Kadari in the evening with the Inspector of Kadari.

1st March, Friday, Camp Kadari.—Was engaged with the Inspector of Kadari in making arrangements to trace the absconding members of Tirumaladevarapalli and Algundu gangs.

Patel Thimmappa of Kodigenhalli and Gandyappa Reddi have been sent to Obaludevarachervu to work out the clue available in that direction with the aid of Voba Reddi,

Reference.—Extract of diary of Hindupur Inspector, dated 2nd March 1901, gives more details on this point :—

"This day I met at Kadari constables 279 and 496 of my Division who were sent on special duty to trace out the gangs of thieves, and they reported in their special report that on 27th February 1901 they learnt from Chinnavenkatappa of Chintamananalli (Kadari Division) that the gang of Korachars who escaped from Kottimpalli Forest on 17th February 1901, were the Korachars of Algundu, Tirumaladevarapalli of Kadari Division and Bachayagamapalli and Pothukunta of Bukkanatna Station Range of F. Division. The constables reached Kondakmerlu Station in the night and got information from V. M Venkata Reddi of that village that one washerman of Tirumaladevarapalli informed him that Korachars of his village had gone somewhere for stealing, they were severely injured and they lurk in forests in day time, return to gang at nights and treat their wounds, &c,

Dafadar Venugopal Mudaliar and Constables Siddappa and Chinnappa of Hindupur, whom I had sent from Hindupur on detective duty towards Vanavelu on the 24th February 1901, have joined me here with information that after the Vanavelu engagements on the 17th February 1901, the dacoity gang split up into two parties and went in the directions of Tirumaladevarapalli (Kadari) and Bukkapatna (Penukonda Taluk); that one Chinnavenkatappa of Chintamanapalli knew which gangs were concerned and would help the Police in the detection of the dacoits with property. Chinnavenkatappa is said to have seen the dacoits going towards Bukkapatna after the fight near Vanavelu on the 17th February 1901.

I have sent orders to the Amildar of Maddagiri to send up the complainants in the dacoity cases to Kadari to enable them to see and identify the persons from the gangs at Tirumaladevarapalli and Algundu.

I have also wired to the Inspector of Police, Goribidnur, to come up with Yellaga and the complainants and to the Inspector of Hindupur to come with the villagers of Vanavelu and Kottimpalli.

2nd March 1901, Saturday.—The Inspector of Hindupur arrived this morning by the same train which brought 25 Special Reserve men under Head Constable Garudachar from Bangalore. I have asked the Inspector (Ramachandra Naidu) of Hindupur to send for the Reddi and the villagers of Vanavelu and Kottimpalli and to try to recover the property, connected with the dacoities, suspected to have been misappropriated by them. I have offered liberal rewards to the persons who may give up the spoil. The Inspector has also got information to the same effect and is trying to help us.

Inspector Jayakumaraiya of the Chikballapur Taluk who had been sent by the Assistant Superintendent of Police, Kolar, towards Bagepalli with a view to watch the members of the concerned gang near Kodikonda, has joined us at Kadari *via* Palsamudra. The gangs there appear to have been seized by panic. The absentee members of these gangs have not yet joined the gangs, although their wives and relatives are present in the gangs. Three additional women were noticed in the former gang which has removed itself to Mittemari in Bagepalli Taluk, and 9 extra women are said to have joined the gang at Palsamudra. I have asked the Hindupur Inspector to set trustworthy men to watch the gang at Palsamudra and to trace the absentee members suspected to be hiding in the jungles surrounding their huts.

Left Kadari at 4 P. M. with Kadari and Hindupur Inspectors and the Special Reserve men in closed carts with a view to surround the Korachar huts near Bodyethulapalli and Mallevarapalli before day-break.

Halted for the night by the side of a jungle stream close to Varadarajagutta Thana, within three miles of the Korachar huts proposed to be surrounded. Voba Reddi and patel Thimmappa of Kodigenhalli are collecting the villagers to aid the Police.

One Vemanna Bhoyi, a Waddar, was produced before us at the camp by dafadar Venugopal Mudalliar and Inspector Rama Rao of Sira (on detective duty in these parts). His information goes to show that Voba Reddi is not a reliable person and that he has a gang of Korachars and Waddars under him who occasionally go to Mysore Province and commit crimes. Vemanna Bhoyi says further that two Waddars—Sanjiva and Bhangarigadu—recently quarrelled at the toddy-shop over their respective shares of the booty said to have been obtained by them in a case of house-breaking and theft in the parts of the Mysore Province adjoining Hindupur Taluk. I have separately detailed Inspector Rama Rao and dafadar Venugopal to search the houses of suspected Waddars who are ascertained to be residing in Babasabi Palya not far from the Korachar "gudus" or huts. Bhangarigadu and Sanjiva are said to be in the habit of associating with the Korachars residing in the neighbourhood.

Inspector Jayakumaraiya is working with the Head Constable of Kadari Station to trace the absconding members of Tirumaladevarapalli gang and to take steps towards the identification of the Korachars by the complainants when they arrive from Maddagiri and Goribidnur.

* * * *

60. During the next three days, the Inspectors of Kadari and Hindupur and their special detectives were actively engaged with me in collecting clues and in searching the huts of suspected Korachars and Waddars, who had either recently returned or were still on their way to their huts from the borders of Goribidnur and Maddagiri Taluks. For this purpose we visited Bodyethulpalli, Mallevarapalli, Inaglur, Bhogepalli, Babasabi Palya, Mittepalli and Nallamadu of the Kadari taluk.

61 It may be stated here in fairness to Voba Reddi, the Village Magistrate of Vobaladevarachervu, that by his conduct he belied the impression created by Vemanna Bhoyi's information. He not only furnished full information regarding the Waddars Sanjivagadu, Baligadu and Bhangarigadu, who had recently returned from Maddagiri borders and were said to be spending money lavishly on drink, etc., but also took an active part in handing them over to the Police.

62. In this part of the business the skill and intelligence displayed by Head Constable Garudachar of the Bangalore City is worthy of commendation. Equally commendable are the

services of Chintamanapalli Chinnavenkatappa, Thana Talyari Kasim Sab, in tracing and bringing before us at Mittepalli on the afternoon of the 3rd March a Korchar gang that was just escaping without a gang form from the direction of Mahomedabad Hills into Kadari Taluk.

63. The following extracts from the Diary of Inspector Rama Rao of Kadari and a translation of the statement of Inspector Chella Venkataramana Naidu given by the Sub-Magistrate of Kadari on the 6th March 1901 clearly show the importance of this capture, as one of the members of this gang, *viz.*, Kavadi Munigadu, was distinctly identified as the very person who had escaped from Police vigilance in the Goribidnur Taluk, a fact of which I had become personally aware during my visit to Goribidnur, on the 20th February 1901.

Extract from Kadari Inspector's diary—Part IV, dated 3rd March 1901.

"Thana Talyari Kasim Khan was sent to get Chinnavenkatappa of Chintamanapalli in connection with the dacoity cases of the Mysore State. Thana Talyari Kasim Khan and Chinnavenkatappa found the following gang of Erikalas lingering in the hills near Chintamanapalli, a hamlet of Dasavaripalli of Kondakamalu station and brought the gang to me at Mittepalli.

* * * *

1. Sathpadi Chinnagadu.
2. Do Baligadu.
3. Konde Munigadu.
4. Konde Venkatigadu.
5. Do Abbigadu.

With 11 women and 9 children. Nos. 4 and 5 are the sons of No. 3. These people say that they came from Kottige of Hindupur Station, Anantpur District; that they were stopping at Kottige for the last 7 or 8 months and came through Obalapuram, Chilamavathur, Gorantta and Gangepalli of Hindupur Taluk. They came into Chintamanapalli limits on the 2nd instant. They were going to Noralavadu of Raichatti Taluk through Kadari. The bag and baggage of these people were searched on suspicion but no property was found. I deputed a constable to watch them with orders to Station House Officer, Kadari, to prepare gang form for this gang and to depute a constable to watch this gang. I have noted down the description of all the male members. The Inspector of Hindupur Taluk says that the gang does not belong to his taluk."

* * * *

Statement of Chella Venkataramana Naidu, Inspector of Goribidnur, dated 6th March 1901.

"I know the two persons Kavadi Munigadu and Katta Venkatigadu. They stopped in a certain village of the Hindupur Taluk just on the borders of Goribidnur—Hindupur Taluk. On the night of the 20th February, this Kavadi Munigadu and others were found lurking about the village of Chintalpalli of Goribidnur Taluk. The villagers learnt of this and, when they tried to apprehend them, Muniga was caught hold of, and the others escaped. The villagers apprehended this man and forwarded him to the Police Station. This man was produced before the Amildar by the Police. As there was no offence proved against him, he was ordered to be sent under a gang form to Hindupur. Accordingly Constable No. 484 escorted him. He then beat the constable with stones while going and escaped from his escort. This was recorded and reported to the Superintendent. Near the villages in which these persons halted unusual number of dacoities have occurred."

64. The complainants and the witnesses in the several dacoity cases as well as Yellaga, one of the dacoits captured by the villagers of Somasettihalli on the 13th February 1901, soon arrived in Kadari and identified out of the gangs mustered before a Punchayet the following 16 persons:—

1. Bagi Kavadi Guruvadu.
2. Rameswaram Venkatigadu.
3. Menpati Thimmadu.
4. Vallagi Munigadu.
5. Katta Venkatigadu.
6. Kavadi Munigadu.
7. Ragalu Ramadu.
8. Sathpati Nagadu.
9. Sampati Nagadu.
10. Waddar Sanjivagadu.
11. Do Baligadu
12. Do Bhangarigadu.
13. Kavadi Venkatigadu.
14. Malli Chinnigadu.
15. Sathpati Muniga.
16. Rameswaram Guruvadu.

65. Several of the persons identified were proved to have been absent from their camps during the period when the dacoities occurred in Goribidnur and Maddagiri Taluks and to have been subsequently seen on the 17th February in the Vanavelu jungle by the villagers of Kollimpalli. Eight of them bore marks of injuries which on examination by the Hospital Assistant of Kadari were proved to have been "healed up" and of injuries of 15 or 20 days' standing.

66. On the foregoing evidence placed before the Sub-Magistrate of Kadari and recorded by him *vide* copy of his order dated 8th March 1901), extradition warrants were applied for and obtained against the sixteen persons named above. In accordance with these warrants, they were brought by the Police of Kadari Taluk and surrendered to the Head-quarter Inspector of Police at Tumkur on the 16th April 1901.

67. I must not omit to state here that this part of the work could hardly have been so satisfactorily and promptly concluded without the earnest and willing co-operation of Mr. F. A. Dene, District Superintendent of Police, Anantapur District, and Mr. F. A. Johnston, Assistant Superintendent of Police, Madanpalli. Both these officers readily responded to my appeal and [illegible] every help within their reach at my disposal to enable me to bring the culprits to justice.

68. Every facility was afforded to promptly lay the fullest information before the Stationary Magistrate at Kadari by the Deputy Commissioner of Kolar, (Mr. F. E. C. Carr,) who, in the temporary absence of Mr. C. Narayan Rao on duty in Bangalore, wired orders to the Inspector of Goribidnur to take the accused Yellaga and other witnesses immediately to Kadari for the purpose of identification.

69. In the meantime the Police of Goribidnur and Bagepalli Taluks had, through the information given by one of the captured dacoits, succeeded in placing under arrest two more escaped culprits, Naga and Mallisunka. The former escaped while in the custody of the British Police at Pennukonda and the latter was eventually brought to trial along with the rest of the accused persons. It may be seen that this Mallisunka is the very person mentioned by Korachar informant Malla. Extract from the Convicts Register obtained from the Superintendent of Central Jail on the 18th February 1901, shows that he was convicted and sentenced in Kadur-Shimoga Dacoities to two years' rigorous imprisonment in Calendar Case No. 21 of 1896-97 on the file of the District Magistrate of Kadur. This individual, it may be noted, had changed his name after his release to Thimma.

70. Information obtained from the same source had by this time led to the detection of another gang near Kudur in the Magadi Taluk. Several members of this gang were on enquiry found to be related to the accused persons brought from Kadari and three of them, *viz.*, Muniga, Malla and Ramadu were identified by a number of complainants in the Makli dacoity case and removed to Bangalore for trial.

71. The details gathered from various sources through the praiseworthy exertions of Jamadar Subba Rao and dafadars Srinivasa Rao and Subbanna regarding the ramifications of the gangs concerned, will be more fully dealt with separately.

72. On the arrival of the accused persons from Kadari, full enquiry was held into the antecedent and association of each with the resulting discovery that their friends and relatives are to be found among the gangs residing in several parts of Kolar, Bangalore and Tumkur Districts, and that one of them named Sathpati Naga was concerned in a case of house-breaking and theft in which he and several others still residing in Taridal, Goribidnur Taluk, had been convicted by the Taluk Magistrate of Tumkur in Criminal Case No. 203 of 1897-98.

73. Several Inspectors of training and experience were specially employed to close the investigation of the series of dacoity cases as early as possible. Head-quarter Inspector Mr. S. Reuben and Inspectors S. Srinivasaiengar of Gubbi, Venkatavaradachar of Maddagiri, J. Rama Rae of Sira and Jayakumariya of Chikballapur and Chella Venkatramana Naidu of Goribidnur, deserve credit for bringing the Police investigation as well as the preliminary Magisterial enquiry to a prompt and satisfactory close.

74. Before the commencement of the Magisterial enquiry, however, one of the captured dacoits named Kavadi Ganga *alias* Basiga died in the Goribidnur Jail from the effects of the injuries received at Somasettihalli on the 13th February 1901. Another accused person named Waddar Bangarigadu who was among the persons brought from Kadari under the extradition warrant had to be released by the Police as the evidence against him was not sufficient to justify his forwardal before the Magistrate.

75. The endeavours made to trace out other dacoits still at large proving fruitless, the cases against the rest of the accused persons named in the margin were committed to the Sessions by the Division Magistrate, Chikballapur and the Divisional Magistrate, Maddagiri. They were taken up and disposed of at the Kolar and Tumkur Sessions held in Bangalore in the months of June and July 1901.

1. Mendragutti Ganga.
2. Kavadi Yellaga.
3. Mallisunka.
4. Rameswaram Guruva.
5. Wallagi Muniga.
6. Bagi Guruva.
7. Kavadi Muniga.
8. Satpati Naga alias Adiga.
9. Satpati Muniga.
10. Melpati Timma.
11. Rameswaram Venkatiga.
12. Kavadi Venkatiga.
13. Katta Venkatiga.
14. Waddar Baliga.
15. Ragala Ramadu.
16. Sampati Naga.
17. Kunti Chinniga.
18. Waddar Sanjiva.

76. During the trials which extended over two Sessions presided over by two different Judges of the Chief Court, the Jury sitting separately in each case, returned a verdict of guilty against all the accused.

77. A list showing the sentences passed in each case against the several persons is attached. The details of evidence adduced at the several trials form part of the Judicial Record. It is enough to note here, that not only three of the accused, *viz.*, Mallisunka, Ganga and Yellaga confessed their guilt and stated what part the others had taken in the offences, but also a number of witnesses from Kadari, Hindupur, Maddagiri and Goribidnur gave evidence against the accused. For facility of reference copies of the Judgments available in Tumkur Sessions Cases Nos. 4, 5 and 10 are attached.

78. The convictions, it may be said, have since been upheld in appeal by the Judges of the Chief Court of Mysore.

79. It may also be noted that only in one case the Judge and the Jury disagreed. It is in Bangalore Sessions Case No. 2 at which three of the Korachars caught near Gaurapur and Kudur were brought to trial in connection with the dacoities committed on a number of footpassengers in the Makali jungle on the 20th January 1901. It is very much to be regretted that these offenders through the hasty verdict of the Jury escaped the just retribution at the hands

of justice, even against the Judge's own conviction as expressed in the concluding portion of his judgment of which a copy is appended.

80. In the foregoing paragraphs, I have endeavoured with the materials at my disposal, to present as faithful a record as possible of the work done—individually as well as collectively—by the officers and men employed from time to time to meet the demands of public safety during a period of grave anxiety and sore trial. I could not for that purpose avoid dwelling at some length on what, to some, may now seem to be matters of stale interest. But a report purposing to deal with past events extending over a period of more than six months must necessarily be wanting in conciseness, if it is expected to throw sufficient light on the origin and nature of the outbreak and the extent of its spread, at the same time as it seeks to give a glimpse of the measures adopted according to the necessities of the moment with varying degrees of success until the final results were attained.

81. The labor and expense involved in an undertaking of such magnitude would be wasted if the resulting experience does not lead to some remedial measure of permanent and practical utility or value. The prospect is ever present of periodical recurrence of drought and famine driving the migratory classes to violent crimes and of the consequent necessity being felt of carrying on similar campaigns under perhaps more adverse circumstances unless the remedy is speedily discovered and applied. I feel diffident to enter here upon a discussion of this subject as it cannot be approached with any degree of assurance without a clear insight into the history of the criminal classes with which the character, the habits, the antecedants and the social environments of the persons brought to justice at these trials are so deeply interwoven. I will, therefore, reserve this matter for independent treatment.

No. 11388-97—J. 916, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON—Government have perused with interest the report of Mr. L. Krishna Rao, Assistant Superintendent of Police, regarding the steps taken by the Police for the prevention and detection of dacoities in the borders of the Tumkur, Bangalore and Kolar Districts, and are pleased to express their appreciation of the good work done by him.

2. Government note with satisfaction the co-operation of the following officers whose names have been favorably mentioned :—

1. Mr. C. Narain Rao, Assistant Superintendent of Police, Kolar.

Amildars.

1. P. Subrayalu Naidu of the Maddagiri Taluk.
2. Mahomed Raza of the Tumkur Taluk.
3. T. Venkataramaiya of the Sira Taluk.
4. B. S. Venkatesaiya, Deputy Amildar of Koratagere (now at Kumsi.)

Inspectors.

1. S. Reuben, Head-quarter Inspector of Police, Tumkur.
2. S. Srinivasiengar of Gubbi.
3. K. Venkatavaradachar of Maddagiri.
4. J. Rama Rao of Sira.
5. Jayakumaraiya of Chikballapur.
6. Chella Venkataramana Naidu of Goribidnur.
7. Khan Ahmed, Special Reserve Inspector of Tumkur.

Jamadars.

1. Y. Subba Rao. | 2. Fida Hussain.

3. The other subordinate officers of Police whose work has been brought to the favorable notice of Government may be rewarded as follows :—

Dafadars and Head Constables—

1. Sheik Ahmed.
2. Venugopal Mudaliar.
3. Srinivasa Rao.
4. Subbanna.
5. Head Constable Garudachar, 2nd Grade No. 120 of Bangalore City.
6. Rasul Khan of Magadi Taluk.
7. Dafadar Lakkappa of Koratagere.
8. Abdul Wahab.

Constables.

1. Police Constable No. 446 Bhima of the Akkajihalli Ukkad.
2. The Policeman of Bagepalli Taluk who arrested Malli Sunka.

} To be given a silver good service medal worth Rs. 6 each.

4. Special acknowledgments of Government are also due to the marginally noted Police Officers of the Madras Presidency, for the material help and co-operation rendered by them to the Mysore Police Officers in the detection of these cases, and the same will be communicated to them through the Honorable the Resident. Inspectors C. Rama Rao of Kadari and V. Ramachandra Naidu of Hindupur are reported to have also worked willingly and given great help. The Government are pleased to sanction the bestowal of two gold medals on them worth, respectively, Rs. 75 and 50, and the Government of Madras will be requested through the Honorable the Resident to permit their acceptance of them. Head Constables Channakesavalu Naidu and Mahomed Sahib may also be awarded with two silver medals worth Rs. 10 each and a money reward of Rs. 5 will be given to each of the Constables Chinnappa and Siddappa and Rs. 3 to Thana Talari Kassim Khan.

1. Mr. F. A. Dene, District Superintendent of Police, Anantapur District.
2. Mr. P. S. Srinivasacharlu, District Superintendent of Police, Cuddapah.
3. Mr. F. A. Johnston, Assistant Superintendent of Police, Madanapalli.

5. The grant of rewards to others who gave useful information and otherwise assisted the Police Officers in the manner proposed by the Deputy Commissioner, is also sanctioned, as per list appended in the margin. The cost of their rewards will be met out of the amount allotted under the head "Reward for good service" in the budget of the current official year.

1. Thimmappa of Kodigenahalli.
2. Gandyappa Reddi do
3. Voba Reddi of Vobaladevarucheruvu, Kadari Taluk.
4. Venkatanarnappa Reddi of Vanavelu.
5. Chintamanpalli Venkatappa of Kadari Taluk.
6. Pedda Vemanna Bhoyi of Ooddipalli, Kadari Taluk.

To be given a silver good-service medal worth Rs. 6 each.

7. Korachar Malla. A reward of Rs. 25.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Tumkur, Kolar and Bangalore Districts.
The Deputy Commissioners of other Districts for information.

READ—

Letter No. 2838—213, dated 13th December 1901, from the Inspector General of Police in Mysore, submitting the explanation received from the Deputy Commissioner of Tumkur District for the delay in investigating the case of an alleged offence under the Infant Marriage Regulation, noticed in Government Order No. 7302—J. 603, dated 7th November 1901.

No. 11588—J. 939, DATED BANGALORE, 11TH JANUARY 1902.

ORDER THEREON.—Government agree with the Inspector General in considering that the explanation submitted is quite unsatisfactory. Unless officers who have to perform a number of duties act with greater promptitude and vigilance than is apparent in this case, important work like that of investigation of cases is certain to be neglected and allowed to protract. If such excuses as are urged in this case are to be considered valid, there will be hardly an occasion when they will not be put forward with more or less of speciousness. The Deputy Commissioner must so direct the officers under him that there may be no necessity for his having to apologise too often for their drawbacks.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.

READ—

Letter No. 1563—J., dated the 26th November 1901, from the Inspector General of Prisons in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to forward a copy of letter No. 661, dated 19th instant, from the Superintendent, Central Jail, Bangalore, and to request that you will be so good as to obtain sanction of Government for the modification of Rule 219, of the Mysore Jail Manual, as therein suggested by the Superintendent, which seems very reasonable.

ENCLOSURE.

With reference to Section 219 of the Mysore Jail Manual laying down that an allowance of money, for road expenses at the rate of 2 annas for every 15 miles, to their homes, may be paid to prisoners on their release if they are not in possession of sufficient funds of their own, I have the honor to state that this rate is not sufficient to purchase a third class railway ticket which, on the Southern Mahratta Railway costs 2 pies per mile and to suggest that the rule may be modified to the effect that "when the journey either in full or in part homeward can be performed by means of railway, money enough to purchase a third class ticket may be given."

The above rule was framed at the time when there was no railway running through the Province.

No. 11226—J. 904, DATED BANGALORE, 6TH JANUARY 1902.

ORDER THEREON.—The proposal of the Inspector General is approved.

2. The following shall be substituted for para 219 of the Mysore Jail Manual:—

"Prisoners on release from the Jail, when they are not in possession of sufficient funds of their own, shall receive an allowance of money for road expenses at the rate of 2 annas for every 15 miles to their homes, provided that when the journey either in full or part homeward can be performed by means of railway, money enough to purchase a 3rd class ticket may be given. They shall also be furnished with clothing and sufficient food for the railway journey, if needful, but old prison clothing should not be given. Money earned in Jail is not to be taken to defray road or railway expenses."

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Prisons in Mysore.

READ—

Letter No. 3266—84, dated 30th October 1901, from the Registrar of the Chief Court of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments

I have the honor to state that the Honorary Secretary to the Bangalore Law Association represents that much inconvenience is experienced by Advocates and Pleaders having to serve as Jurors and Assessors and requests that all legal practitioners in Mysore in actual practice may be exempted from such service as is the case in British India under the provisions of Section 320 of the Code of the New Criminal Procedure (Act V of 1898). In this New Code, which came into force in British India in 1898, a clause (*i*) is inserted in Section 320 exempting from liability to serve as Jurors or Assessors "legal practitioners (as defined by the Legal Practitioners' Act 1879) in actual practice." The Judges have no doubt that this addition to the law will be adopted in this Province when the New Code is introduced here. In the meantime, I am directed to request that the provision in question may be given effect to by an order of Government, under the last clause of Section 320 of the Code in force here, exempting legal practitioners in actual practice from serving as Jurors or Assessors.

No. 11270—J. 912, DATED BANGALORE, 7TH JANUARY 1902.

ORDER THEREON.—Under clause (*k*) of Sectino 320 of the Code of Criminal Procedure, Act X of 1882, as in force in Mysore, the Government are pleased to exempt legal practitioners (as defined in the Mysore Legal Practitioners' Regulation, III of 1884) in actual practice, from liability to serve as Jurors or Assessors.

2. A Notification as above will be published in the *Mysore Gazette.*

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of the Chief Court of Mysore.

READ AGAIN—

Government Proceedings No. 3257-60—J. 342, dated the 31st August 1900, sanctioning the re-organization of the Police Force in the Kolar Gold Fields.

READ—

(1) *Letter No. 2909—217, dated the 20th December 1901, from the Inspector General of Police in Mysore* :—

(1) I beg to submit herewith a copy of letter No. C. 1072 of the 18th December 1901, from the Deputy Commissioner of the Kolar District, proposing certain additions to the Kolar Gold Fields Police.

(2) It will be seen from it that the revision consists of additional hands and increase of pay.

(3) Instead of an Inspector on Rs. 200 and another on Rs. 150, 2 on Rs. 175 each have been provided for. This makes no difference in cost.

(4) Instead of 3 Chief Constables (1 on Rs. 75 +20 and 2 on Rs. 50+20) and a Sub-Inspector (on Rs. 35+20), 7 Chief Constables (2 on Rs. 80, 2 on Rs. 60 and 3 on Rs. 50) have been asked. This means a monthly increase of Rs. 220 in pay and Rs. 60 in allowance or Rs. 3,360 per annum.

(5) In lieu of 1 Jamadar and 4 Head Constables on Rs. 25 each, 6 Head Constables on Rs. 20 each, and 4 Head Constables on Rs. 16 each, 5 Head Constables on Rs. 25 each, 6 on Rs. 20 each and 4 on Rs. 16 each, have been asked. This makes no difference; but their local allowance, which was Rs. 20 in the case of the Jamadar, Rs. 8 in the case of the 1st and 2nd Class Head Constables and Rs. 6 in the case of the 3rd Class Head Constables, has been made uniform, *viz.*, Rs. 10. This raises the expenditure from Rs. 124 to Rs. 150, *i. e.*, the increase is Rs. 26 per month or Rs. 312 per year.

(6) There is now one Drill Instructor on Rs. 14+4 local allowance. Another on Rs. 16+10 local allowance has been asked. This means an excess expenditure of Rs. 312 per year.

(7) Instead of 57 constables on Rs. 8+4 local allowance, and 68 constables on Rs. 7+4 (local allowance), 65 constables on Rs. 9+4 (allowance) and 100 constables on Rs. 8+4 (allowance) have been asked. This raises the debit by Rs. 7,356 per annum.

(8) In the Superintendent's office, there are 3 Head Constables on Rs. 25, Rs. 20 and Rs. 16. Their local allowance is Rs. 8 in the first two cases and Rs. 6 in the third case. It is proposed to give Rs. 10 to all. This means an excess of Rs. 8 per month or Rs. 96 per year.

(9) In the said office there are 2 constables on Rs. 8+4 local allowance and 2 on Rs. 7+4 allowance. It is proposed to raise their pay by one rupee. This means Rs. 48 more per year.

(10) A Head Constable on Rs. 25+10 local allowance is proposed for the charge of Stores and for instructing recruits. This is an increase of Rs. 420 per year.

(11) Owing to the increase in the number of hands, the cost of equipment and clothing has been raised from Rs. 2,500 to Rs. 3,000 per year.

(12) Thus the total rise per year is Rs. 12,404. To this has to be added the pay (Rs. 100) and horse allowance (Rs. 15) of the Prosecuting Inspector sanctioned the other day for the Kolar Gold Fields. It is Rs. 1,380 per year.

(13) Owing to the entertainment of 3 more Chief Constables and 40 more constables, 2 more quarters for the former at a cost of Rs. 5,000 and 40 more huts for the latter at a cost of Rs. 14,000 are proposed. This means an initial cost of Rs. 19,000.

(14) I solicit the favor of very early sanction to the proposal.

(ENCLOSURE.)

Letter No. C. 1072, dated 18th December 1901, from the Deputy Commissioner, Kolar District, to the Officiating Inspector General of Police in Mysore.

(1) With reference to your No. C. 74, dated 21st October 1901, asking me to formulate definite proposals on the lines suggested in my letter to Government No. C. 571, dated 4th October 1901, covering the Administration Report of the Kolar Gold Field Police for the

past official year, I have the honor to forward the following scheme which has been prepared after careful consideration of the present needs of the Gold Fields, and after consultation with yourself, Sir John Lambert and Mr. Thomas.

(2) Taking this scheme in the order of arrangement in the annexed proposition statements, we come to—

A. Office Establishment.

The new scheme provides for the addition of a *Store* and *School Head Constable*, on a salary equivalent to a 1st grade Head Constable's. An officer of this stamp is very necessary, seeing that the Kolar Gold Field Police has been formed into a separate division which necessitates a small Head-quarter establishment. This officer will be in charge of the Police Stores and will be useful in instructing recruits in the rudiments of law and their departmental duties. A school of some sort for the instruction of recruits is a *sine quin non* in a well constituted Police force and I consider that the proper instruction of recruits is one of the most important and essential items of the revised scheme.

The only other additional cost proposed under this head is a small increase to the local allowance of the present office Head Constables and constables. This matter is treated more fully in para *infra*.

B. Executive Police.

Inspectors.—The Gold Field Proper is divided into two divisions, the Inspectors in charge having equal responsibilities, and an equal number of men under them. It is therefore proposed to do away with the grade of *Chief Inspector*. The Superintendent of Police, an experienced highly paid officer, now resides on the Field and exercises an immediate local control, which formerly vested in the Chief Inspector to some extent, when the Superintendent had his Head-quarters at Bowringpet or Kolar. From the saving thus effected the pay of the present 2 Inspectors might be raised, *viz.*, Rs. 125 to 175 with annual increments of Rs. 10. This change would involve no additional cost to Government, and would improve the status and prospects of the two Inspectors.

Chief Constables.—In this grade it has been found necessary to ask for a substantial increase, as it is impossible to properly supervise the night beats and patrols throughout the mining area, with the present establishment. For each of the three important stations on the Field, *viz.*, Champion, Ooregum and Marikuppam, *two Chief Constables* are absolutely necessary. Balaghat has already one Chief Constable, which is considered sufficient for the present. These Chief Constables will be required to take their *regular* turn on night patrol, to assist the Inspectors in the investigation of cases, to hold inquests in mining accidents, etc., and to carry on the general duties of their respective stations.

The only officers capable of doing this work on the Field are Europeans and Eurasians as they have to deal with a mixed community of a somewhat turbulent nature.

This augmentation in the *European element* of the Force is a very important factor, as it is by means of these officers that the general '*preventive*' usefulness of the Force will be enchanced. The proposed pay of the Chief Constables differs very slightly from that already-sanctioned, and is the lowest which will induce efficient men to take service and to continue on the Field.

Special Jamadar and Head Constables.—The only changes suggested under this head are—

(*a*) that the grade of *Special Jamadar* should be abolished, being included amongst Head Constables, 1st grade (*Note.*—There will be a saving of Rs. 10 per mensem under this head); and that

(*b*) the local allowance of all Head Constables irrespective of the grade they occupy, should be raised to Rs. 10 per mensem, instead of Rs. 8 and Rs. 6 as at present.

The additional expense incurred will be very small, and will improve the prospects of Head Constables serving on the Field, both in the office and executive establishments. (*Note.*—All clerks of the Special Magistrate's Court and office draw a local allowance of Rs. 10.)

Drill Instructors.—There is at present only one low paid Drill Instructor on the Field. It is very essential that the general smartness of the men and their instruction in drill and discipline, should be kept at a high standard in a place like the Gold Field, where there are a large number of non-official Europeans and where the men are called upon to carry out the duties of a *Town Police*. Further, as there are two separate divisions it is not always possible or convenient to bring all the men together to drill. The recruits also in school will require constant supervision and *daily instruction* in drill, and it is therefore proposed that an *additional Drill Instructor* on pay and allowance of Rs. 16+10, should be entertained.

Constables.—A total increase of 40 men over the present sanctioned strength is proposed for the two divisions to meet the calls for an improved night beat and patrol system, increase of escorts, and miscellaneous duties. The Duty Rosters of Stations have been carefully gone

through, and it has been found that at each of the three principal stations on the Field, *viz.*, Marikuppam, Champion, and Ooregum, a strength of 44 men will be required. This number is arrived at in the following manner :—

	Men.
For day and night beat and patrol duty	32
For miscellaneous duties such as station watch, lock-up guards, orderlies, escort duty, on leave, sick and to meet casualties.	12
Total ...	44

The extra cost involved, *viz.* * Rs. 7,356 is no doubt considerable, but taking the number of constables on the Field as against the total population, the Gold Fields Force with the addition now asked for, will not exceed the comparative average allowed in the Cities of Bangalore and Mysore.

* *Note.*—This amount includes the *extra pay* proposed, *vide infra.*

It is proposed also to raise the pay of all constables serving on the Fields by one rupee for both 1st and 2nd class, to meet the extra cost of living on the Field, and to render themselves less liable to the evil influences of their surroundings.

C. Miscellaneous Charges.

No change will have to be made under this head except under "Equipment and Clothing" the cost of which will naturally be enhanced, in proportion to the extra number of men entertained.

D. Buildings.

The difficulty of housing the Police on the Field has already been recognized by Government.

If therefore the additional constables and Chief Constables are taken on as proposed, proper hutting and quarters for their accommodation will have to be provided. To meet this need, lines for 40 constables and quarters for two Chief Constables should be built.

The cost of construction per line, *viz.*, Rs. 350, is the same rate as that already sanctioned by Government. The two Chief Constables' quarters can be built at an approximate cost of Rs. 2,500 each.

The present arrangement whereby the construction of all Police quarters and lines on the Fields, is carried out by the Revenue agency, has been found to work satisfactorily, and it is requested, therefore, that in the event of the above proposals being sanctioned by Government, the whole amount may be placed at once at the disposal of the Deputy Commissioner in the Police Department, to ensure the erection of the buildings being carried out with as little delay as possible.

This matter is one of importance, as otherwise there will be great difficulty in recruiting new men, and in persuading them to continue to live on the Field without proper accommodation.

(3) The above scheme in all its details was fully discussed by Sir John Lambert and yourself in our conversation of yesterday; I trust therefore that in forwarding it to Government, you will give it your valuable support.

(4) The statement annexed clearly indicates the increase of expenditure involved by the above proposals.

---

(2) *Letter No 3016—224, dated the 4th January 1902, from the Inspector General of Police in Mysore :—*

(1) In continuation of my letter No. 2909—217, dated the 20th December 1901, submitting the proposals of the Deputy Commissioner of the Kolar District for the revision of the Kolar Gold Fields Police, I beg to forward herewith copy of letter No. C. 1140 of the 3rd January 1901, received to-day from the same officer making certain additional proposals. A copy of Sir John Lambert's Memorandum which accompanied that letter is also forwarded. It will be seen therefrom that two additional proposals are made, *viz.*, one for the entertainment of 10 men at Rs. 6 per month per man for the purpose of being trained and kept in readiness for filling up permanent or temporary vacancies; and the other for the detachment of 20 constables, a Naik and a Drill Instructor from the Special Reserve Force (directly under the Inspector General) to the Gold Fields.

(2) The first proposal involves an annual expenditure of Rs. 720 plus Rs. 120 on account of clothing, etc.

(3) If the Government are pleased to sanction the proposal to detach 20 constables from the Special Reserve Force, both a Naik and a Drill Instructor may not be necessary, but only a Naik who knows also drill may be sufficient, inasmuch as there is already a Drill Instructor on the Kolar Gold Fields and an additional Instructor has been asked for in the

recent proposals for revising the Gold Fields Police. The men detached would be allowed their pay plus batta at the rate of *4 annas per day per man, which is the rate sanctioned for the Special Reserve men when they are sent out on special duty. These men might be withdrawn once in three months and fresh batch sent. In the proposal submitted for the re-organization of the Special Reserve Force directly under the Inspector General and those at Mysore, Shimoga and Tumkur, it has been stated that a single force at Bangalore, under the Inspector General, consisting of 100 men is sufficient and that detachments of 20 men might be sent to each of the said three stations, leaving 40 at Bangalore. If the proposal to send a detachment to Kolar also is sanctioned, there will be 20 left at Bangalore.

*For 21 men Rs. 5¼ per day, or Rs 157½ per month, or Rs. 1,890 per year.

(ENCLOSURES.)

i. Letter No. C. 1140, dated 3rd January 1902, from the Deputy Commissioner of the Kolar District, to the Officiating Inspector General of Police in Mysore.

(1) I have the honor to forward herewith a memorandum prepared by Sir John Lambert, regarding the location of a Police Reserve and School on the Kolar Gold Fields.

(2) In my D. O. letter to you dated 7th October on the question of Police Schools, and in my letter No. 571, dated the 4th October 1901, forwarding the Annual Administration Report, I most strongly advocated the formation of a reserve, and the opening of schools at all District Head-quarters in order that every man entering the Police Force should have a practical training in his duties, and drill, before being drafted out to the taluk; and in order that all Superintendents should have a reserve to fall back upon, to fill vacancies and meet all casualties, and thus prevent them being forced to make use of the pernicious "badali" or substitute system.

If a Reserve and School is essential, as I am perfectly assured it is in ordinary districts, how much more so is it in a place like the Gold Fields Division, where the vacancies and casualties reach a far higher average than elsewhere.

It will be seen therefore that the idea of a school and reserve is one which has had my earnest consideration for sometime past.

(3) In formulating the recent scheme in consultation with yourself and Sir John Lambert, this same idea was in no way lost sight of, but it was hoped that our system of beats when in thorough working order, would generally give us a few extra men who would help to meet casualties and form a small *reserve school*.

On re-consideration, however, we have found it inadvisable to depend on this, and Sir John Lambert now advocates the formation of a small school of 10 men, as a nucleus from which we may draw recruits and thus keep our Executive Force up to full strength without having recourse to the disastrous "Substitute" system. He recommends that these 10 men should be only paid a *subsistence* allowance of Rs. 6 monthly. This is, I consider, a very excellent suggestion which will involve only the small extra cost of Rs. 60 per mensem and give us a small number of men always under training and probation, ready for emergencies.

(4) The posting of 20 Bangalore Reserve Constables to the Fields appears also to me a particularly sound arrangement. These men are of fine physique, well drilled, well disciplined, and well found in clothing and accoutrements, and a credit to any Police Force.

A small body of such men as these, would doubtless instil a feeling of respect into all classes, European and Native, on the Fields towards the Police in general; and infuse into the Executive Force a feeling of emulation and good discipline.

It would be only necessary to pay these men the usual batta which they will receive when sent to Tumkur, Shimoga or elsewhere, as they will be kept here only for short intervals before re-transfer to Bangalore.

(5) I trust you will see your way to support the above recommendations of Sir John Lambert, which, as I have shown above, will add greatly to the effectiveness of our new scheme at a very trifling increase of cost to the State.

ii. Memorandum by Sir John Lambert, dated Kolar, 1st January 1902.

In June 1900 I was associated with Mr. Carr for the purpose of framing proposals for the improvement of the Police on the Kolar Gold Fields, and the arrangements then set out which were necessarily of a tentative nature, were generally approved by the Government.

Further experience has shown that, owing in part to the expansion of the Mining Industry, and partly to other causes, the proposals then submitted have not been found adequate.

On the occasion of his recent visit to the Fields, the Head of the Government expressed his readiness to introduce such measures as will improve Police efficiency. Accordingly, as

soon as the new Superintendent of Police joined his appointment, Mr. Carr took the matter up, and was good enough to consult me, when he was preparing the scheme now before the Government.

The proposals embodied in Mr. Carr's letter provide for what we considered sufficient—(great regard being had to economy), to effect improvement in watch and ward and generally in ordinary Police requirements.

But the necessity of maintaining on the Fields a Police Reserve was not specially considered. I had it in mind, that a trained Reserve Force could be supplied more properly, and at less cost, from the Special Police Reserve already maintained by the State, than by the recruitment locally of new and untrained men.

By the courtesy of the Inspector General of Police, I have been furnished with figures showing that the strength of the Special Reserve Force, now maintained at various head centres, is 4 Inspectors, 11 Drill Naiks and 198 constables, I have since learnt that a proposal to reduce this number and to concentrate the Force is under consideration, but I would beg that this reserve be still maintained at a strength to admit of a small detachment being permanently located on the Kolar Gold Fields. In their Administration Reports for the past year both Mr. Carr and Mr. Mainwaring laid special stress on the necessity for a Reserve Force. Escort duty alone has pressed at times so heavily on their small establishment, that the constant withdrawal of men for this work seriously impairs efficiency. Also I venture to suggest that at no place in the Mysore State can a Police Reserve of trained men be more suitably employed than at a township subject to such disturbing elements as must inevitably be found on an important and constantly increasing gold industry.

I think a detachment of one Drill Inspector, one Naik and 20 constables would be sufficient, and this force would be a most valuable adjunct to the additional establishment already asked for.

I recommend that the detachment still forms part of the General Reserve, the men being retransferred to Head-quarters at convenient intervals, their place being taken by a fresh draft. This arrangement is, for two special reasons, very desirable. Firstly, a cheaper description of lines would suffice, as the men would leave their families behind, and two men could probably occupy the same hut; and secondly, the men while on detachment would not deteriorate through coming into close contact with pernicious local influences. An effective Reserve Force would be supplied at a minimum cost; the men would draw their present rate of pay plus the usual local allowance, according to grade, to compensate for the dearness of provisions.

Another matter to which Mr. Carr and Mr. Mainwaring made reference in their reports, is the necessity of always keeping the sanctioned establishment on the Field up to its full strength.

The "badali" system is condemned as bad and ineffective, and it was hoped that, by great economy, the additional Force asked for in Mr. Carr's letter of the 19th ultimo would suffice to supply men. But, after their proposals had been submitted, Mr. Thomas worked out a different, and, I think, a better system, of night beats, and this change narrows down still further the small margin set aside as available for miscellaneous duties.

Both Mr. Carr and Mr. Mainwaring strongly advocated in their reports the necessity for a Police School, and I would ask that provision be now made for entertaining a small number of recruits, to fill vacancies caused by casualties. The cost will be very trifling. Perhaps even ten men will suffice to supply this great want.

All that they would need would be subsistence allowance, say Rs. 6 monthly, and some uniform.

On the whole, if the proposals already before the Government are sanctioned and if the Reserve Force and School of recruits now asked for are added to the establishment so increased, the whole aided by a Detective Force in working order—together with the increase of general effectiveness that should result from the recent supply of arms, care being taken always to procure for the Force the best men available—if all this is done, I am of opinion that a Police so organised will be found sufficient for the present requirements of the Gold Field.

But to render any system of organization possible, the necessity of providing suitable accommodation for the entire Force must be recognized. On this matter, which I regard as the most pressing want at the present time, I heartily endorse the remarks made by Mr. Carr in his letter submitted on the 19th ultimo.

I beg of Mr. Carr to forward this note for the early consideration of the Government.

No. 12192-95—J. 984, dated Bangalore, 23rd January 1902.

Order thereon.—In their Order of the 31st August 1900, read above, Government, upon a careful investigation of the police requirements of the Kolar Gold Fields, sanctioned the entertainment of a Police Force therefor (including a Special European Officer as Superintendent) at a total annual cost of Rs. 53,948, and directed Mr. F. E. C. Carr, the Deputy Commissioner, Kolar District, to devote his special attention to organizing the details of the scheme under the supervision of the Inspector General of Police. The Force was duly organized and has been working ever since. Owing to the large increase of population and other causes, the Dewan, however, during his visit to the Gold Field in September 1901, was struck with the inadequacy of the force to grapple with the increasing crime, and made reference to the need for the further efficiency of the Police arrangements in his reply to the address presented to him by the members of the Mining Board. In his letter No. C. 571, dated the 4th October 1901, to the Inspector General of Police, Mr. Carr reported that the experience of one year had shown that the present force on the Field was below the required strength, the work demanded of the Police having increased to a much greater extent than what was anticipated when the existing scheme was formulated in June 1900; that the number of cases prosecuted before the Special Magistrate, Kolar Gold Fields, had increased during the year to more than double of what it was in the previous year, entailing enhanced work on the Police by way of detection, prosecution, guarding and escorting prisoners and serving processes, and that the present strength of the force was still insufficient to deal with the criminal population on the Field. The present requirements have therefore been now carefully considered by Mr. Carr assisted by the Superintendent of Police and in consultation with the Officiating Inspector General of Police and Mining Companies, and a revised scheme has been submitted for the approval of Government, the main features of which are stated below:

(1) Office of the Superintendent of Police.—

An addition of one Head Constable on Rs. 25 + 10 to look after the Police Stores attached to the Superintendent's office and to instruct recruits in the rudiments of law and their departmental duties, an increase calculated to fix the local allowances of the Head Constables at the uniform rate of Rs. 10 each per mensem, and an increase of 1 rupee to the monthly pay of 1st and 2nd class constables are recommended.

(2) Executive Police.—

(*a*) Instead of a Chief Inspector on Rs. 150—200 and an Inspector on Rs. 100—150, it is proposed to have two Inspectors each on Rs. 125 rising to Rs. 175 by annual increments of Rs. 10, for the two Divisions into which the Field has been divided for Police purposes.

(*b*) In lieu of 3 Chief Constables and 1 Sub-Inspector provided for in the existing scale, it is proposed to have 7 Chief Constables, 2 for each of the three important stations of Champion, Ooregum and Marikuppam, and 1 for Balaghat. This addition to the staff involves an increase in cost of Rs. 3,360 per annum, and is reported to be required for the proper supervision of the night beats and patrols throughout the Mining area.

(*c*) Instead of 1 Special Jamadar and 14 Head Constables, it is recommended that there should be 15 Head Constables (5 of the 1st grade on Rs. 25+10, 6 of the 2nd grade on Rs. 20+10 and 4 of the 3rd grade on Rs. 16+10).

(*d*) An additional Drill Instructor on Rs. 16+10 is also provided for.

(*e*) It is proposed to increase the existing staff of constables by 40 men (8 in the 1st class and 32 in the 2nd class), to provide for an improved system of night beat and patrol and for increased escort and miscellaneous duties. It is also recommended that all the constables in the Gold Field be given an increase of one rupee each per mensem, to

meet the extra cost of living on the Field and with the view of rendering them less liable to the evil influences of their surroundings. The extra cost involved is Rs. 7,356 per annum.

(*f*) It is proposed to employ 10 recruits on a subsistence allowance of Rs. 6 each per mensem, and to keep them trained for filling up vacancies, temporary or permanent, and to meet emergencies, so that the Executive Force may be always kept up to full and efficient strength. This involves an annual expenditure of Rs. 720 on account of subsistence allowance, besides a sum of Rs. 120 on account of clothing, etc.

(*g*) It is also recommended that a detachment consisting of a Naik and 20 men taken from the Special Reserve Police of the State, be located at the Gold Field to serve as an adjunct to the Executive Police of the Field, the detachment being changed once in three months. The batta payable to these men at 4 annas per man per diem, is calculated to amount to Rs. 1,890 a year.

(3) Miscellaneous charges—

Provision has been made for an increase of Rs. 500 in the cost of equipment and clothing which will be required for the additional men proposed to be entertained.

(4) Buildings—

Owing to the entertainment of an additional number of Chief Constables and of 40 new constables, it is reported that quarters for two Chief Constables are required at an estimated cost of Rs. 5,000 (Rs. 2,500 for each building) and lines for the latter at a cost of Rs. 14,000 (at Rs. 350 for each).

2. The cost involved by the foregoing proposals as compared with the present sanctioned scale is shown below :—

	Present.	Proposed.	Increase per annum.
	Rs.	Rs.	Rs.
Office of the Superintendent of Police	2,208	2,772	564
Executive Police Force	31,836	43,176	11,340
Miscellaneous	4,904	5,404	500
Subsistence allowance for 10 recruits at Rs. 6 each per mensem.	...	720	720
Clothing for do do	...	120	120
Batta to Special Reserve to be located at the Gold Field ...	...	1,890	1,890
Total ...	38,948	54,082	15,134

3. The proposed annual expenditure shown above, which is exclusive of the pay of the Special Superintendent of Police employed at the Gold Fields and of the amount required for buildings, shows a cost of Rs. 1·42 per head of population at the Gold Fields as compared with Rs. 0·52 for the Bangalore City and Rs. 0·55 for the Mysore City, as shown below :—

	Population according to Census of 1901.	Total cost of Police Force.	Cost per head of population.	Remarks.
		Rs.	Rs.	
Kolar Gold Fields ...	37,964	54,082	1·42	
Bangalore City ...	69,471	36,781 *	·52	*Taken from the Police Administration Report for 1899-1900, Statement C.
Mysore City ...	68,151	38,042 *	·55	

If the pay and allowances (Rs. 15,000) of the Superintendent of Police of the Gold Fields are also taken into consideration, the cost per head of population is still further raised to Rs. 1·80. Government are satisfied that this augmented force is absolutely necessary, as the people the Police have to deal with, are of a most promiscuous kind and have congregated from various parts of the neighbouring British Districts. Theft of gold would seem to have been as much the object of their residence in the Field as labour, and a close and vigilant watch is the first condition of success for all preventive and detective measures.

4. Government observe with satisfaction that much improvement has already been effected by the reorganization of the Police, ordered in Proceedings No. 3257-60—J. 342, dated 31st August 1900, and in pursuance of their policy of doing all that lies in their power towards fostering the Gold Mining Industry in the State, they have much pleasure in sanctioning the foregoing proposals, which have been made after very careful consideration and which are recommended as absolutely necessary for placing the Police of the Kolar Gold Fields on a thoroughly efficient footing. The details of the establishment as now revised are shown in the statement appended to these Proceedings.

5. Government are anxious that the scheme now sanctioned at considerable additional cost should be introduced at once with strict regard to efficiency, and are of opinion that the Officers and men to be newly appointed, should, as far as possible, be selected from among the experienced members of the General Police Force of the State, substitutes being appointed in their places, and that in the selection for the places of Inspectors and Chief Constables, the principle enunciated by the Deputy Commissioner should be so modified as to allow of 50 per cent of the appointments being given to Europeans or Eurasians and the rest to Indians.

6. It should be impressed upon all the Officers and men of the Police employed on the Field that, if they fail to give satisfaction there, they will be liable to be discharged and no expectation can be held out to them of their being drafted to the General Police Force.

7. The proposals made in the Inspector General's letter No. 3046—224, dated 4th January 1902, recommending the employment and training of ten recruits with the view of filling up casual vacancies, and the detailing of a detachment of one Naik and twenty men of the Special Reserve Police for duty at the Gold Fields are sanctioned, the cost involved being included in the statement appended to these Proceedings.

8. The construction of two Chief Constables' quarters at Rs. 2,500 each and of forty constables' quarters at Rs. 350 each (total cost Rs. 19,000) is also sanctioned. The buildings should be started at once and completed as early as possible. Government have noticed that the buildings sanctioned more than a year ago have not yet been completed. During the whole of this time the members of the Police Force could not have been properly housed in central and suitable localities so as to be promptly available for work at a short notice. This state of things cannot but detract from the efficiency and usefulness of the sanctioned arrangements. Government therefore take this opportunity to impress upon the Inspector General of Police and the Deputy Commissioner the urgent necessity of completing all the buildings which have to be built under the sanction conveyed by this Order and the Order of 31st August 1900, and they will have no objection if the Deputy Commissioner on his own responsibility and with the concurrence of the Chief Engineer can get the Mining Board to undertake the construction of the necessary quarters. If, in the meanwhile, temporary accommodation is required, the Deputy Commissioner is authorized to spend about Rs. 1,000 to run up temporary sheds.

9. The Inspector General is requested to see that proper effect is given to this order and especially that the house accommodation is soon made available for the additional Police.

H. V. NANJUNDAYYA,

READ—

Letter No. 882, dated 21st December 1901, from the District Superintendent of Police, Civil and Military Station of Bangalore, to the First Assistant to the Resident in Mysore, received with the First Assistant to the Resident's endorsement No 50, dated 6th January 1902.

I have the honor to invite a reference to paragraph 2 of your letter No. 3386—219-1900 of 14th July 1900, to the Dewan of Mysore. In accordance therewith Mysore Magistrates cause prisoners arrested under the warrant of British Magistrates to be handed over to the Civil and Military Station, Railway Police, who then escort the prisoners as far as the frontier of British India and there hand them over to the British Police to be produced before the Magistrate who issued the warrant.

(2) To carry out this procedure, it has been decided in communication with the Inspector General of the Madras and Bombay Presidencies that the nearest British frontier where relief could be got is Kuppam on the Bangalore Branch, Madras Railway; Hindupur, on Bangalore-Guntakal section and Ranibennur or Dharwar, on the Bangalore-Dharwar section of the Southern Mahratta Railway and that timely notice should be given to the Superintendents of Police having jurisdiction over these stations.

(3) I request therefore the favor of your addressing the Durbar to issue necessary instructions to the Mysore Magistrates to give me timely notice of the despatch of prisoners to the stations in my jurisdiction so that I can make necessary arrangements with the frontier stations concerned.

No. 12627-35 – J. 1039, DATED BANGALORE, 31ST JANUARY 1902.

ORDER THEREON.—Communicated to the Inspector General of Police and all District Magistrates in Mysore, for information and guidance.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—All District Magistrates in Mysore.
The Inspector General of Police in Mysore.

READ AGAIN—

Government Proceedings No. 11141-43—J. 1179, dated the 22nd February 1901, fixing the salary of Mr. R. B. Plumer, Special Magistrate, Kolar Gold Fields.

READ—

D. O., dated the 14th June 1901, from the Deputy Commissioner, Kolar District, recommending that Mr. R. B. Plumer be confirmed as a Special Magistrate, Kolar Gold Fields, and be given the full salary of the appointment.

No. 12684-86—J. 1054, DATED BANGALORE, 31ST JANUARY 1902.

ORDER THEREON.—Government are pleased to direct that Mr. R. B. Plumer, Assistant Commissioner, Schedule A, 1st Class, be given an allowance of Rs. 200 a month, during the time he is employed in the Gold Fields of the Kolar District, in addition to his pay as Assistant Commissioner, all the allowances now drawn by him being withdrawn with effect from the 1st January 1902.

2. The designation of "Special Magistrate, Kolar Gold Fields" will hereafter be altered into "Assistant Commissioner and 1st Class Magistrate, Kolar Gold Fields."

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Deputy Commissioner, Kolar District.
The Comptroller to the Government of Mysore.
The Registrar of the Chief Court of Mysore.

No. 12673—J. 1043.

OFFICE OF THE DEWAN OF MYSORE,
Dated Bangalore, 31st January 1902.

NOTIFICATION.

In exercise of the power conferred by Section 464 of the Code of Criminal Procedure, and for the purpose of the inquiry prescribed in that section, the Government are pleased to direct that all Assistant Surgeons in charge of Districts—not being Civil Surgeons—shall be competent to examine persons believed to be of unsound mind.

"By Order,"
H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Compiler, *Mysore Gazette.*
The Senior Surgeon with the Government of Mysore.
The Registrar of the Chief Court of Mysore.
All District Magistrates.

LOCAL FUNDS

Proceedings of the Government of Mysore,

READ—

Letter No. 242, dated 1st October 1901, from the President of the District Fund Board, Kolar Circle, submitting for sanction two lists of incomplete works one of District Funds and the other of Local Funds General, requiring appropriation for completing them during the current year and stating that the cost of District Fund works will be provided for in the supplemental District Fund budget for the current year.

Item.	Amount applied for. Rs.	a.	p.
District Fund works	18,950	5	4
Local Fund General works ...	3,445	10	10

No. 11148-49—L. F. 2-1901, DATED BANGALORE, 6TH JANUARY 1902.

ORDER THEREON.—As under Government Proceedings No. 1108-47—Cir. 5, dated 16th April 1892, two different subjects, *viz.*, lists of incomplete works under District Funds and Local Funds General, should not have been submitted with the above communication, the list of Local Funds General works will be dealt with separately.

2. The list of incomplete works to be completed during the current year at a cost not exceeding Rs. 18,950-5-4 is approved with the observation that early submission of the promised supplemental budget providing for the necessary funds is awaited.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the District Fund Board, Kolar Circle.
The Comptroller to the Government of Mysore, with copy of District Funds incomplete works list.

READ—

Correspondence ending with letter No. 278, dated 2nd September 1901, from the Deputy Commissioner, Bangalore, stating with reference to this office docket No. 3303—L. F. 29-00, dated 23rd August 1901, that Rs. 1,319-7-11 were actually paid before 30th June 1901 on works (original and incomplete) undertaken from Local Funds General during the year 1900-01.

No. 11358-59—L. F. 29-1900, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON.—In the above the Deputy Commissioner reports that owing to the great demand for drinking water wells which existed in April 1901, he sanctioned new works costing Rs. 6,369 in excess of the allotment sanctioned therefor by Government in their Proceedings No. 9480-81—L. F. 29-00, dated 29th June 1901, and incurred excess expenditure of Rs. 216-15-4 on two of the incomplete works for which allotment was sanctioned by Government. It is now reported that the actual expenditure incurred and paid for before the end of June 1901, on both the incomplete and new works referred to, was Rs. 1,319-7-11. This will be sanctioned and the Comptroller authorized to admit the same in the accounts for 1900-01.

	Rs.	a.	p.
(1) Cost of new works sanctioned by Deputy Commissioner in excess of the allotment made therefor from Local Funds General (*vide* No. 1879, dated 28th June 1901) ..	6,344	0	0
(2) Amount to be added for 2 of the above works (*vide* Deputy Commissioner's No. 278, dated 2nd September 1901) . ..	25	0	0
(3) Excess expenditure incurred on 2 of the incomplete works (*vide* Deputy Commissioner's letter No. 128, dated 25th July 1901) ..	216	15	4
Total ..	6,585	15	4

2. In future the system of incurring excess expenditure without the sanction of Government should be carefully avoided in accordance with standing orders, any violation of which will make the officer personally liable for the expenditure incurred. An Assistant Commissioner must at once be deputed to inspect these wells and report their present condition in full detail within a month from the date of the receipt of this order.

H. V. NANJUNDAYYA,

To—The President, District Fund Board, Bangalore.
The Comptroller to the Government of Mysore.

Memo No. 11360-68—L. F. 29-1900, dated 8th January 1902.
Copies to Presidents of other Local Fund Boards and Presidents of Municipalities.

READ—

Letters Nos. 751, 755, 90 and 155, dated respectively 20th and 19th June, 9th September and 11th November 1901, from the President of the Sanitary Board, Kolar Gold Fields, submitting the explanation called for in Government Proceedings Nos. 14812-23—L. F. 10-01 and 2318—L. F. 10-01, dated respectively the 7th May and 7th August 1901, as also the revised budget estimates of the Gold Fields Sanitary Board for 1901-02.

(2) Letter No. 811, dated the 2nd November 1901, from the Comptroller in Mysore, stating that the balance at the credit of the Kolar Gold Fields Sanitary Board on 1st July 1901, as per preliminary accounts, was Rs. 14,930.

No. 11407-18—L. F. 10-1901, DATED BANGALORE, 9TH JANUARY 1902.

RECEIPTS.

ORDER THEREON.—*76 per cent of Local Cess.*—The President now reports that the probable arrears of "76 per cent of Local Cess" remaining to be collected at the beginning of 1901-02, was Rs. 54-0-4. Adding to this, Rs. 1,551-0-11, the anticipated collection during the current year, the total demand under the head amounts to Rs. 1,605-1-3, to which the estimate for the current year was proposed in the President's letter No. 90, dated 9th September last, to be reduced. In his later communication No. 155, dated 11th November 1901, the President further proposes to reduce the estimate, probably through an oversight, to Rs. 1,183-11-8, which is the actual demand of 76 per cent of Local Cess on Land Revenue, exclusive of cess on other items, which is properly creditable to the Board. A sum of Rs. 1,605 will, therefore, be entered under this head, in lieu of Rs. 2,135 allowed to stand tentatively in the original budget.

2. "*VI. Slaughter-house Fees.*"—As it is now reported that the right to collect slaughter-house fees during the current year has been sold for Rs. 6,000, the estimate under this head will be raised from Rs. 4,000 to Rs. 6,000.

3. "*IX. Rents.*"—The new estimate of Rs. 800 expected to be collected by renting cooly huts to be erected from March to the end of June 1902, is approved.

4. "*X. Loans.*"—As it is now reported that the loan sanctioned by Government has not yet been utilized, an estimate of Rs. 20,000 will be entered under this head, the provision of Rs. 2,800 made in the original budget on the side of expenditure on account of repayment of loan being struck out.

5. *Opening Balance.*—In lieu of the approximate estimate of Rs. 1,612 entered in the original budget, a sum of Rs. 14,930 which represents the balance in favor of the Board on 1st July 1901 as per preliminary accounts of the Comptroller for 1900-01, as shown in the margin, will be adopted. It is noted that the large increase under this head is partly due to the larger revenue actually realized during the year 1900-01, and to the decrease in expenditure as compared with the sanctioned estimate for the year.

	Rs.	a.	p.
Opening balance on 1st July 1900 ...	4,977	14	3
Add actual receipts ...	19,010	2	7
Total ...	23,988	0	10
DEDUCT EXPENDITURE.

C. Civil Charges	8,280	5	6
	9,057	10	5
Closing Balance ...	14,930	6	5

6. *A. Public Works to be executed by the Public Works Department.*—The provision of Rs. 20,000 made under "I Original works" for the marginally noted items of which (i) and (ii) are under progress, as also the allotment of Rs. 3,500 made for supervision charges under "III. Establishment" is approved.

WORKS.	Estimate. Rs
(i) Erecting enclosure for the sante site at Ooregum ...	8,000
(ii) Erecting slaughter-houses	4,000
(iii) Sanitary Inspector's quarters	5,000
(iv) Overseers' quarters	3,000
Total	20,000

7. *B. Public Works to be executed by the Sanitary Board.*—The supplemental grants proposed under this head, *viz.*, Rs. 12,640, for works noted in the margin as well as the provision for supervision charges entered under "III. Establishment," is approved.

WORKS.	Estimate Rs.
(i) For erecting 200 cooly huts at Rs. 55 each in cooly colony	11,000
(ii) For improving Ooregum village	640
(iii) For completing the incomplete works of previous years.	1,000
Total	12,640

8. *C. Civil Charges (V) Miscellaneous, Unforeseen Expenses.*—An increase of Rs. 250 under this head is considered necessary to meet charges connected with the prevention of cholera, etc. The provision is passed.

9. The budget estimate of receipts and expenditure of the Kolar Gold Fields Sanitary Board for 1901-02, as now revised, will stand as hereunder. The particulars are given in the accompanying appendix:—

	Rs.	Rs.
Opening Balance		14,930

IX. Letter No. 2800, dated 22nd May 1901, from the Chief Engineer of Mysore.

No. 11525-34—L. F. 40-1900, DATED BANGALORE, 11TH JANUARY 1902.

ORDER THEREON.—In November 1900, the President, District Fund Board, Kolar, proposed the payment of three prizes yearly to the kotvals of travellers' bungalows for the best-kept compounds and gardens and the majority of the other Presidents and the Chief Engineer consulted are in favor of the proposal. Government consider that the bungalow compounds are much neglected at present and the proposed payment will be a great inducement to keep them neat and tidy and accordingly sanction, as a tentative measure for the next two years, the annual award of a prize of Rs. 10, 8, 5 to bungalow servants for the best compounds of the 1st, 2nd and 3rd class travellers' bungalows in each Local Fund Circle, the charge being debited to the Civil budget in the case of the 1st and 2nd class bungalows and to the District Funds of the Board concerned in the case of the 3rd class bungalows.

2. The Deputy Commissioners are requested to submit a report on the condition of the bungalow compounds at the end of the two years for which the award of prizes is sanctioned.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

READ—

Letter No. 109, dated the 3rd January 1902, from the Deputy Commissioner, Bangalore District, to the Assistant Secretary to the Government of Mysore, Local Boards Branch.

I have the honor to report that since the 13th of November 1901, the date on which the town of Channapatna was re-infected, there have been no less than 324 attacks and 162 deaths from plague and the infection has spread to the neighbouring villages of Mangadahalli, Tore Hosur, Mainaikana Hosahalli and Chakkere where there have been 17 attacks and 11 deaths since the 29th December 1901. It is impossible to expect the Taluk Amildar to give that attention to plague matters, (such as evacuating of villages, segregation of contacts, providing for the destitute, sick and the infirm, and the disinfection of houses, etc.,) which is absolutely necessary if he is to effectively cope with the outbreak, without any assistance as it is well known that he has multifarious duties to attend to. With the aid, however, of a Plague Inspector whose whole time and attention will be devoted to plague he (Amildar) should be able to deal effectively with the outbreak. I would therefore request very early sanction to the entertainment of one Plague Inspector on Rs. 30+10 and four Plague peons at Rs. 7 each, at a total cost of Rs. 68 per mensem.

No. 11847-8—L. B. (P.) 1355, DATED BANGALORE, 18TH JANUARY 1902.

ORDER THEREON.—The establishment costing Rs. 68 per mensem recommended in the above is sanctioned, the date of entertainment being reported to the Comptroller direct.

2. The Deputy Commissioner is informed that whenever an application is made for additional establishment he should invariably submit in the prescribed form a proposition statement showing the establishment already sanctioned and the additional establishment newly applied for.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Bangalore District.
The Comptroller to the Government of Mysore.

READ—

Para 3 of the diary of the Health Officer, Bangalore City, dated the 5th October 1901, suggesting that accommodation may be provided at Government cost to the working classes in the Bangalore City and given to them on rent-purchase system.

ALSO—

Correspondence ending with Memo No. 5947, dated the 14th November 1901, from the Chief Engineer of Mysore, forwarding two alternative estimates for constructing cooly huts as also an estimate for Rs. 28,000, for removing and re-building Patnulpet, Bangalore City.

No. 12057-61—L. B. (P.) 1369, DATED BANGALORE, 23RD JANUARY 1902.

ORDER THEREON.—The estimate for Rs. 28,000, for the removal of Patnulpet is sanctioned, the amount being spent for the construction of new houses for accommodating those whose houses are taken up for demolition without payment of compensation. It is believed that the consent of the residents of these houses has been obtained to the adoption of the above course.

2. The site for the new Patnulpet should be selected in consultation with the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

3. The question of constructing sheds for the accommodation of the houseless and migrating coolies will be deferred for the present.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, Bangalore City Municipality, for information and communication to the Health Officer.
The Deputy Commissioner, Bangalore District.
The Chief Engineer in Mysore, with sanctioned estimate.
The Comptroller to the Government of Mysore, with copy of the estimate.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

OFFICE OF THE DEWAN OF MYSORE,

NOTIFICATIONS.

The following Notification No. 2, dated the 2nd January 1902, issued by the Government of India, is republished for general information :—

Whereas the Governor General in Council is satisfied that there is a danger of an outbreak of dangerous epidemic disease at Allahabad, if pilgrims or other persons from the Salem, Bellary, North Arcot and Coimbatore Districts of the Madras Presidency, the Bombay Presidency (including Sind), Calcutta, and the Patna Division and the Hazaribegh and Sonthal Parganas Districts in Bengal, the Jullundur, Hoshiarpur, Gurdaspur. Sialkot, Ludhiana, Lahore and Umballa Districts, and the Patiala, Kapurthala and Nabha States of the Punjab, the Mysore and Baroda States, the Aurangabad and Lingsagur Districts of the Hyderabad State, and the Jummu Province of the Kashmir State, are permitted to assemble at that place on the occasion of the ensuing Magh Mela during the months of January and February 1902 :

In exercise of the power conferred by Section 2, Sub-Section (1), of the Epidemic Diseases Act 1897 (III of 1897) the Governor General in Council is pleased to direct that no tickets to travel by railway to the stations of Allahabad, Naini, Karchana, Jasra and Bamhrauli on the East Indian Railway, shall be sold during the months of January and February 1902, within the Salem, Bellary, North Arcot and Coimbatore Districts of the Madras Presidency, the Bombay Presidency (including Sind), Calcutta, and the Patna Division and the Hazaribagh and the Sonthal Parganas Districts in Bengal, the Jullundur, Hoshiarpur, Gurdaspur, Sialkot, Ludhiana, Lahore and Umballa Districts and the Patiala, Kapurthala and Nabha States of the Punjab, the Mysore and Baroda States, the Aurangabad and Lingsagur Districts of the Hyderabad State and the Jammu Province of the Kashmir State, to any pilgrim or other person intending or believed to be intending to proceed on pilgrimage to the Magh Mela at Allahabad.

L. B. B.—MUNICIPAL

Proceedings of the Government of Mysore,

READ—

Letter No. 386, dated the 9th November 1901, from the President of the Municipalities in the Mysore District, soliciting sanction to the formation of a Municipality at Tagadur in the Nanjangud Taluk.

No. 11748—L. F. 341-96, DATED BANGALORE, 17TH JANUARY 1902.

ORDER THEREON.—Having regard to the early introduction of the Local Boards Regulation, which provides for Village Unions, Government consider it undesirable to introduce a Municipality into small villages as the one under reference.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The President of the Municipalities in the Mysore District.

Memo No. 11749-55—L. F. 341-96.

Copy forwarded to the Presidents of the Municipalities in other Districts for information.

READ—

Letter No. 995, dated the 6th December 1901, from the Comptroller, Mysore Government, soliciting instructions in regard to the adjustment of the Medical charges of the dispensary at Malleswaram.

No. 12035-36½—L. F. 116-95, DATED BANGALORE, 23RD JANUARY 1902.

ORDER THEREON.—Government are pleased to direct that the Medical charges of the dispensary in the Malleswaram extension be debited to the State Medical budget.

2. The President of the City Municipal Commission, Bangalore, is, however, requested to expedite proposals for bringing the extensions within the Municipal limits as already directed in Proceedings No. 11399—L. F. 116-95, dated 8th January 1902.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The President, Bangalore City Municipality.
The Comptroller to the Government of Mysore.
The Senior Surgeon to the Government of Mysore.

READ—

Letter No. 542, dated the 7th January 1902, from the Deputy Commissioner of the Mysore District, submitting for publication in the *Gazette* a declaration and statement for the acquisition of certain lands in the town of Gundlupet for opening out a road from the Hospital to the Fort.

No. 12238—L. F. 87-96, DATED BANGALORE, 24TH JANUARY 1902.

ORDER THEREON.—The declaration and statement received with the above will be forwarded to the Compiler, *Mysore Gazette*, for publication.

2. The Deputy Commissioner is authorized to take order for the acquisition of the said lands under the Land Acquisition Regulation.

3. The Deputy Commissioner is informed that in future cases, the necessity for undertaking the work, the amount of compensation payable therefor, and the source from which the amount has to be paid, should be fully explained.

READ—

The following replies to Government Proceedings No. 706-15—L. F. 71-97, dated 17th July 1901, in regard to the apportionment among the several District Fund and Municipal Boards of the cost of Stationery articles supplied from the Government stationery Depot during the year 1900-01, as detailed in the list received with docket, No. 461, dated 27th June 1901, from the Superintendent of Stationery.

No.	Letter.	No.	Date.	From whom.
1	Letter ...	23	19th July 1901	President of the Bangalore City Municipal Commission.
2	Do ...	83	25th July 1901	President of the Mysore City Municipal Commission.
3	Do ...	302	5th September 1901 ...	President of the Municipalities in the Bangalore district
4	Do ...	89	29th July 1901	Ditto Kolar district.
5	Do ...	360	8th October 1901	Ditto Tumkur district.
6	Do ..	181	21st August 1901	Ditto Mysore district.
7	Do ..	203	20th September 1901 ...	Ditto ditto
8	Do .	67	6th August 1901	Ditto Hassan district.
9	Do ...	329-16	2nd October 1901	Ditto Shimoga district.
10	Do ..	162	31st September 1901 ...	Ditto Kadur district.
11	Do ...	101	31st July 1901	Ditto Chitaldrug district.

No. 12302-11—L. F. 71-97, DATED BANGALORE, 25TH JANUARY 1902.

ORDER THEREON.—The Presidents of the Municipalities in the Kolar, Tumkur, Mysore and Shimoga Districts propose to distribute the cost of the stationery articles supplied to them from the Stationery Depot between the District and Municipal Funds in the proportions of $\frac{2}{3}$rds and $\frac{1}{3}$rd, respectively, while those of Hassan, Kadur and Chitaldrug Districts recommend that the charge be debited to both the funds in equal proportions, the President of the Municipalities in the Bangalore District proposing to debit the cost entirely to District Funds on the ground that no portion of the stationery articles supplied were utilized in the Vice-Presidents' offices.

2. The most suitable rule would be that the cost of stationery articles is debited to the Municipal and District Funds of all the Districts including Bangalore and Hassan in the same proportions* in which the cost of the District office establishment is met. The Comptroller is authorized to adjust the cost of the stationery articles supplied during the year 1900-01, amounting to Rs. 1,191-1-2, by a debit to Municipal and District Funds as shown in the following statement and credit to the Stationery Depot:—

	District Funds.	Municipal Funds.
*Bangalore, Kolar, Tumkur, Mysore, French Rocks, Hassan, Shimoga	$\frac{2}{3}$ ...	$\frac{1}{3}$
Kadur and Chitaldrug ...	$\frac{1}{2}$ ...	$\frac{1}{2}$

The President of the District Fund and Municipal Boards of Kadur brings to notice that when he asked the Superintendent of the Stationery Depot to give him a list of the prices of the several articles supplied from the Depot, the latter Officer pleaded inability to do so. As the Presidents will not otherwise be able to adjust the cost of the articles supplied by proper debits to the Board concerned in the proper proportion, the Superintendent of Stationery is requested to intimate the value of each article supplied by him and the total cost payable to the Depot. The President will then distribute the stationery between his office and those of the Vice-Presidents and submit for the sanction of Government a consolidated bill of charges, showing the amount payable by each Board and the sources in the budgets concerned from which the charge can be met.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of the Stationery Depot.
The Presidents of the Municipal and Local Fund Boards in the several Districts.
The Comptroller to the Government of Mysore.

REVENUE

Proceedings of the Government of Mysore,

READ AGAIN—

Proceedings of Government No. 4590-98—R. 1785, dated 11th November 1895, directing the postponement of the collection of assessment on temple Khalsat lands in actual enjoyment of temples till the disposal of the question as to how these lands should be dealt with.

READ ALSO—

(i) Letter No. 748, dated 30th April 1897, from the Superintendent of Revenue Survey in Mysore, enquiring whether any decision has been arrived at as to how Khalsat lands actually enjoyed by temples should be dealt with.

(ii) The following communications from the Secretary to Government, Muzrai Department, forwarding statements showing the amount of Khalsat assessment imposed on Devadaya Inam lands in the actual enjoyment of the several temples in the State:—

(1) Docket No. 1276, dated 15th June 1897.
(2) Docket No. 233—M. F. 37-96, dated 13th August 1897.
(3) Docket No. 326—M. F. 37-96, dated 7th September 1897.
(4) Docket No. 343—M. F. 37-96, dated 11th September 1897.
(5) Docket No. 871—M. F. 37-96, dated 18th January 1898.
(6) Docket No. 1405—M. F. 37-96, dated 14th May 1898
(7) Docket No. 463—M. F. 37-96, dated 8th November 1899.

(iii) Letter No. 465, dated 15th January 1899, from the Deputy Commissioner, Tumkur District, requesting that some temple Inam lands in the Kunigal Taluk, which had been brought under full assessment in accordance with the instructions of the Superintendent of Revenue Survey, prior to the receipt of the Government Order of 11th November 1895, be ordered to be re-transferred to the head "Temple Inamti" in the accounts till the final disposal of the question.

(iv) Docket No. 326, dated 23rd November 1899, from the Deputy Commissioner, Hassan District, requesting early orders regarding the collection or remission of Khalsat assessment on temple Inam lands.

(v) Letter No. 764, dated 12th February 1901, from the Deputy Commissioner, Mysore District, on the same subject.

(vi) Letter No. 52, dated 9th July 1901, from the Deputy Commissioner, Bangalore District, requesting early orders on the subject.

No. R. 2973-83, DATED BANGALORE, 9TH JANUARY 1902.

ORDER THEREON.—This matter which has long been pending was again urged before Government in the Dasara Representative Assembly of 1901. The statements received from districts through the Muzrai Department do not furnish complete and accurate information on a uniform basis. It has been, however, gathered from them that the amount of excess involved is in the aggregate about Rs. 31,500 per annum, though they are made up of hundreds of very small individual items

2. Much opposition has been always shown to this fresh imposition and as a matter of fact no portion of it was ever collected. On the other hand, the collection has been for the last several years held in abeyance and an expectation held out that the Khalsat assessment would be sooner or later remitted. The result has been an undeniably large accumulation of very old arrears encumbering the accounts.

3. The Inam lands are intended solely for the benefit of the temples concerned and their continuance as Inam is absolutely necessary to ensure service being performed in a proper manner for the prosperity of His Highness the Maharaja and the State of Mysore according to the original intention of the several grants. In consideration of the abovementioned circumstances and to free these institutions from petty annoyances, the Government have after careful consideration come to the conclusion that this increased assessment in the shape of Khalsat should be remitted, and they are accordingly pleased to direct that the amount of Khalsat assessment due on such of the Inam lands as are actually in the enjoyment of temples be written off the accounts, and its levy foregone in future, the excess lands being treated as forming part and parcel of the original grant.

4. The Deputy Commissioners of Districts are requested to submit for record in the Government office accurate statements showing clearly the area and assessment of the entire Inam, the Jodi payable to Government, and the area and assessment of the portion treated as Khalsat but now confirmed as Inam.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Superintendent of Inam Settlements and Revenue Survey in Mysore.
The Deputy Commissioners of Districts.
The Deputy Secretary to Government, Muzrai Department.
The Comptroller to the Government of Mysore.

READ—
The following letters from the Deputy Commissioners of Districts (except Mysore) on the subject of allotment for advances to be made for Irrigation wells during the year 1901-02:—

Letter No.	Date.	From whom.
1746	4th June 1901 ...	Deputy Commissioner, Bangalore.
4568—725	12th June 1901 ...	Ditto Kolar.
1174	5th June 1901 ...	Ditto Tumkur.
208	24th August 1901 ...	Ditto do.
730	4th June 1901 ...	Ditto Hassan.
150	9th September 1901 ...	Ditto do
1070—880	3rd June 1901 ...	Ditto Shimoga.
721	31st May 1901 ...	Ditto Kadur.
997	31st May 1901 ...	Ditto Chitaldrug.

No. R. 2963-72—R. F. 3-1901, DATED BANGALORE, 9TH JANUARY 1902.

ORDER THEREON.—In Government Proceedings No. 6825-33—R. F. 6-1900, dated 6th March 1901, the Deputy Commissioners' attention has been drawn to the fact that, before further grants are asked for, which under present financial condition cannot be sanctioned, they should see to the early completion in a satisfactory manner of all wells for which loans have already been promised or partly paid but which have not made the progress that Government had a right to expect. The report called for has not been received from the Deputy Commissioners of Bangalore and Chitaldrug although a time was specified within which such reports were ordered to be sent. The Deputy Commissioners concerned will now send up these reports which are already overdue with such explanations as they may have to offer for not carrying out a plain direction of Government. The matter is one which requires the serious notice of Government. Though no new wells have been probably sanctioned under the above order yet it is believed that second or third advances have to be made for wells which have been already started and for which loans have already been sanctioned and 1st or partial advances have been made. For this purpose, the Comptroller, Mysore Government, is requested to place at the disposal of the Deputy Commissioners of the following districts a sum of Rs. 9,000 as shown below:—

	Rs.
Bangalore	1,500
Kolar	2,000
Tumkur	2,500
Chitaldrug	2,500
Shimoga	300
Hassan	200
Total ...	9,000

The fortnightly statements in the prescribed form showing the advances made and the number of wells completed, for which final loan orders have been issued, will be submitted as usual.

READ—

Memo by the Superintendent, Revenue Survey, received in August 1901 on the subject of treatment at revision of assessment of gardens irrigated by means of wells.

No. R. 3138-46—R. F. 8-1900, DATED BANGALORE, 24TH JANUARY 1902.

ORDER THEREON.—After mature consideration, the Government of Mysore are pleased to direct that the revision of assessment on well-irrigated lands be carried out at the re-survey according to the following principles :—

(i) Well-irrigated land brought under irrigation since the last settlement to be assessed at simple dry crop rates, if the wells belong to class I ; and within the highest dry rates, if the wells fall under classes II and III.

(ii) Well-irrigated land recorded as such at the last settlement should be assessed at dry rates, if the well supply has failed.

(iii) Well-gardens, recorded as such at the last settlement, shall be assessed within the highest dry crop rate, if they solely depend on wells which receive no aid directly or indirectly from Government works and fall under class I.

(iv) Well-gardens recorded as such at the last settlement if they are irrigated from wells falling under class II or III will be assessed on their merits.

(v) Well-gardens enjoying both well and tank supply (class IV) should be assessed on the superior supply, *i. e.*, the tank.

(vi) The existing rates on lands referred to in Rules ii, iii and iv, above, are not to be raised at the revision.

The following is a rough description of the classes of wells referred to above :—

I. Wells purely self-dependent situated neither below or above any Government tank, nor below any Government channel, subdivided as follows :—

(a) Pucka wells, crops grown various,

(b) cheap, often merely temporary wells used for what is known as "Kushki Bagait," almost always cocoanut cultivation, water only necessary whilst trees are young.

II. Wells sunk all along the banks of streams and for the most part *outside* the boundaries of the occupancies they irrigate. These wells are not very costly.

III. Wells sunk within a tank series, either above or below a Government tank or below Government channel. These wells are directly or indirectly dependent on Government works; when they are in the "Atchkat" of a tank, the holders prefer the percolation to supply by gravitation from the tank or other work. They like having complete control over the water they use. In all these wells, the existence and maintenance of Government tanks is of vital importance as keeping up the level of the water in the wells.

IV. Wells under a tank or other work and only supplementary to the tank or channel supply.

Letter No. C. 248, dated 5th August 1901, from the Deputy Commissioner, Kolar District recommending that permission may, as applied for, be granted to Shanbhog Subbaiya of Ablodu and three others, to restore the dilapidated Government tank called Nundikere in the Basettihalli hobli, Sidlaghatta Taluk.

No. R. 3181-3, DATED BANGALORE, 25TH JANUARY 1902.

ORDER THEREON.—The tank in question was breached 20 or 30 years ago and was abandoned by the Revenue and Public Works Departments, as the cost of restoration,

which is now estimated at Rs. 2,477, was found disproportionate to the increase of revenue expected. Shanbhog Subbaiya of Ablodu, Patel Eregauda of Haralhalli and two others of kasba hobli have come forward to undertake the restoration of the tank according to design and estimate by the Public Works Department under the following conditions :—

I. That the atchkat of the tank as also the dry and kharab lands that may hereafter be brought under wet cultivation may be given them without sale and with remission of $\frac{1}{4}$th of the Survey assessment.

II. That the leaves of the honge trees in the bed and on the bund of the tank may be given them free for agricultural purposes.

2. The total atchkat of the tank is 14 acres and 31 guntas with an assessment of Rs. 83-12-0 of which land measuring 1 acre and 32 guntas assessed at Rs. 10-8-0 is now under cultivation. The additional dry and banjar lands to be brought under wet cultivation after restoration is estimated at 16 acres and 26 guntas with an approximate assessment of Rs. 87. Thus the total revenue would amount to about Rs. 170. The Public Works Department officers, who were consulted, have no objection to the restoration of the tank by private enterprise. Without in any way interfering with any existing Government tank, it would prove as a *silt-dam* to the major Government tank below, called Bandammankere, which was restored at a great cost and into which a large quantity of silt is being washed year after year. The parties have bound themselves by a muchalika to restore the tank in two years according to approved plan and estimate, even without requiring any remission of assessment on that account.

3. Under the foregoing circumstances, sanction is accorded to the re-construction of the tank in question by the applicants in such a manner as not to endanger the safety of the tank below and to the grant to them of all unoccupied lands situated below the tank without sale, subject to the payment of such assessment on the unassessed culturable lands as may be fixed by the Survey Department. As observed above, the applicants are prepared to take up the repairs without chowthayi remission. They may be allowed to remove, without injuring the trees, leaves from honge trees in the bed and on the bund of the tank for using as manure for the lands under the said tank. They may enter on the lands only after the tank has been restored and the work is certified to have been satisfactorily done by an officer of the Public Works Department. A muchalika to this effect should be taken from the applicants. One-fourth remission will be allowed on the land now in occupation, *viz.*, 1 acre and 32 guntas, assessed at Rs. 10-8-0.

The Annual Report on Meteorology for the year 1900, received with letter No. 480, dated 16th December 1901, from the Director of Meteorology in Mysore.

No. R. 3188-96— R. F. 56-97, DATED BANGALORE, 25TH JANUARY 1902.

ORDER THEREON.—*Atmospheric Pressure.*—The eight years' average yearly mean reduced to sea-level and corrected for gravity to latitude 45° for the four stations of Bangalore, Hassan, Mysore and Chitaldrug, ranged between 29·766 and 29 786 against 29·768 and 29·789 in 1899. As usual, June was the month of lowest pressure and December that of the highest. The yearly mean for 1900, when compared with the average for the past eight years shows, a slight increase varying from ·006 in Chitaldrug to ·012 in Mysore, the increase in Bangalore and Hassan being ·011.

Temperature.—The variations of the mean dry temperature for 1900, from the average of the past eight years were as shown below : —

	Bangalore.	Hassan.	Mysore.	Chitaldrug.
Average for 1893-1900 ...	75·2	73·6	76 6	77·8
Variation from the average ...	+1·1	+1·4	+1·4	+1·9

The month of April, which is normally the hottest, had an average maximum temperature much above normal, and May was no less than 3·7° above the normal for the whole State. The extremes of temperature were much above normal for all the seven months, January to July, at all four stations.

Humidity.—The average mean humidity for the past eight years was between 57 and 62. The mean humidity for the year 1900 was below normal.

Rainfall.—The average rainfall for the past eight years was 30·92 inches, and the fall during the year was below the average by 8·29 inches, the greatest deficiency of 9·71 occurring in the Chitaldrug District.

Wind Velocity.—The greatest wind velocity for any day during the year was 532 miles per day at Mysore, 412 miles at Bangalore and 182 miles at Hassan on the 3rd August. At Chitaldrug, the maximum velocity, *viz.*, 401 miles, was on the 4th July, the velocity on the 3rd August being 360 miles.

The Report, which is full of interesting details and diagrams, will be published and copies distributed as usual.

Letter No. 565—471, dated 11th December 1901, from the Deputy Commissioner, Shimoga District.

No. R. 3209-10, DATED BANGALORE, 25TH JANUARY 1902.

ORDER THEREON.—Patel Virabhadraiya applies for the grant of Survey No. 99, dry, measuring 16 acres and 27 guntas and assessed at Rs. 20 in the Hossur village, Shikarpur Taluk, for cultivation on reduced assessment for six years. He offers to pay $\frac{1}{6}$th of the assessment in the first year, $\frac{2}{6}$ths in the 2nd, and so on till the full assessment is reached in the 6th year. In recommending the grant of the land to the applicant on these terms under Section 44 of the new Land Revenue Rules, the Deputy Commissioner reports that the land has been lying waste for several years past and is unfit for cultivation, being cut up by the flow of water and overgrown with jungle and weeds; that an outlay of about Rs. 100—120 seems necessary for reclaiming the land for cultivation; and that the villagers are not willing to take it up on full assessment or any other favorable terms. The Deputy Commissioner's recommendation is accordingly sanctioned.

H. V. NANJUNDAYYA,

FINANCIAL

Proceedings of the Government of Mysore,

READ—

Letter No. 183, dated 10th July 1901, from the Comptroller to the Government of Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit to Government two statements together with a short review showing the working of the Treasuries in the Province during 1899-1900, and part of 1900-01.

2. From these it will be found that in spite of clear instructions and circular orders from this office there is yet a great want of punctuality in the submission of Treasury accounts and their accompaniments. The subsidiary returns and vouchers that ought to accompany the monthly accounts and without which no audit, compilation, and booking is possible in this office, are received complete sometimes, only in the third and fourth month following that to which they relate.

3. As regards the quality of work, it will be found that except in the State Huzur Treasury where payments are made on pre-audited bills, the number of audit objections issued is very heavy, showing that the Treasuries and disbursers responsible for the payments have not at all exercised that amount of examination and scrutiny which the Codal Rules require before payments are made.

4. Ever since I took charge of this office I have been frequently bringing these facts to the notice of the Government and during my inspection of these Treasuries, have always been impressing upon the officers concerned the great necessity there is for punctuality, exactitude and method in the preparation and submission of these original accounts, and explaining to them how, by strictly following a few simple rules laid down in the Civil Account Code, these can be effectually secured.

5. In the month of October 1899, I also prepared a circular memorandum embodying these simple rules in a less technical and more amplified form and sent it round to all the Deputy Commissioners of Districts with a D. O. letter begging for their personal attention to this important matter and for their co-operation in my endeavours to bring up the standard of efficiency of our Account Department as near as possible to that of the British Government.

6. In the month of June 1900, when all the Deputy Commissioners were assembled at Mysore, for the Royal Marriage, I availed myself of that opportunity and had a meeting of them all convened under the orders of Government. In this meeting I explained in detail where the defects lay and what the remedies were; but the meeting dissolved with a simple general promise from the Deputy Commissioners of a better state of things for the future. Government Order No. 668-78—Fl. 65, dated 23rd July 1900, was accordingly issued on these lines.

7. How far this promise has been fulfilled, what more personal attention has been since paid by the Deputy Commissioners to this branch of their office, the details in the accompanying statements and the reports of inspection of the accounts of the Bangalore and Mysore District Treasuries will show.

8. The reason generally assigned for this state of things is want of sufficient establishment. I give below a comparative statement of the scale of establishments of an average Collector's office in the Madras Presidency and of an average Deputy Commissioner's office in our Province :—

9. Taking into consideration the area, population and revenue of a medium Collectorate in the Madras Presidency it will be seen from the statement that the strength of our Deputy Commissioner's office as a whole compares very favorably with that of a Collector's office, though the members thereof are not in a few instances so highly paid.

10. In British India there is no separate branch of Revenue accounts as in this Province, both the branches being placed under one Gazetted Officer, the Treasury Deputy Collector, who is also personal assistant to the Collector. Why in this Province accounts were divided into two branches, one under the direct order of the Deputy Commissioner and another under his Treasury Assistant, I cannot find out from the records of my office. Both the accounts and returns being compiled from the same source of information, viz., the village accounts, I do not know what necessity there was for two separate agencies for account both in the Taluks and in the District offices. But this much I can say, that this division is the cause of considerable delay, unnecessary correspondence and labor, in regard to the returns to be submitted to this office as well as in regard to those due to Government. Considerable differences are always noticed between the figures furnished by the Account Branch under the direct orders of the Deputy Commissioner and those of the Treasury Account Branch. This necessitates a great deal of correspondence, corrections and transfers, all of which can be avoided if the entire Account Branch be placed under the Treasury Assistant.

11. The class, description and number of these monthly and periodical returns are almost the same as in British India and all of them, with the single exception of the Land Revenue demand, collection and balance statement, are required to be compiled by the Account Department under the Treasury Deputy Collector. In this Province the Deputy Commissioner as President has direct charge of the Municipal, District and Local Funds General as also the compilation of the periodical returns, such as prices current, return of cattle, etc. All those returns which embody figures appearing in the Treasury accounts have to be sent to that branch for verification and certificate—an unnecessary labor and delay which can be avoided if the Treasury Assistant has charge of all District accounts and returns as in British India. I find that in the Taluks also there is a similar unnecessary division of work.

12. This distribution of work is also in a great measure responsible for the absence of personal interest in Treasury matters, both on the part of the Deputy Commissioners of Districts and of Amildars of Taluks. It has also created a general impression that the Treasury Assistant is the head of an independent office directly responsible to the Central Account office so much so that instances are not wanting of Deputy Commissioners and their Treasury Assistants exchanging communications in a formal official manner as between two independent offices. The same impression prevails in the Taluks also, the Amildar holding his Sheristadar directly responsible to the Treasury Assistant Commissioner and himself being independent of him. Government Order No. 10242—G1. 203, dated 11th February 1879, directing that only such Assistant Commissioners as are in Revenue charge of Taluks should issue orders to the Amildars not those in charge of Treasuries has, not only strengthened this impression but has also in a great measure reduced the authority and prestige of the Treasury Assistants in the eyes of Taluk authorities. In British India the Treasury Deputy Collectors issue *orders* to the Tahsildars in the District under their own official designation as any other Deputy Collector.

13. In British India, a full-time Deputy Collector of some standing is always put in charge of the Treasury, so that he may not only be in charge of the Collector's office routine work as his personal assistant, but also devote his whole time to Treasury work and to the preparation of all accounts, returns, statements due from the Collector both to the Accountant General and to the Board of Revenue. In this connection, I beg to invite attention of Government to Article 341, Civil Account Code, Volume I, Correction List dated 15th December 1900.

14. My office has been recently organized and distribution of work made almost on the same lines as in British Account offices. With a few exceptions all the suggestions of Mr. Biddulph and the procedure laid down in British Account Code have been adopted and introduced. To carry out the reforms effectually and continue to maintain them in as systematic and methodical manner as is laid down in that Code, it is absolutely necessary that the same amount, of punctuality, method and system should obtain in the District and Taluk offices that have to maintain, compile and submit the initial accounts on which the Provincial accounts and returns are based and from which they are compiled after due audit.

15. I beg, therefore, to suggest that (i) the establishment now employed on the Revenue, the Local and Municipal Funds, the Excise, the Muzrai and all other miscellaneous accounts and returns be amalgamated with the Treasury establishment and constituted into a single branch to be styled the Account Department and placed under the direct orders of the Treasury Assistant as in British India.

(ii) The present Revenue Head Accountant will be the chief ministerial officer of this branch.

(iii) The members of this establishment drawing above Rs. 20, scarcely one or two of whom have at present passed any examination in the Service Regulations and Account Code, should be gradually replaced by men who have passed such examination and duly qualified themselves.

(iv) All Probationary Assistant Commissioners that may hereafter be entertained and also Extra Assistant Commissioners that may hereafter be appointed, be called upon to pass an examination in the Codes and undergo a training for at least three months in my office in view to acquire sufficient practical knowledge of the Treasury procedure and the general system of accounts.

(v) The Amildars and Taluk Sheristadars should also be called upon to pass examination in Service Regulations and the first part of Civil Account Code, Volume I, and the Taluk Treasury Manual compiled by me. The Head and Nagadi gumastas of Taluks should be made to pass an examination in the Taluk Manual.

(vi) The Taluk Sheristadars should, as a rule, be recruited from the Account Branch of the Deputy Commissioner's office.

16. I need scarcely add that this distribution of work and responsibility has the further advantage of relieving the head of a District from a great deal of worry and office routine and affording him more time to devote for inspection and administration of his District.

REVIEW ON THE WORKING OF THE TREASURIES IN MYSORE PROVINCE FOR THE YEAR 1899-00, AND NINE MONTHS OF THE CURRENT YEAR.

State Huzur Treasury.

Officer in charge—
Mr. B. Gopalaiengar.

This is a reserve Treasury and, being located in the same building as the Account office and having the further advantage of being uncencumbered with any Sub-Treasuries, submits its accounts and returns, complete with vouchers, by the prescribed date and quite correctly. The bills cashed here undergo pre-audit in this office, the greater part being salary and establishment bills of Head-quarter officers.

Bangalore District Treasury.

Deputy Commissioner—
Mr. K. P. Puttanna Chetty.
Mr. B. K. Venkatavaradiengar.

Assistant Commissioner—
Mr. M. Annaji Rao.

This Treasury has the heaviest transactions and is responsible for eight Sub-Treasuries. Though rather backward in completeness in the submission of returns and vouchers, it takes the first place in their accuracy, thus indicating careful scrutiny and considering that it has to deal with a larger number of Sub-Treasuries than Kadur and Chitaldrug, it ranks next to the Huzur Treasury in punctuality in submission of accounts. In the return of audit objection slips and statements, it takes second place. The number of requisitions for corrections proposed average four from this Treasury.

Kolar District Treasury.

Deputy Commissioner—
Mr. H. H. Sparkes.
Mr. B. K. Venkatavaradiengar.

Assistant Commissioner—
Mr. C. Krishna Rao.
Mr. K. R. Srinivas Iyengar.

This Treasury is responsible for nine Sub-Treasuries but the transactions are not as heavy as Bangalore. In punctuality in submission of accounts, in the completeness and submission of vouchers and returns and in regularity in bills and vouchers, this Treasury is very backward.

In the return of objection slips, it stands 4th in the list. The number of requisitions for corrections proposed from this Treasury also averaged four per month, a large number for this Treasury.

Tumkur District Treasury.

Deputy Commissioner—
Mr. M. Narain Rao.

Assistant Commissioner—
Mr. Kamaluddin Ali Khan.
Mr. Ahmed Ali.

The number of Sub-Treasuries attached to this District is eight but the transactions are light as compared with Kolar and Hassan. In the return of audit objection slips it is prompter than other Treasuries, while it is next to Bangalore in the matter of accuracy of bills and vouchers.

In punctuality in submission of accounts and in completeness and submission of vouchers and returns it is backward, being 7th and 5th in the list. The average number of requisitions for corrections in accounts proposed is about four per month, not satisfactory.

Shimoga District Treasury.

Deputy Commissioner—
Mr H. V. Nanjundayya.

Assistant Commissioner—
Mr. Ahmed Ali.
Mr. Balasundram Iyer.

Like Tumkur, this Treasury deals with eight Sub-Treasuries but the transactions are heavier. Though 5th in the list in punctuality, it is backward in all other respects, notably in the disposal of audit objection slips. Number of requisitions for corrections proposed by Treasury Officer averages four per month.

Kadur District Treasury.

Deputy Commissioner—
Mr. F. E. C. Carr.

Assistant Commissioner—
Mr. B. Ramasami Iyengar.
Mr. Ananda Rao.
Mr. C. Venkata Rao.

There is a marked improvement noticeable in this Treasury in all respects, particularly in punctuality in the submission of accounts, but the number of Sub-Treasuries attached to it, *viz.*, five, is small.

Number of corrections and transfers applied for averaged two per month, not satisfactory for such a small Treasury.

Chitaldrug District Treasury.

Deputy Commissioner—
Mr. M. S. Narayan Rao.

Assistant Commissioner—
Mr. D. K. Darasha.
Mr. J. Holt.
Mr. Hema Hanumanthiah.

Except in the submission of list of payments and accounts in which its relative position is third, the working of this Treasury is far from satistactory as compared with Hassan, which has the same number of Sub-Treasuries as this. Under the head alterations proposed by Treasury Officer the average is 2·3 per month, not satisfactory.

Mysore District Treasury.

Deputy Commissioner—
Mr. C. Madiah.

Assistant Commissioner—
Mr. K. Mathan.
Mr. A. Ananda Rao.
Mr. A. Devaraj Urs.
Mr. Nanjaraj Urs.

This Treasury is responsible for the transactions of 13 Sub-Treasuries and its transactions also are numerous, the number of subsidiary statements being the largest in the Province, all charges connected with the Palace and Government House Reception are also made payable at this Treasury. In the management of this Treasury there has been no improvement at all—incorrectness of vouchers and returns and detention of objection statements, noticed in 1896-99, still continue. The number of alterations proposed in the accounts, too, is large, being on an average five per month.

Hassan District Treasury.

Deputy Commissioner—
Mr. D. Devaraj Urs.

Assistant Commissioner—
Mr. D. M. Narasinga Rao.

The number of Sub-Treasuries attached to this District is seven. Excepting in the number of alterations proposed in the accounts, which averages 2 per month, there has been no material improvement in the working of this Treasury, though the number of irregularities in bills and vouchers have diminished somewhat.

General Remarks.

From the above it will be seen that, with the exception of the State Huzur and Kadur Treasuries, the working during the period under review under all heads was unsatisfactory. In the matter of punctuality, method and correctness, instead of improvement there has been considerable retrogression.

No. Fl. 955-63—R. F. 213-92, dated Bangalore, 8th January 1902.

Order thereon.—The two statements referred to deal with delays on the part of the several Treasuries in the submission of lists of payments, and cash accounts, schedules and vouchers and other requisitions. The number of other mistakes and omissions is also marked therein against each district. The Comptroller's review shows the relative positions of the Treasuries in regard to submission of accounts and answering objection slips.

2. Government agree with the Comptroller in his remark that, with the exception of the State Huzur Treasury and the Kadur District Treasury, the working in all other District Treasuries was unsatisfactory, and that there has been considerable retrogression in punctuality, method and correctness. It is a matter of regret and disappointment that the old state of things should have continued even after the earnest undertaking by the Deputy Commissioners referred to in Government Order No. 668-78—Fl. 65, dated 25th July 1900, and the issue of strict and clear orders. The Deputy Commissioners in the Treasury Department are once more requested to avoid the delays brought to notice, attend to the omissions and irregularities observed, adopt suitable measures to prevent their recurrence, and strictly adhere to the instructions already issued by Government in the order above quoted.

3. In para 15 of the letter read above, the Comptroller submits proposals for constituting one Account Department including Revenue, Local and Municipal Funds, Excise, Muzrai and all other miscellaneous sections, and placing it under the Treasury Assistant Commissioner, following the system obtaining in British India, as regards the Treasury Deputy Collector and the establishment placed under him. The question is an important one and the Deputy Commissioners are requested to favor Government with their opinion on the subject.

4. Government note with approval the suggestion of the Comptroller that the officials of the Account Department of the Deputy Commissioners' office and of the Treasury should be required to pass an examination in the system of accounts, the Treasary Account Code and the Service Regulations. Proposals are invited from the Deputy Commissioners and the Comptroller specifying such officials and the examination which may be prescribed for them.

5. The Treasury Officers, it is feared, do not sufficiently realize the importance of correct, punctual and methodical work, and if any of them show either apathy or ignorance of details in their discharge of these important duties, special notice will be taken of such officers. The Comptroller and the Deputy Commissioners are requested to report, whenever necessary, the names of such officers for the orders of Government.

6. There is perhaps force in the argument that the orders emanating from the Treasury Officers will not receive prompt attention and compliance from Taluk establishments, as a distinction has been laid down in the mode and style of correspondence ; and the Deputy Commissioners are requested to report whether any modification of the existing system is called for. It may however be distinctly laid down that Taluk Amildars and Sheristadars are expected to give prompt and personal attention to the requisitions from the District Treasury Officer and any neglect on their part in this respect will be severely noticed by Government.

7. Separate orders have been issued regarding the Notes of Inspection of the Bangalore and Mysore District Treasuries made on 12th June 1901 and 28th May 1901, respectively.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Districts.
The Comptroller to the Government of Mysore.

READ—

Correspondence ending with letter No. 6833, dated 21st June 1901, from the Comptroller, Mysore Government, recommending that the establishment of salaried stamp vendors may be replaced by licensed vendors throughout the State.

No. FL. 926-34, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON.—The Comptroller reports that the total cost of the 10 salaried stamp vendors now existing amounts to Rs. 2,736 *per annum*, while the amount of commission that would be payable if the stamps had been sold by licensed vendors, taking the average sales for the last three years ending 1899-00, in all the Districts except Shimoga, would be Rs. 2,554. The total cost of the stamp vendors' establishment thus exceeds the commission payable by Rs. 182 per annum, exclusive of the prospective charge on account of pensions to the members of the establishment, for which one-tenth of the total cost or Rs. 273 should be added. Thus it is stated that the total excess amounts to Rs. 455 a year.

2. The Comptroller is of the opinion that the system of selling stamps through salaried vendors is not only more costly, but is also attended with risk of loss through defalcation of Government money by such vendors, and recommends that this establishment may be replaced by licensed vendors throughout the State, the men already in service being gradually otherwise provided for.

3. Government agree with the recommendation made by the Comptroller, and accordingly direct that the establishment of salaried stamp vendors be abolished throughout the State, the vendors already in the service who are superannuated or have completed their services being retired, and the others absorbed as vacancies occur in other Departments. The present salaried vendors, who will not at once be otherwise provided, may, if they agree, be appointed as licensed vendors under the new system till other appointments are found for them, which should be done at the earliest available opportunity.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

READ—

The Notes on the Inspection of the Bangalore and the Mysore District Treasuries, made on the 12th June 1901 and 28th May 1901, respectively, forwarded by the Comptroller, Mysore Government, with his letter No. 188, dated 10th July 1901 :—

INSPECTION OF THE ACCOUNTS OF THE BANGALORE DISTRICT TREASURY.

Dated 12th June 1901.

TALUKS.

There are nine Taluk Treasuries in this District, of which the Bangalore Taluk Treasury has been amalgamated * with the District Treasury.

* This was done without consulting me. The arrangement is felt as very inconvenient and causes delay in the regular and systematic work of the District Treasury.

WORKING ARRANGEMENT.

2. The Deputy Accountant assisted by two other accountants compiles the Taluk accounts, prepares the cash account, list of payments, subsidiary returns, etc., due to the Comptroller.

He must also check the compilation of the Taluk accounts as laid down in para 3 of my printed Circular Memorandum, dated 28th October 1899.

3. The Head Accountant of the Treasury is in charge of the daily transactions of the District Treasury and has his supervision over the undermentioned accounts :—

(1) Savings Bank accounts.
(2) Revenue and Judicial Deposits.
(3) House-building advance.
(4) Insurance.
(5) Pension payments

4. There is only one clerk for Excise work in the District Treasury. The Treasury complains that the work is too heavy for one hand, which is no doubt true. * Though the Government was pleased to pass an order about a year ago almost to the effect that two hands should work in the Treasury, yet the order has not been brought into force.

* Begs that Government will be pleased to issue necessary instructions to the Deputy Commissioner.

5. There is one clerk for the Savings Bank with an assistant to whom some other work seems to have been given and of course only one is attending to the above.

Procedure.

6. As soon as the Taluk Treasury C accounts are received in the District Treasury, one accountant takes up the same and sees whether the items of receipts and expenditure are supported by challans and vouchers respectively. Then the totals of the receipts and expenditure are compared with the totals of their abstract given in the C account. If both are found to agree, the abstract figure as shown in the C account, whether right or wrong, is posted into the Taluk Receipt and Expenditure Ledgers and then the original accounts are made over to the other. The latter keeps the same with him till the end of the month. After its close, the accounts are taken out and the challans and vouchers sorted and made over to the respective accountants who deal in detail with such accounts. This is irregular. The correct procedure should be as under :—

The classification made in the Taluk must be checked in the District Treasury before entering the same in the Ledgers.

"As soon as the Taluk C accounts are received, it must be compared *1stly* whether the accounts are legibly written (which is not at all done) ;

"*2ndly* that there are no erasures or alterations in the accounts, unattested ;

"*3rdly* that there are challans and vouchers forthcoming for every item of receipt and expenditure;

"*4thly* that the challans and vouchers are in proper form and that they have been properly written;

"*5thly* that the total of the receipt and expenditure sides are correct. After this is done, the challans and vouchers should be taken up and classified into the Taluk ledgers, and this classification compared with the abstract given on the back of the Taluk C accounts. If the abstract given in the Taluk C accounts are found to be incorrect, then the same should be neatly struck off and the correct figure entered above it in red ink and attested by the Treasury Officer and the Sub-Treasury instructed to note the same in the office copy. If any challan or voucher is not received along with the C accounts, the same should be called for at once. The District Treasury should hand over the challans and vouchers to the respective accountants who deal with Savings Bank, Excise and Deposit registers day by day, so that they may post the figures into their registers and have the errors or omissions rectified in time in order that they may be submitted to the Comptroller in due dates."

These clear and detail instructions on the subject have been given in the printed memorandum above quoted but are not followed by the Treasury, the reason given being want of sufficient establishment.

7. As the Treasury does not follow the above procedure, but takes up the accounts only at the end of the month, any challan or voucher for any day in the month that may be wanting will be called for only when it is too late and its transmission from the taluks does necessitate the delay in the submission of accounts to the Comptroller.

8. The Excise challans are not received along with the daily C accounts, but only once in ten days. This is done so under some instructions of the District Treasury. This should not be done so, the challans should be sent along with the C accounts themselves. The District Treasury Circular requires cancellation, and the Sub-Treasuries, instructions to send the Excise challans for the future along with the C accounts.

This unauthorised procedure should be stopped at once.

9. The C accounts are not received in time from the taluks. There is much delay on the part of the Taluk or Sub-Treasuries in submitting them, though the Amildars have been frequently addressed on the point, yet no improvement seems in that direction.

I have noticed in some instances inordinate delay. There are also grounds to believe that during collection time the Sub-Treasuries keep their cash accounts open for some days after the close of the month in view to include the collections brought in during those days in the accounts of that month, a very highly irregular procedure. The examination of the cash balance on the last day of the month, which should be made on the morning of the following day, must necessarily be postponed to the date on which this last day's account is closed and the entry of the daily transactions for those days must also be postponed.

10. The posting of figures from the Taluk C accounts into the ledgers are not compared. There may be some clerical error in posting the figures under a wrong head by oversight. If the same is not detected by comparison of the entries with the original accounts, then the

mistake will stand for ever, or if an item that relates to other Departments such as Savings Bank, Revenue Deposits, etc., it will be noticed only after the Comptroller takes up the objection.

The statements that accompany my review of the working of the Treasuries show that such errors are frequent and numerous and the number of applications for correction of such errors and adjustment made to my office shows no sign of improvement.

11. If an item of Forest Revenue should erroneously be classified in the ledgers under Excise or under Land Revenue or *vice versa*, it gives room for unnecessary correspondence with the Treasury Department, as the Departmental returns have to be reconciled with the Treasury credits.

12. I have often noticed in preparing the Forest Divisional abstracts due to the Conservator and while checking the Education Book Depot accounts, the sums that are to go under one head are classified under another head. All this is due for want of supervision over the work done.

13. The Comptroller issued instructions to the Treasuries in the matter of preparation of accounts, posting of registers, compilation of subsidiary returns, etc., so long ago as 1899. This has not been followed. The Treasury explains that with the present scale of establishment the system of compilation of accounts proposed in the above circular cannot be adhered to.

14. I examined some of the postings of the C accounts into the ledgers. They are neatly done, and the postings also correct except in some instances : as I have already remarked, above items are wrongly entered under incorrect heads.

15. Most of the vouchers and challans received from the Taluks are very imperfect and have to be returned to the Taluks for rectification. If a challan or voucher is sent to the Taluk for making any correction or alteration, the instructions will not be well understood and some other error will be committed in the same challans or vouchers, which of course have to be returned again and again. If the Taluk Amildar does not take proper steps for the rectification of such irregularity and punctual submission of accounts, correctly prepared, the District Treasury will undoubtedly find it not possible to send the accounts in time to the Comptroller.

The Treasury Officer showed me a list of requisitions made by him to his Sub-Treasuries, showing the dates of such requisitions, the number of reminders sent and the dates on which hey were attended to. The Taluk authorities do not seem to pay prompt attention to these requisitions.

16. There is the Taluk Manual for the guidance of the Taluk Treasuries, but nobody seems to have taken pains to have read the same.

17. The District Treasury informs me that when any objection is taken by it, and the Taluk Treasury called upon to explain, the explanation offered is simply ignorance of the rules.

18. A list of objection slips pending unanswered in the District, was sent to the Bangalore District Treasury with letter No. 6460 of 7th June 1901. In this about 20 are noted commencing from December 1900. It was explained in person at the time of the inspection of the Treasury that all the objection statements mentioned in the above were forwarded to the Taluks for explanation of the objections raised

and that they have not yet been returned therefrom though reminders have been issued more than once.

19. The Circular Orders of the Comptroller are completely filed and kept in the Treasury.

20. The Treasury Officer's portion of the P. P. O. are all arranged in six bundles, as under:—

1.	Showing the payment	not	made for	one month.
2.	Do	do	2	months.
3.	Do	do	3	,,
4.	Do	do	4	,,
5.	Do	do	5	,,
6.	Do	do	6	,,

Satisfactory.

If the pension is not paid for full six months, then the roll is sent up to the Comptroller's office, as is required by codal rules. The above system of keeping the P. P. Os. is very satisfactory and any pension roll that has not been operated upon for six months can at once be found out.

21. An accountant of the District Treasury who is permanently borne on its baravard is given the work of Military Pension payments in addition to his own work and the remuneration granted by Her Majesty's Treasury for this work is given to the above official. The remuneration or fee so granted comes to something like 20 or 25 rupees a month. The Comptroller suggested to the Deputy Commissioner, Treasury Department, the advantage of employing a separate person for this work and some small allowance given to the above official merely to supervise the former.

To grant an allowance of Rs. 18 to an accountant drawing Rs. 15 as his pay looks out of all proportion especially when for Rs. 18 you can get a full-time man. The Deputy Commissioner may be instructed to appoint a separate man.

22. Pay abstract for the salaries due to the officials and servants of the Treasury staff is prepared by the Treasury Department (copy kept in the Treasury) and sent to the Deputy Commissioner's office, who, it appears, includes the same in the general baravard prepared by him for the whole District office; when that baravard is cashed, the salaries due to the Treasury staff is disbursed at the Treasury by the Treasurer and the signatures taken in a separate book kept for it. This is objectionable. The Treasurer should have nothing to do with the cash payments due to the individuals. He has only to cash the Deputy Commissioner's general baravard and the amount should be taken away to the Deputy Commissioner's office for disbursement.

This procedure should be stopped.

23. One Venkoba Rao, an accountant of the District Treasury, was on leave on medical certificate from 1st August 1900. For the first two months there was a substitute on half pay, Rs. 25, being the pay of the said Venkoba Rao for August 1900, was drawn in September. Half of the above was disbursed to the acting man and the other half due to the permanent man was retained on hand as he was too ill to attend the Treasury to receive the same. In October this Rs. 12½ retained on hand should have been refunded to the Treasury by short drawal. Instead of so doing the same was paid to the acting man on account of pay due to

Wrong procedure.

him for September, and the full pay of Venkoba Rao from September was shown as withheld for future payment, and the services of the substitute dispensed with; while the said Venkoba Rao was on leave, his Rs. 25, being only a temporary one, seems to have been given to somebody else and Venkoba Rao given his permanent place of Rs. 20. On the return to duty of Venkoba Rao, which was on the 24th January 1901, moiety-pay arrangements were made and the amount, *viz.*, Rs. 119 and odd, drawn on a supplemental bill for February 1901 and disbursed to the officials of the Treasury. This is irregular. Previous sanction of the Government should have been applied for and obtained before making moiety-pay arrangements among the officials of the office. It is learnt that the sanction of Government has been subsequently applied for only this month after it was objected to by the Comptroller's office.

Yes.

Yes, surely the Treasury Department could have secured a man on Rs. 12½ to act for the absentee, instead of that, the strength of the staff is reduced by one and the savings distributed. Yet the Treasury Department complains that it is short-handed.

STAMP ACCOUNT.

24. Stamp accounts are maintained by the Treasurer. The issue of stamps to Amildars is checked with the credit taken by the Amildars in the Taluk Stamp Returns rendered to the District and the sales as shown in the Taluk Returns compared with the credits in the Taluk C accounts. This is properly done.

Satisfactory.

25. There are many references that have not been replied to the Comptroller, the reason assigned therefor being that replies to them have not been received from the Taluks or others to whom they have been referred.

In almost all the Districts I find the same complaint. Whenever very urgent requisitions and reminders are sent from my office, the usual reply is that the Amildars have been strictly reminded and warned about the references and when replies are received from them, the Comptroller's requisitions will be attended to, a reply which cannot in the least help the Comptroller, and might as well not have been sent at all.

26. The District Treasury in granting last-pay certificates does not in many instances note in the name of the place to which an officer is going. This is irregular. The place should invariably be mentioned in all such certificates as provided for in the form.

Yes.

27. The Taluk Treasuries in cases where they have to grant receipts for sums credited to the Treasury, grant such receipts almost in many cases in manuscripts, instead of in the prescribed printed forms. The Taluk Treasuries should be well instructed in this connection.

The District Treasury should arrange for a sufficient supply of printed forms and distribute to the Taluks.

28. The accounts of the last day of a month, especially during the Land Revenue collection season, are not closed by the Taluks on the evening of that day, but kept open and the credits that may come to the Treasury during the subsequent dates are brought on to the accounts of that last day as if the transaction took place on that very day. This is very irregular. The accounts of a day should under no circumstances be kept open to include the transactions of a subsequent date. The accounts due from the Taluks are not punctually received. They are received even a week after the due date. Prompt measures should be taken by the Taluks for the transmission of accounts by due dates, correctly, legibly written up, and with all chalians and vouchers complete.

I am afraid this is a general practice. I beg that Government may be pleased to issue strict instructions on the point.

29. All the registers are posted only at the end of the month, except the transactions that take place in the District Treasury which are day by day posted in the respective registers, and then the copies thereof prepared and sent to the Comptroller. Unless the preparation of accounts day by day as referred to in the Comptroller's circular memo is adhered to, it is not possible for the District Treasury to submit its accounts and returns to the Comptroller in due time.

Directly opposed to the codal rules and my printed memorandum.

Nor is it possible for the Comptroller's office to follow the British system laid down in the Account Codes as punctually, systematically and methodically as is therein laid down.

NOTES ON THE INSPECTION OF THE MYSORE DISTRICT TREASURY ON 28TH MAY 1901.

The C accounts due from the several Taluks, which are 13 in number, in this District are not punctually received. There are many unattested corrections and alterations in the C accounts and they have not been returned for the attestation of the Taluk Treasury Officer.

The Taluk cash accounts are unsatisfactory.

2. The C accounts are not received with all the vouchers and challans complete.

3. The C accounts are not prepared so neatly and legibly as can be read easily, nor does it give full details of receipts and expenditure. Without referring to the respective challans and vouchers the nature of credit and debit cannot be known.

4. This Treasury also is not following the instructions issued by the Comptroller as regards the daily preparation of accounts and returns due to the Comptroller.

The reason assigned being want of sufficient establishment.

5. Receipts granted by the Taluk Treasuries for sums credited into the Treasury are given in manuscript forms instead of in the prescribed printed form.

Sufficient supply should be obtained from the Press and distributed.

6. The postings of the figures from the C accounts into the Taluk ledgers are not examined and attested by anybody. Even in the above postings some mistakes were noticed during the inspection. This error is the result of non-inspection of the accounts by an official other than the compiler. Some corrections and alterations are made in the above ledgers, but none of them attested.

According to the rules and my circular memorandum, either the Head or Deputy Accountant should examine the postings daily and verify the balance.

7. When amounts are received either by the Amildar or Sheristadar by means of money order on account of sums due by persons for rent or such other payments, they are tendered into the Treasury by the Sheristadar with a challan signed by him. This challan should be endorsed by the Sheristadar with the date, under his initials directing the Treasury to receive and credit the same in the accounts. In that endorsement the head to which the amount in question should be credited should also be mentioned. But none of the above formalities are observed in the Taluks.

The omission should be supplied.

Sub-Treasuries must be given clear instructions on the point. Such haphazard credits lead to unnecessary correspondence, subsequent corrections and transfers.

8. There is a register kept in the District showing the Talukwar and datewar receipts and expenditure with opening and closing balances. This book is very incompletely kept. Some Taluks are not posted for months together.

This register has not been prescribed. The ledgers, if regularly and correctly posted day by day, balances verified as laid down in my circular memorandum, will give all the necessary information. The labour in compiling this register should be more usefully spent on the registers and returns prescribed in the Account Code.

Unsatisfactory.

9. The accounts, list of payments and other subsidiary returns into the Comptroller and their office copy are prepared only after the close of the month and not day by day.

10. The cash balance on the evening of the 3rd May 1901, in the Yedatore Taluk Treasury, was Rs. 49,665-9-4. This large balance was allowed to remain in the Taluk Treasury till the 14th of that month when a remittance of Rs. 45,000 was made to the District Treasury. No explanation was offered for allowing such a large sum in the Taluk for more than a week.

There appears to be complete absence of check and scrutiny of even the most essential initial accounts and returns.

11. In the cash balance report Rs. 49,146 has been shown against Mandya as being the cash balance of that Taluk on the 4th May 1901. But when checking with the cash accounts it was found out to be the cash balance of 2nd and not 4th. Even in entering this the undermentioned mistake is made:—

CASH BALANCE.

	As per cash balance report.	As per cash account.
	Rs.	Rs. a. p.
Notes	195	195 0 0
Rupees and half-rupees ...	48,951	48,851 8 0
Total ...	49,146	49,046 8 0

12. The undermentioned discrepancy was found out between the amount of Land Revenue collections as intimated to the Comptroller and that worked out from the Cash Accounts:—

LAND REVENUE COLLECTION—11TH TO 20TH MAY 1901.

Nanjangud.

	Rs. a. p
This a very large difference. The District Treasury should have obtained the Amildar's explanation for this large discrepancy.	
Total collection as reported to the Comptroller	4,792 14 7
Correct figure as per cash account from 11th to 20th ..	7,098 14 7
Less intimated in the report ...	2,306 0 0

Very unsatisfactory.

13. The circular file is not completely kept up to date. Even some of the recent ones are not found in the file. About six or seven, which had been bundled up, were filed only at the time of inspection.

14. Savings Bank Ledgers, Revenue and Judicial Deposit Reports.

Then the depositors' transactions must have been conducted on the authority of Pass Books alone—a very highly irregular and risky procedure.

The transactions of the District Treasury even are not posted day by day into the respective ledgers and registers.

15. Treasury portion of permanent payable orders.

Unsatisfactory.

These are filed in two or three files In some instances intimation of death of a pensioner is not noted in the roll and in some instances such remarks have not been attested in the P. P. O. registers.

The Treasury should pick out these at once and return them to this office.

16. All P. P. Os. that have not been operated on for more than six months and to be sent to the Comptroller are retained in the file.

17. Register showing letters of credit issued in favor of several Executive Engineers, cheques drawn by them and their subordinates, etc :

This register has not been attested to show the correctness of the balance at credit of an officer.

Serious omission.

The Treasury Officer should under no circumstances order a cheque to be paid without reference to this register.

18. In the register showing the amount of letter of credit placed at the disposal of the Palace Controller, Revenue Survey Officer, the balance available at their credit are not worked out, only some note is made in pencil.

Very irregular.

19. There are many objection slips and references from the Comptroller that have not been replied, the reason assigned for the delay being that most of them were referred to the Taluks and the same not returned yet.

STAMP RETURNS.

20. There are many corrections and alterations in the original stamps returns rendered by the Taluks but none of them attested. *Vide* Gundlupet for February 1901.

Such omissions should not be allowed.

21. There are many unattested alterations and erasures in the several registers maintained in the District and even in some of the monthly cash accounts.

A serious omission. Cash accounts are the only authoritative initial account on which all the other accounts, returns, etc., are based, and these should be kept scrupulously clean and free from all erasures and unattested corrections.

22. The Deputy Accountant of the District who might as well supervise the work of some of the accountants in charge of the Taluks, has been in charge of only Revenue deposits. But in the Bangalore District the Deputy Accountant supervises the work of all the accountants of the compilation branch.

23. The accounts returns, etc., due by this District are not sent to the Comptroller in due dates. It is explained that the work is too heavy for the present establishment to cope with the work.

24. There are upwards of 4,000 Savings Bank deposits in the District, and the sanction of Government for the retention for a further period of one year of the services of the two temporary hands sanctioned therefor has been lately solicited.

No. FL. 946-54—R. F. 213-92, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON.—Government agree with the Comptroller in the remarks made by him on the irregularities noticed, and draw the special attention of the Deputy Commissioners to the following points:—

(1) Procedure as regards the Taluk Treasury "C" accounts.—The correct procedure to be adopted when these accounts are received in the District Treasury is as laid down in the Comptroller's Memorandum dated 28th October 1899, and should be adopted. The excuse pleaded for not adopting it, *viz.*, want of sufficient establishment, cannot be accepted.

(2) Keeping cash accounts open for some days after the close of the month, so as to include in the accounts of the monthly collections made after its expiry.—This irregularity should be stopped at once wherever existing. The important thing is that collections are properly made and duly remitted; and it is comparatively immaterial in which month they appear in the accounts.

(3) Omission on the part of Amildars to pay prompt attention to the requisitions of the Treasury Officers. As repeatedly directed, Deputy Commissioners are requested to see that Amildars show greater promptitude in this respect in future.

Unsatisfactory.

9. The accounts, list of payments and other subsidiary returns into the Comptroller and their office copy are prepared only after the close of the month and not day by day.

10. The cash balance on the evening of the 3rd May 1901, in the Yedatore Taluk Treasury, was Rs. 49,665-9-4. This large balance was allowed to remain in the Taluk Treasury till the 14th of that month when a remittance of Rs. 45,000 was made to the District Treasury. No explanation was offered for allowing such a large sum in the Taluk for more than a week.

There appears to be complete absence of check and scrutiny of even the most essential initial accounts and returns.

11. In the cash balance report Rs. 49,146 has been shown against Mandya as being the cash balance of that Taluk on the 4th May 1901. But when checking with the cash accounts it was found out to be the cash balance of 2nd and not 4th. Even in entering this the undermentioned mistake is made:—

CASH BALANCE.

	As per cash balance report. Rs.	As per cash account. Rs. a. p.
Notes	195	195 0 0
Rupees and half-rupees ...	48,951	48,851 8 0
Total ...	49,146	49,046 8 0

12. The undermentioned discrepancy was found out between the amount of Land Revenue collections as intimated to the Comptroller and that worked out from the Cash Accounts:—

LAND REVENUE COLLECTION—11TH TO 20TH MAY 1901.

Nanjangud.

	Rs. a. p
Total collection as reported to the Comptroller	4,792 14 7
Correct figure as per cash account from 11th to 20th . .	7,098 14 7
Less intimated in the report ...	2,306 0 0

This a very large difference. The District Treasury should have obtained the Amildar's explanation for this large discrepancy.

Very unsatisfactory.

13. The circular file is not completely kept up to date. Even some of the recent ones are not found in the file. About six or seven, which had been bundled up, were filed only at the time of inspection.

14. Savings Bank Ledgers, Revenue and Judicial Deposit Reports.

Then the depositors' transactions must have been conducted on the authority of Pass Books alone—a very highly irregular and risky procedure.

The transactions of the District Treasury even are not posted day by day into the respective ledgers and registers.

15. Treasury portion of permanent payable orders.

Unsatisfactory.

These are filed in two or three files In some instances intimation of death of a pensioner is not noted in the roll and in some instances such remarks have not been attested in the P. P. O. registers.

The Treasury should pick out these at once and return them to this office.

16. All P. P. Os. that have not been operated on for more than six months and to be sent to the Comptroller are retained in the file.

17. Register showing letters of credit issued in favor of several Executive Engineers, cheques drawn by them and their subordinates, etc :

This register has not been attested to show the correctness of the balance at credit of an officer.

Serious omission.

The Treasury Officer should under no circumstances order a cheque to be paid without reference to *this* register.

18. In the register showing the amount of letter of credit placed at the disposal of the Palace Controller, Revenue Survey Officer, the balance available at their credit are not worked out, only some note is made in pencil.

Very irregular.

19. There are many objection slips and references from the Comptroller that have not been replied, the reason assigned for the delay being that most of them were referred to the Taluks and the same not returned yet.

STAMP RETURNS.

20. There are many corrections and alterations in the original stamps returns rendered by the Taluks but none of them attested. *Vide* Gundlupet for February 1901.

Such omissions should not be allowed.

21. There are many unattested alterations and erasures in the several registers maintained in the District and even in some of the monthly cash accounts.

A serious omission. Cash accounts are the only authoritative initial account on which all the other accounts, returns, etc., are based, and these should be kept scrupulously clean and free from all erasures and unattested corrections.

22. The Deputy Accountant of the District who might as well supervise the work of some of the accountants in charge of the Taluks, has been in charge of only Revenue deposits. But in the Bangalore District the Deputy Accountant supervises the work of all the accountants of the compilation branch.

23. The accounts returns, etc., due by this District are not sent to the Comptroller in due dates. It is explained that the work is too heavy for the present establishment to cope with the work.

24. There are upwards of 4,000 Savings Bank deposits in the District, and the sanction of Government for the retention for a further period of one year of the services of the two temporary hands sanctioned therefor has been lately solicited.

No. Fl. 946-54—R. F. 213-92, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON.—Government agree with the Comptroller in the remarks made by him on the irregularities noticed, and draw the special attention of the Deputy Commissioners to the following points :—

(1) Procedure as regards the Taluk Treasury "C" accounts.—The correct procedure to be adopted when these accounts are received in the District Treasury is as laid down in the Comptroller's Memorandum dated 28th October 1899, and should be adopted. The excuse pleaded for not adopting it, *viz.*, want of sufficient establishment, cannot be accepted.

(2) Keeping cash accounts open for some days after the close of the month, so as to include in the accounts of the monthly collections made after its expiry.—This irregularity should be stopped at once wherever existing. The important thing is that collections are properly made and duly remitted; and it is comparatively immaterial in which month they appear in the accounts.

(3) Omission on the part of Amildars to pay prompt attention to the requisitions of the Treasury Officers. As repeatedly directed, Deputy Commissioners are requested to see that Amildars show greater promptitude in this respect in future.

(4) The sort of explanation, *viz.*, ignorance of the rules, offered by the Taluk Treasury, when any objection is taken by the District Treasury, is discreditable. The Deputy Commissioner should insist on all Treasury officials being well acquainted with the Taluk Manual.

(5) Failure to reply the Comptroller's references.—The reason assigned therefor being the non-receipt of information from the taluks, requires the serious attention of the Deputy Commissioners.

(6) Failure to prepare the accounts according to instructions conveyed by the Comptroller in his Memorandum of the 28th October 1899.—A methodical and systematic preparation of accounts as laid down by the Comptroller, should be strictly enforced.

2. The attention of the Deputy Commissioners is also drawn to other points noticed by the Comptroller and unswerving compliance with the rules of the Account Code and the instructions laid down in the Taluk Manual and the Comptroller's Memorandum and also Government Order No. 668-78—Fl. 65, dated 23rd July 1900, in regard to the preparation and submission of accounts, is expected from all the officers concerned.

3. The remarks of the Comptroller are found in the margin of the Inspection Notes. It is not clear who actually made the inspection.

4. The attention of the Comptroller is invited to Government Order No. 8547-55—R. F. 213-92, dated 11th December 1892, requiring him to inspect every District Treasury in the State not less than once in two years; and Government trust that the Comptroller will fully carry out the direction contained therein.

Letter No. 2170, dated the 31st May 1901, from the Secretary to the Mysore State Life Insurance Committee, submitting for sanction Resolution II (i) passed by the Insurance Committee at their Meeting held on the 14th May 1901, proposing the substitution of the words "30th September" for the words "31st of July" in Rule 16 of the Insurance Rules.

(2) This office No. 9992—Fl. 104, dated the 17th June 1901, requesting the Insurance Secretary to report whether in the event of Government sanctioning the above proposal, the word "September" in line 4 of Rule 16, should not be altered to "November."

(3) Letter No. 2365, dated the 25th June 1901, from the Insurance Secretary, stating that in the event of Government sanctioning the recommendation of the Insurance Committee, the word "September" in line 4 of Rule 16 may be changed to "November."

No. Fl. 1005, DATED BANGALORE, 16TH JANUARY 1902.

ORDER THEREON.—The alterations proposed in the Insurance Secretary's letters read above are sanctioned.

Rule 16 of the Mysore State Insurance Rules thus altered will stand as follows:—

"16. The accounts of the Fund shall be audited before 30th September in each year by two Accountants of the Comptroller's or Public Works Examiner's office, who shall be selected by the Committee, and a report shall be submitted to Government by the Committee before the end of November as to the progress of the Fund during the previous official year, with such statements as may be prescribed by Government from time to time."

The following Notification will accordingly be published in the *Mysore Gazette*

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to the Mysore State Life Insurance Committee.

NOTIFICATION.

No. Fl. 1006, dated Bangalore, 16th January 1902.

The Government are pleased to direct that the following modifications be made in Rule 16 of the Mysore State Life Insurance Rules:—

1. Substitute the words "30th September" for the words "31st of July" in line 1 and the word "November" for the word "September" in line 4 of Rule 16.

READ—

(1) Comptroller's letter No. 3003-415, dated 6th November 1901, soliciting orders of Government for the recovery of interest on the over-payment of Rs. 96 odd, made to contractor Narayan Rao from the Jagalur Taluk Treasury and noticed in Government Proceedings No. Fl. 500-501, dated 26th September 1901 and suggesting the addition of a clause to Mysore Government Savings Banks Rules, providing for the recovery of interest on such over-payments.

(2) Subsequent correspondence ending with Comptroller's No. 3393—452, dated 28th November 1901 on the same subject.

No. Fl. 1059-67, DATED BANGALORE, 29TH JANUARY 1902.

ORDER THEREON.—The Comptroller, Mysore Government, states that the interest which has accrued on the over-payment of Rs. 96-12-1 made to Narayan Rao from the Jagalur Taluk Treasury, from 2nd May, the date on which it was erroneously

drawn, to 4th July 1901, exclusive of the date on which it was recovered and credited in the Taluk Treasury, must be recovered from the depositor, as the Savings Bank has been paying interest on his deposit and as such interest is recovered in the case of over-drafts in all Banks. He points out further that as at the time of framing the Rules for the Mysore Government Savings Banks, such over-payments were not anticipated, no provision was made for recovery of interests in such cases and therefore suggests the addition of the following clause to the existing rules :—

"XI A. Should under any circumstances an erroneous payment be made "resulting in an over-draft, the interest due on the over-payment from date of such "payment to date of its recovery will be recovered from the depositor whose "account was over-drawn."

The Government accept the suggestions made by the Comptroller and direct that the interest which has accrued on the over-payment under notice be recovered from the depositor, Narayan Rao, and that a notification regarding the insertion of the additional clause in the Mysore Savings Bank Rules be published in the *Mysore Gazette.*

H. V. NANJUNDAYYA,

EXCISE

Proceedings of the Government of Mysore.

READ—

Letter No. 2455—108, dated 30th September 1901, from the Excise Commissioner in Mysore, submitting for approval a draft notification making appointments under Clauses (*a*), (*b*), (*d*) and (*e*) of Section 4 of the Excise Regulation, V of 1901.

No. 11202-11—EX. F. 3-1901, DATED BANGALORE, 6TH JANUARY 1902.

ORDER THEREON.—The draft notification submitted with the above is approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Gazette*.

H. V. NANJUNDAYYA, *Secy. to Govt., Gen. & Rev. Depts.*

To—The Excise Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

NOTIFICATION.

No. 11212—E. F. 3-1901, dated 6th January 1902.

Under Section 4 of the Excise Regulation, V of 1901, and in exercise of all other powers enabling them in this behalf, the Government of Mysore are pleased to make the following appointments, *viz*:—

Appointments.	Local area to which applicable.
UNDER CLAUSE (*a*).	
The Excise Commissioner—to exercise all the powers of a Deputy Commissioner in respect of the Excise Revenue, and to have the control of the administration of the Excise Department and of the collection of the Excise Revenue.	Throughout the Mysore State.
UNDER CLAUSE (*b*).	
I. The following Officers of the Excise Department:—	
(1) *Deputy Excise Commissioner*—to exercise all the powers of a Deputy Commissioner and to perform all the duties of a Deputy Commissioner in respect of Excise Revenue concurrently with the District Deputy Commissioner and subject to the control of the Excise Commissioner.	
(*i*) in respect of the issue of permits under Section 11 of the Excise Regulation;	Do do
(*ii*) in respect of the supervision and management of the Government Central Distillery, all licensed depôts or warehouses and shops; and	
(*iii*) in respect of all other matters relating to Excise Revenue.	
(2) *Assistant Commissioners in charge of Excise Divisions*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the District Deputy Commissioner and subject to the control of the District Deputy Commissioner in the first instance and ultimately of the Excise Commissioner—	
(*i*) in respect of the issue of permits under Section 11 of the Regulation;	Do do
(*ii*) in respect of the issue of licenses under Section 13 of the Regulation;	Within their respective divisions.
(*iii*) in respect of the supervision and management of licensed Excised depôts or warehouses and supervision of licensed shops of all descriptions; and	
(*iv*) under Chapter VIII of the Regulation.	

Appointments.	Local area to which applicable.
(3) *Inspectors*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the Deputy Commissioner, and subject to the control of the Assistant Commissioner in the first instance and ultimately of the District Deputy Commissioner—	
(*i*) in respect of the issue of permits under Section 11 of the Regulation;	Throughout the Mysore State.
(*ii*) in respect of the issue of tree-tapping licenses under Section 12 and of licenses under Section 13 of the Regulation; and	Within their respective ranges.
(*iii*) under Chapter VIII of the Regulation.	
(4) *Inspectors in charge of Government Central Distillery and Provincial Ganja Depôt or Warehouse*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the Deputy Commissioner and subject to the control of the Deputy Excise Commissioner in the first instance and ultimately of the Excise Commissioner—	
(*i*) in respect of the supervision and management of the Distillery and Provincial Ganja Depôt; and	Government Central Distillery buildings and the water-supply arrangements connected therewith.
(*ii*) in respect of the issue of permits under Section 11 of the Regulation.	Throughout the Mysore State.
(5) *Inspectors and Assistant Inspectors in charge of Government storehouses for the storage of intoxicating drugs prepared from the hemp plant*—to exercise all the powers and to perform all the duties of a Deputy Commissioner concurrently with the Deputy Commissioner and subject to the control of the Deputy Commissioner in respect of the issue of permits under Section 11 of the Act for the transport of the hemp crop to the place of manufacture of the manufactured produce, thence to the Government storehouses and of intoxicating drugs removed from the storehouses to shops and depôts.	Within their respective charges.
(6) *Assistant Inspectors*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the Deputy Commissioner and subject to the control of the Assistant Commissioner in the first instance and ultimately of the District Deputy Commissioner—	
(*i*) in respect of the issue of permits under Section 11 of the Regulation; and	Throughout the Mysore State.
(*ii*) in respect of the issue of licenses under Section 13 of the Regulation.	Within their respective circles.
II. The following Officers of the Land Revenue Administration:—	
(1) *Sub-Division Officers and Assistant Commissioners*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the Deputy Commissioner and subject to the control of the Deputy Commissioner—	
(*i*) in respect of the issue of permits under Section 11 of the Regulation;	Throughout the Mysore State.
(*ii*) in respect of the issue of licenses under Section 13 of the Regulation; and	Within their respective local jurisdictions as Officers of Land Revenue.
(*iii*) under Chapter VIII of the Regulation.	
(2) *Amildars, Deputy Amildars and Taluk Sheristadars*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner concurrently with the Deputy Commissioner and subject to the control of the Deputy Commissioner—	

Appointments.	Local area to which applicable.
(*i*) in respect of the issue of permits under Section 11 of the Regulation ;	Throughout the Mysore State.
(*ii*) in respect of the issue of licenses under Section 13 of the Regulation ; and (*iii*) under Chapter VIII of the Regulation.	Within their respective taluks and sub-taluks.
III. *Licensed Mutsaddis in charge of Arrack Bonded Depots or Warehouses and Farm Depots or Warehouses*—to exercise all the powers and to perform all the duties of a District Deputy Commissioner in respect of the issue of permits under Section 11 of the Regulation concurrently with the District Deputy Commissioner and subject to the control of the Assistant Commissioner in the first instance and ultimately of the District Deputy Commissioner.	Within the area of their respective depots or warehouses.
IV. *Licensed Wholesale Vendors of intoxicating drugs and their Mutsuddis*—to perform all the duties of a District Deputy Commissioner in respect of the issue of permits under Section 11 of the Regulation concurrently with the Deputy Commissioner and subject to the control of the Assistant Commissioner in the first instance and ultimately of the District Deputy Commissioner.	Within the area of their respective wholesale shops.
V. *Licensed Retail Arrack Vendors and Retail Toddy Vendors*—to perform all the duties of a District Deputy Commissioner in respect of the issue of licenses under Section 11 of the Regulation up to one imperial quart of arrack and four imperial quarts of toddy respectively.	Within the area of their respective shops.
UNDER CLAUSE (*d*).	
All Excise Officers in charge of Ranges—to perform the acts and duties mentioned in Sections 40 to 53 inclusive of the Regulation.	Within their respective ranges.
UNDER CLAUSE (*e*).	
(1) *District Deputy Commissioners, Deputy Excise Commissioners, Assistant Commissioners in charge of Excise Divisions, Inspectors and Assistant Inspectors*—to be Excise Officers under their respective designations for the purposes of Sections 30, 31, 32, 34, 35, 38, 39, 53, 59, 62 and 72 of the Excise Regulation, and to exercise all the powers and discharge all the duties conferred and imposed on Excise Officers in the sections aforesaid.	Within their respective charges.
(2) *Sub-Inspectors and peons of the Excise Department*—to be Excise Officers under their respective denominations for the purposes of Sections 30, 34, 35, 38, 39, 53, 59, 62 and 72 of the Regulation, and to exercise all the powers and discharge all the duties conferred and imposed on Excise Officers in the sections aforesaid.	Within the ranges or circles to which they are attached.

By Order,
H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

READ AGAIN—

Government Proceedings No. 8405-6—Ex. 430, dated 17th April 1901, sanctioning the entertainment for a period of six months, of a temporary establishment of 2 Supervisors (now designated as Excise Inspectors) and 4 peons at a cost of Rs. 182 per month in connection with the preparation of lists of "Date Reserves" ordered in Government Proceedings No. 967-76—R. F. 144-93, dated 30th July 1900.

READ—

Letter No. 3929—174, dated 14—17th December 1901, from the Excise Commissioner in Mysore, soliciting sanction for the retention of the above establishment for a further period of six months, as the lists of Date Reserves are said to have been completed only for 33 taluks till now.

No. 11122-31—R. F.132-93, DATED BANGALORE, 4TH JANUARY 1902.

ORDER THEREON.—This work has been in progress for a considerable time past, and any further delay in its completion, and in the promulgation of up-to-date lists of Date Reserves throughout the State, is highly undesirable. The Deputy Commissioners of the Districts in which the work is in arrears will be good enough to instruct their subordinate officers to give it their prompt and personal attention, so that under no circumstances the completion and publication of the lists may be delayed beyond the 30th June 1902, till which date the retention of the temporary establishment in question is sanctioned. From more than one important point of view the absence of complete and finally settled lists is highly inconvenient and much to be regretted. The Government are accordingly anxious that the needful should be done as expeditiously as possible, and they are of opinion that the extension of time now granted is more than sufficient.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

READ—

Letter No. 2454—107, dated 30th September 1901, from the Excise Commissioner in Mysore, submitting for approval and publication draft notifications—

(1) Delegating under Section 4 (*g*) of the Excise Regulation, V of 1901, certain powers of Government to the Excise Commissioner, Deputy Commissioners of Districts, etc.

(2) Making Rules under Section 5 (1) of the Regulation, prescribing the duties and powers of Excise Officers, and

(3) Framing Rules under Section 5 (2) of the Regulation, regulating, the delegation by the Excise Commissioner or District Deputy Commissioners, of their powers.

No. 11277-86—EX. F. 3-1901, DATED BANGALORE, 7TH JANUARY 1902.

ORDER THEREON.—The draft notifications submitted with the above are approved and forwarded to the Compiler, *Mysore Gazette*, for publication in three successive issues of the *Gazette*.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Excise Commissioner in Mysore.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of Districts.

NOTIFICATIONS.

Notification No. 11287—*Ex. F.* 3-1901, *dated 7th January* 1902.

Under Section 4 (*g*) of the Mysore Excise Regulation, V of 1901, the Government of Mysore hereby delegate the following powers, *viz.*—

TO THE EXCISE COMMISSIONER.

I. (*a*) Power to appoint, promote and transfer Inspectors of all grades irrespective of pay the appointments of Inspectors drawing above Rs. 100, made by him, being subject to the approval of Government.

(*b*) Power to appoint, promote and transfer clerks in his own office up to Rs. 100, those in the Deputy Excise Commissioner's Office and Government Central Distillery above Rs. 30, and those in Assistant Excise Commissioner's Office above Rs. 20, the appointments of those drawing above Rs. 100, made by him, being subject to the approval of Government.

(*c*) In regard to punishments, full powers in respect of all the above officials, the dismissal, degradation and suspension of those drawing above Rs. 100, being subject to the approval of Government.

(*d*) Full powers to transfer Assistant Inspectors of all grades and clerks from one District to another.

(*e*) Power to grant all leave to the Inspectors of all grades.

II. Power under Section 5 (1) to frame and issue rules, from time to time, prescribing the powers and duties to be exercised and performed by Excise officers of the several classes, where not specifically provided for by the Excise Regulation or by Rules framed thereunder by the Government of Mysore.

III. Power under Section 5 (2) to make rules regulating the delegation by the Deputy Commissioners of Districts of any powers conferred by the Regulation, or exercised in respect of Excise Revenue, under any Regulation for the time being in force.

IV. Power under Section 10 to prescribe by Notification from time to time, either generally for the whole of the State or for any local area, the maximum quantity, in excess of which permit for transport of liquor or intoxicating drugs under the provisions of Section 11 shall be required, and to direct that permit for the transport of foreign liquor shall not be dispensed with in respect of any local area to be notified.

V. Power under Section 11 to empower persons other than the Deputy Commissioners of Districts to issue permits for the transport of liquor or intoxicating drugs and to prescribe any other particulars than those mentioned in the Regulation to be specified in every permit.

VI. Power under Section 13 to prescribe by notification from time to time, either generally for the whole State or for any local area, the maximum quantity of any specified description or kind of liquor or intoxicating drug, in excess of which license for possession shall be required.

VII. Power under Section 27 (*b*) to empower any Excise officer to require manufacturers of liquors and vendors of liquors to measure out or to test the strength or quality of any such liquors in their possession and from time to time to vary or cancel the grant of such powers as he may deem fit.

VIII. Power under Section 29 to frame and issue from time to time, rules on various points specified therein where not specifically provided for by Rules framed by Government.

IX. Power under Section 32 to vest Police officers with any or all of the powers conferred by that section, and from time to time to vary or cancel the grant of such powers as may be deemed fit.

X. Power under Section 56 (*a*) to empower officers not being Excise officers, to demand the production of licenses and permits by the holders thereof.

XI. Power under the third paragraph of Section 66 to authorize officers to enquire into and determine cases of confiscation thereunder.

XII. Power under Section 67 to compound offences.

To the Deputy Commissioners of Districts.

I. (*a*) Power to appoint, promote and transfer Assistant Inspectors of and above Rs. 20, and Excise clerks in District and Taluk offices.

(*b*) In regard to punishments full powers in respect of Assistant Inspectors of all grades.

(*c*) Power to approve of the appointments, promotions, punishments, transfers and grant of leave recommended by Excise Divisional Officers.

II. Power under Section 27 (*b*) to empower any Excise officer and to require manufacturers of liquors and vendors of liquors to measure out or to test the strength or quality of any such liquors in their possession, and from time to time vary or cancel the grant of such powers as they may deem fit.

III. Power under Section 67 to compound offences.

To the Deputy Excise Commissioner.

I. (*a*) Power to make all appointments up to Rs. 30, in the Government Central Distillery and in his own office.

(*b*) In regard to punishments full powers in respect of all the above officials.

(*c*) Power to fine all subordinate officers except Inspectors up to Rs. 10 during his tours of inspection, communicating the punishment so inflicted by him to the Excise Commissioner or District Deputy Commissioner, as the case may be.

To Assistant Commissioners in charge of Excise Divisions.

I. (*a*) Power to appoint and promote Sub-Inspectors and menial servants and to appoint Assistant Inspectors on Rs. 15 and clerks up to Rs. 20.

(*b*) Power to transfer Assistant Inspectors of Rs. 25 and above, subject to District Deputy Commissioner's approval, and full powers to transfer other Assistant Inspectors and Sub-Inspectors and menial servants but when they are to be transferred from one district to another, the approval of the Deputy Commissioners of Districts concerned should be obtained.

(*c*) Power to grant leave to Assistant Inspectors of and above Rs. 25 subject to District Deputy Commissioner's approval; and full powers to grant leave to other Assistant Inspectors and Sub-Inspectors and menial servants.

(*d*) In regard to punishments, power to fine up to Rs. 5 and to award black marks to Assistant Inspectors of all grades and clerks up to Rs. 20, to degrade and suspend Assistant Inspectors on Rs. 15 and their own clerks up to Rs. 20, and full powers in case of Sub-Inspectors and menial servants.

II. Power under Section 67 to compound offences.

To Inspectors.

I. (*a*) Power to appoint tree-markers and peons subject to Divisional Officer's approval.

(*b*) Power to transfer tree-markers and peons within their Ranges.

(*c*) Power to promote tree-markers and peons subject to Divisional Officer's approval.

(*d*) Power to grant leave to tree-markers and peons.

(*e*) Power to fine tree-markers and peons up to Rs. 2 subject to an appeal to or revision by the Divisional Officer, and to award black marks, and to recommend dismissal, suspension and degradation, in case of tree-markers and peons to Divisional Officers.

No. 11288—*Ex. F.* 3-1901, *dated 7th January* 1902.

Under Section 5 (1) of the Excise Regulation, V of 1901, the Government of Mysore make the following Rules :—

I. The Excise Commissioner may for the purposes of clause (*b*) of Section 27 of the Excise Regulation require manufacturers of liquor and vendors of liquor to measure out or to test the strength or quality of any such liquor in their possession.

II. The Deputy Commissioners of Districts and Excise Divisional Officers may for the purposes of clause (*b*) of Section 27 of the Excise Regulation require manufacturers of liquor and vendors of liquor, within their respective Districts and Divisions, respectively, to measure out or to test the strength or quality of any such liquor in their possession.

III. The Excise Divisional Officers shall submit their weekly diaries and reports on all Departmental matters direct to the Excise Commissioner.

IV. The Excise Divisional Officers will draw up their special inspection Diaries separately for each district, and submit them fortnightly to the Deputy Commissioner of the district concerned, who will forward them with his remarks to the Excise Commissioner. The Excise Commissioner will instruct the Divisional Officers as to the points which have to be noted in their Special Diaries.

V. Inspectors will send their weekly Diaries and Crime Sheets to the Divisional Officers and Inspectors and Assistant Inspectors will submit their Abstract Statements of Inspection to the Deputy Commissioners of Districts.

VI. Assistant Inspectors and Sub-Inspector will send their weekly Diaries, &c., to the Inspectors, who will submit them with their remarks to the Divisional Officers.

No. 11289—*Ex. F.* 3-1901, *dated 7th January* 1902.

Under Section 5 (2) of the Excise Regulation, V of 1901, the Government of Mysore make the following Rules :—

I. The Excise Commissioner may from time to time delegate to the Deputy Excise Commissioner, Assistant Commissioners in charge of Excise Divisions and Inspectors, his power to require manufacturers of liquor and vendors of liquor to measure out or to test the strength or quality of any such liquor in their possession.

II. He may also delegate to the Deputy Commissioners of Districts, Deputy Excise Commissioner, Assistant Commissioners in charge of Excise Divisions, Excise Inspectors and Assistant Inspectors, &c., so much as he shall see fit of his other powers under the Excise Regulation or those delegated to him by Government.

III. The Deputy Commissioners of Districts may delegate to the Excise Divisional Officers, Excise Inspectors and Assistant Inspectors, Revenue Assistant Commissioners, Amildars and Deputy Amildars, so much as they shall see fit of their powers under the Excise Regulation, or those delegated to them by Government, or which may be delegated to them by the Excise Commissioner.

By Order,

H. V. NANJUNDAYYA,

Secy. to Govt., Gen. & Rev. Depts.

PETITION

Proceedings of the Government of Mysore,

READ AGAIN—

(1) Government Proceedings No. 12817-26—R. 1346, dated 3rd February 1894, authorizing Deputy Commissioners of Districts to entertain *bonâ fide* darkhasts for occupancy rights in Amrut Mahal kavals and directing the grant of such lands to the highest bidders in an outright public auction sale to be held after due notice.

(2) Government Proceedings No. 3994—R. 1540, dated 24th October 1895, observing that in cases where sale by public auction would involve hardships, Deputy Commissioners may report such cases for the consideration and orders of Government.

READ—

Petitions of Appeal Nos. 941 and 1096 of 1901-02, from Kadappa and other raiyats of Arehalli, Kadur Taluk, against the Deputy Commissioner's order declining to grant them for an up-set price 200 acres of Basur Amrut Mahal kaval and directing their sale by public auction.

No. 1257-64—P. F. 34-01, DATED BANGALORE, 7TH JANUARY 1902.

ORDER THEREON.—The Deputy Commissioner's order appealed against is in accordance with the circular order of Government read above and the appeal is accordingly rejected.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Kadur District.
The Deputy Commissioners of other Districts.

BEFORE THE GOVERNMENT OF MYSORE.

PRESENT:

V. P. MADHAVA RAO, ESQ., C. I. E.

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 56 of 1898-99.

Appellant—Venkataramanaiya, Shanbhog.

Subject.

Appeal against the order of the Deputy Commissioner, Mysore District, removing him from the shanbhogi office of Mandikal firka in Mysore Taluk.

Facts of the case.

On 6th November 1897, one Marisidda of Koppalur village in Mysore Taluk complained to the Deputy Commissioner of the recovery of kaudayam in excess of what was properly due from him by the appellant and the hobli shekdar, under a threat that the complainant's lands would otherwise be attached and sold. The Deputy Commissioner found the appellant, on enquiry, guilty (1) of including in the complainant's khate the assessment due on certain vacant sites which were not in his enjoyment and (2) of receiving, as shown by the khirdi, from the complainant on 1st September 1897, the date fixed for the sale of his lands, a sum of Rs. 7-1-0 in payment of the arrears outstanding against him, but for which no acknowledgment was made in the complainant's patta and only a loose receipt in which the date of payment was entered as 20th September 1897, was furnished to him. The Deputy Commissioner further found on personal examination that the appellant was incompetent by reason of his ignorance of the village accounts. He therefore dismissed the appellant on account of incompetency and the several irregularities brought home to him and required the appellant to nominate a qualified heir or relative to the shanbhogi office.

Decision.

Government decline to interfere. The appellant was properly dismissed on the ground of incompetency and also for other reasons.

No. 1328—P. F. 43-00, DATED BANGALORE, 10TH JANUARY 1902.

Copy forwarded to the Deputy Commissioner, Mysore District, together with the records received with his No. 433, dated 11th November 1899.

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 26 of 1900-01.

Appellant	*Versus*	Respondent
Venkoba Rao.		Ranga *bin* Guruva.

Subject.

Appeal against the order of the Deputy Commissioner, Shimoga District, cancelling the sale of Survey No. 163, Muniyur village, to the appellant for cultivation.

Facts of the case.

For default in payment of kandayam for the year 1899-00, Survey No. 163, of Muniyur village, measuring 7 acres and 4 guntas (wet) assessed at Rs. 15, in the holding of the respondent Ranga, was declared forfeited on 10th April 1900, brought to sale and purchased on 28th May 1900 by Government for a nominal price of annas four, as there were no bidders. In the interval between forfeiture and sale, the land seems to have been tilled and sown. The sale was confirmed by the Assistant Commissioner on 14th September 1900. On 2nd October 1900, Venkoba Rao, the appellant, applied for the land and bought it for Rs. 6 in a malki sale inclusive of the crops thereon. In the meantime, on an application from the defaulter Ranga, the Amildar recommended to the Assistant Commissioner that the land might be restored to him, as he had cultivated the land and promised to pay the kandayam with arrears in a lump. The Assistant Commissioner directed that as the land had been unauthorizedly cultivated by the respondent, the matter should be brought on takrar takhta and placed before the Jamabandi Officer. The Jamabandi Officer, who happened to be the Deputy Commissioner himself, held that the shekdar who conducted the malki sale was wrong in having sold the land together with the wet crops thereon, cancelled the malki sale on 14th February 1901, and directed the grant of the land to the respondent on payment of the arrears of kandayam as well as a fine of Rs. 5 for unauthorized cultivation. Accordingly Ranga paid the amount and the khate was confirmed in his name. Hence the present appeal.

Decision.

The cancelment of the sale held for default of payment of arrears long after such sale had been confirmed was irregular and is set aside. No irregularity in the conduct of the sale had been either alleged or proved.

No. 1320—P. F. 35-01, DATED BANGALORE, 10TH JANUARY 1902.

Copy of the above is forwarded to the Deputy Commissioner, Shimoga District, together with the records received with his No. 115—93, dated 2nd August 1901.

BEFORE THE GOVERNMENT OF MYSORE.

PRESENT:

V. P. MADHAVA RAO, ESQ., C.I.E.

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 1 of 1901-02.

Petitions Nos. 3336 and 1655 of 1891-92.

Subject.

Claim to the remission of one-fifth assessment of the lands under certain private Panchamahisse tanks in the Chintamani Taluk.

The facts of the case are clear from the following: -

Decision:

It appears from the records that while the remission of one-fifth assessment was claimed in the case of lands under ten private tanks, the claimants in the case of two tanks (Yerrakunte and Bidarekere) have since abandoned their claim owing to the disrepair of these tanks and that in a third case, the tank (Mosilkere in Nallamachanpalli) having been brought up to standard by the Public Works Department in 1881, the claim to remission is untenable.

2. In the other 7 cases, it appears that the owners of the tanks were allowed one-fifth remission till the survey settlement when the concesssion was withdrawn.

3. All these tanks with the exception of Chandrahalli Mavinakere are reported to be in good repair and Government are pleased to direct the continuance of the remission of one-fifth the assessment in the case of lands under these tanks, with the exception of Mavinakere (*vide* list appended). This will have effect from the current year as the tanks have not been certified to be in good order in previous years.

4. It must be clearly understood and explained to the owners of the tanks that if they fail to keep the tanks in good order, the remission now sanctioned will be withdrawn and the tanks taken under the management of Government.

No. 1325-6—P. F. 173-92, DATED BANGALORE, 11TH JANUARY 1902.

Copies of the above are forwarded to the Superintendent of Revenue Survey in Mysore and to the Deputy Commissioner, Kolar District, together with the records received with the Survey Superintendent's letter No. 815, dated 9th June 1899.

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 29 of 1900-01.

Appellant	*Versus*	Respondent
Sinappa.		Gopalaiya.

Subject.

Claim for the refund of Rs. 73 odd, being the Court costs paid by the appellant to Gopalaiya, the respondent, under a decree of the Deputy Commissioner, Bangalore District, which Government subsequently declared to be void in their Decision No. 6506-13—Pet. F. 7-1900, dated 25th February 1901.

Facts of the case.

On 25th February 1901, the Government dismissed an appeal brought by Sinappa, the appellant, against the Deputy Commissioner's decree, directing that Gopalaiya (the respondent) be put in possession of the service inam lands attached to the shanbhogi office of Horamavu, Bangalore Taluk, and declared the proceedings of the two lower Revenue Courts to be void. Before this decision was passed the Deputy Commissioner had executed his decree by making over to the respondent the service inam lands and recovering for him from the appellant, and paying him the Court costs incurred by Gopalaiya. The appellant requested the Deputy Commissioner on the passing of the Government decision, that the service inam lands might be restored to him and that the Court costs might be refunded to him. The Deputy Commissioner directed that the lands might be restored but declined to pass an order for refund of Court costs. Hence this appeal.

Decision.

The appellant is entitled to get back the costs also. Appeal allowed.

No. 1344—P. F. 7-00, DATED BANGALORE, 15TH JANUARY 1902.

Copy of the above is forwarded to the Deputy Commissioner, Bangalore District.

BEFORE THE GOVERNMENT OF MYSORE.

PRESENT:

V. P. MADHAVA RAO, ESQ., C.I.E.,

AND

C. SREENIVASIENGAR, ESQ.

Appeal No. 28 of 1900-01.

Appellant	*Versus*	Respondent
Mallappa.		Raghavendra Ramaji.

Subject.

Appeal against the decree of the Deputy Commissioner declaring the respondent to be entitled to half share in the shanbhogi hak of Mantalu village, Nelamangala Taluk.

Facts of the case.

In December 1897, the respondent-plaintiff brought a suit for the recovery from the appellant-defendant of the shanbhogi office of Mantalu village and its service Inam lands. The plaintiff alleged that he was the daughter's son of one Annaiya, that

Annaiya and Gangadharappa were brothers, that Honnappa adopted son of Gangadharappa was the registered shanbhog of Mantala village in 1864-65, that on the death of Honnappa in 1865, Naraharaiya, father of the appellant-defendant, who was appointed gumasta, used to pay a portion of the miras to plaintiff's father, that on the death of Naraharaiya in 1894-95, the appellant-defendant succeeded to the office, and that as the defendant refused to pay the plaintiff a portion of the potgi as usual, the suit was brought.

2. The defendant, on the other hand, alleged that Annaiya had never been the registered shanbhog of the village, that his (defendant's) father had never paid any miras or potgi to the plaintiff's father, that the plaintiff had no hak and that even if he had, the suit was barred by limitation. The Assistant Commissioner who tried the case found that the relationship alleged by the plaintiff was proved, and that the defendant was only a gumasta and decreed that the plaintiff was entitled to half share in the shanbhogi hak as the representative of Annaiya.

3. On appeal, this decree was confirmed by the Deputy Commissioner. In filing this second appeal, the appellant urges the same grounds as those urged before the Assistant Commissioner.

Decision.

The evidence adduced in proof (1) of the alleged relationship of Honnappa to Annaiya, (2) of Annaiya's title to the office of shanbhog and of the enjoyment by him thereof and (3) of the inheritance of that office by Honnappa from Annaiya through the latter's brother Gangadharappa by reason of his having been his adopted son, is, to say the least of it, unsatisfactory and inconclusive. That Honnappa was the last holder of the office in his own right is undisputed. His widow succeeded him in 1865-66, and discharged the duties of the office through her gumasta Naraharaiya, whose place on his demise was taken by his son, the appellant. The gnyatis of Annaiya long ago claimed the office on the miscellaneous side but were referred to a regular suit, which they do not seem to have yet instituted. The appellant has been in possession for a considerably longer period than twelve years past, adversely to the hakdars whoever they might be, and the respondent (plaintiff) who claims under Annaiya as his daughter's son has failed to prove either that Annaiya was the hakdar, or that his widow or daughter or himself (respondent) was ever recognised as hakdar or given a share of the emoluments of the office either by the appellant or by his father. Apart, therefore, from the weakness of the appellant's title, the respondent has no right to oust him from an office which he has continuously held, apparently adversely, for more than 30 years past. The respondent has not substantiated his right, or shown that his claim is not time-barred. The Deputy Commissioner's order is accordingly reversed and the respondent's suit in the original court dismissed.

No. 1378—P. F. 37-1901, DATED BANGALORE, 18TH JANUARY 1902.

Copy of the above is forwarded to the Deputy Commissioner, Bangalore District, together with the records received with his letter No. D. 125, dated 24th July 1901.

H. V. NANJUNDAYYA,
Secy. to Govt., Gen. & Rev. Depts.

FOREST

Proceedings of the Government of Mysore,

READ—

Note by the Conservator of Forests and Secretary to Government, Forest Department, dated the 4th October 1901, requesting formal sanction of Government to an additional budget grant against which will be debited charges aggregating Rs. 25,528-10-2 already paid but outstanding in the accounts of the Mysore District under "A. Conservancy and works" since 1887-88; and stating that for several causes the charges were not finally passed into the accounts during the years to which the transactions relate.

No. 441-2—2506-7, DATED BANGALORE, 10TH JANUARY 1902.

ORDER THEREON.—Under the circumstances explained, sanction is accorded to the formal additional grant asked for by the Conservator and to the debit of the charges amounting to Rs. 25,528-10-2 in the working charges bills of the Mysore District for 1901-02.

2. This heavy expenditure has long since been incurred and it is a matter for regret that such considerable and manifestly unnecessary delay should have occurred in making the usual adjustments—a delay for which the successive District Forest Officers from 1887-88 to 1900 were mainly responsible. Government find themselves unable to fix the blame on any of the District Forest Officers concerned in particular, but they have no hesitation in holding that serious discredit attaches to every one of them. Measures having *inter alia* for their object an avoidance of the recurrence of such irregularities and delays are now under the consideration of Government.

M. MUTHANNAH,
Dy. Consvr., in charge,
Office of Secy. to Govt., Forest Dept.

To—The Deputy Commissioner, Mysore District.
The Comptroller to the Government of Mysore.

READ THE FOLLOWING—

(1) *Letter No. 144, dated the 18th September 1901, from the District Forest Officer, Kadur, to the Conservator of Forests in Mysore, through the Deputy Commissioner, Kadur District.*

I have the honor to bring the following facts to your notice and to request early orders on the subject:—

It has come to my notice that timber of the reserved and unreserved kinds is being exported out of Mysore under cover of free licenses issued to coffee planters under the application of the words "*bona fide*" private use. The case under notice is as follows:—

A coffee planter, one Abdul Khader, who I may here state, has not purchased the right of reserved trees on his land, applied for and got a free license from the Amildar to export timber to Vellore on the plea that it was for his own "*bona fide*" use (*viz.*, for the construction of a house for his sons who are studying at Vellore).

I am in doubt as to the extent of the application of the words "*bona fide*" private use in coffee title-deeds. This question was raised by Mr. L. Ricketts when Inspector General of Forests, and Order, Camp No. 1805-7, dated 10th March 1887, (the Mysore Forest Manual, page 150) was issued. The concluding portion of the order reads "so that the planter is at liberty to build a house on another estate or *anywhere* else. It is, however, desirable that all such removal should be under a free pass granted by the Deputy Commissioner or Forest Officer, and any rules on the subject which may be framed under the Forest Law in force will be duly sanctioned."

I beg to state that from this order it is not clear as to the meaning of the wording "anywhere else." Under correction I take it that it means within the Mysore Province for the benefit of his estate but not for exportation. If this reading is incorrect, I beg to bring to your notice that it will be impossible to check whether the timber is used for "*bona fide*" own use or not when exported out of the Province besides which it leaves an opening for large exports of timber under cover of free passes issued to coffee title-deed holders, inasmuch as lands may be taken up purely for the timber to be exported to build a house for "*bona fide*" own use outside the Province.

A copy of the manuscript license referred to is hereto attached.

(2) Note on the foregoing, dated 5th October 1901, by the Conservator and Secretary to Government, Forest Department.

No. 456-7—2536-7, DATED BANGALORE, 11TH JANUARY 1902.

ORDER THEREON.—In Order No. 1805-7, dated Camp Mysore, 10th March 1887, the words "*bona fide* use" were liberally construed and were deemed to include not only the building of houses, etc., in the estates but also anywhere else. Government understand that in the majority of the estates the timber has not been purchased by the holders and that an application to pay stump fees under Notification No. 156, dated 14th December 1887, is of rare occurrence. Bearing in mind that the estates are often surrounded with Government forests where there is little or no forest protective establishment, the seriousness of the position brought to notice by the District Forest Officer is sufficiently obvious.

2. Government have reason to fear that the orders conveyed in the Proceedings of 10th March 1887, referred to above, are being given a much wider signification than was intended. "*Bona fide* private use" and "anywhere else" are expressions which, reasonably construed, mean the "coffee planter's own use" and not necessarily in his estate in which such trees stand. Unredeemed timber could never have been intended to be either sold or freely sent to distant places in Mysore for mercantile purposes and much less outside Mysore, where there is no means of ascertaining to what use such timber is put. Each case of proposed removal to places outside the estate concerned should be thoroughly investigated, and permission should be granted or refused according as the use proved is or is not *private and within Mysore*. The "neighbourhood of the estate" is generally what is contemplated. Transport to other places, *not outside Mysore*, may, in exceptional cases, be allowed, provided that "private use" and not "pecuniary or other gain by sale or otherwise" is established to the satisfaction of the free-pass-issuing officer.

M. MUTHANNAH,
Deputy Conservator, in charge,
Office of Secy. to Govt., Forest Dept.

To—The Deputy Commissioners of Kadur and Hassan Districts.

READ —

The following papers relating to the proposal that all Forest work at District Head-quarters should be centralized in the District Forest office :—

(1) Government Proceedings No. 696-704—Ft. F. 29-1900, dated the 24th April 1901, calling for the opinions of Deputy Commissioners.
(2) Letter No. 1114, dated 16th May 1901, from the Deputy Commissioner, Bangalore District.
(3) Letter No. 1408, dated 20th May 1901, from the Deputy Commissioner, Kolar District.
(4) Letter No. 1660, dated 30th May 1901, from the Deputy Commissioner, Kadur District.
(5) Letter No. 1146, dated 1st June 1901, from the Deputy Commissioner, Tumkur District.
(6) Letter No. 740, dated 24th June 1901, from the Deputy Commissioner, Chitaldrug District.
(7) Letter No. 14, dated 3rd July 1901, from the Deputy Commissioner, Mysore District.
(8) Letter No. 51, dated 17th July 1901, from the Deputy Commissioner, Shimoga District.
(9) Letter No. 38, dated 18th July 1901, from the Deputy Commissioner, Hassan District.

No. 448-55—2522-29, DATED BANGALORE, 11TH JANUARY 1902.

ORDER THEREON.—Government observe that the suggestions made in the Proceedings read above have either been carried into effect or are in the main concurred in by Deputy Commissioners. The District Forest Officer is, or ought to be, as much the Deputy Commissioner's Assistant as is the Superintendent or Assistant Superintendent of Police, or the Treasury or Revenue Assistant. He should execute every kind of Forest work under the orders of the Deputy Commissioner. The present practice which seems to exist in some places of a portion of the purely Forest work of the district being done and part of the ordinary Forest records being kept in the Revenue Department of the Deputy Commissioner's office seems anomalous, inconvenient and objectionable. The proper object to be aimed at is to make the District Forest Officer a *real* Assistant to the Deputy Commissioner in all Forest matters.

2. The Deputy Commissioner of Shimoga alone is in favor of perpetuating the anomaly referred to in the preceding para by the retention of a special Forest

clerk and Forest branch in his office. But the late and present Conservators, after consulting the Deputy Commissioners of Shimoga and Mysore, advocated the abolition of the special Forest clerks attached to their offices. The clerkship in Mysore has been abolished, apparently with resulting convenience, and orders will hereafter be issued in regard to the remaining one appointment. Meanwhile the Deputy Commissioner of Shimoga should arrange, by the transfer of the existing establishment, or by the submission of separate proposals, for the conduct of all Forest business in the District Forest office.

3. After giving the subject full consideration, Government desire that the following procedure be adopted:—

(*a*) In every district where the practice is not already in force, Forest business of all kinds, including the administration of district forests, will be centralized in and conducted from the District Forest office under the orders of the Deputy Commissioner.

(*b*) All Forest papers, with the exception of very valuable records, such as Forest Settlement papers, contract deeds, etc., which should be specially safeguarded in the District office record-room or otherwise, will be filed and preserved in the District Forest office.

(*c*) Deputy Commissioners will issue such general or special orders as they may consider requisite, either to ensure that their own orders are obtained on certain papers or classes of references before formal orders are issued, or to delegate to the District Forest Officer certain powers for the disposal of papers, and generally for the conduct of Forest business and correspondence. District Forest Officers will, however, issue instructions direct to Taluk Officers in Forest matters of a routine nature.

(*d*) References on the following subjects will be made from and to the Deputy Commissioners and the Conservator, either direct or addressed through the Deputy Commissioner to or by the District Forest Officer:—

All matters of importance touching the general forest administration of the district, such as, forest settlement, the rights or privileges of the people and their requirements in forest produce, budgets and finance, forest law and forest offences, working plans, establishments and discipline.

(*e*) All purely routine or technical references, including monthly cash and produce accounts will ordinarily be transmitted direct between the Conservator and the District Forest Officer, subject to the wishes of the Deputy Commissioner, who may, at his option, intervene in regard to any such correspondence.

(*f*) Communications on Forest business intended for submission to Government should be addressed by the Deputy Commissioners to the Secretary to Government, Forest Department.

M. MUTHANNAH, *Dy. Conser., in charge,*
Office of the Secy. to Govt., Forest Dept.

To—The Deputy Commissioners of Districts.

READ AGAIN—

Government Proceedings No. 2520-22—R. 783, dated the 25th September 1899, passing orders on the subject of the leave applied for by C. Vasudeva Rao, 2nd Assistant, Central Meteorological Observatory, Bangalore, to enable him to study in the Imperial Forest School at Dehra Dun.

READ—

Correspondence ending with petition, dated 1st May 1901, from the said C. Vasudeva Rao, now Forest Ranger, Chikmagalur, received through the District Forest Officer, Kadur District, soliciting that the whole period of his employment in the Forest Department as Probationary Forester and subsequently as State student deputed to Dehra Dun for training in the Forest School thereat may be permitted to be counted towards his previous service in the Education and Meteorological Departments.

Note dated 6th August 1901, by the Conservator of Forests and Secretary to Government, Forest Department.

No. 477-78—2611-12, DATED BANGALORE, 20TH JANUARY 1902.

ORDER THEREON.—C. Vasudeva Rao was in the service of Government in the Meteorological Department previous to his appointment as Probationary Forester, in the Forest Department, in view to his deputation to the Forest School at Dehra Dun.

The Director of Meteorology had granted him leave on forfeiture of full pay from 11th April 1898 to 10th April 1899, which period, however, was insufficient for the course he (Vasudeva Rao) had to undergo both locally and at the Imperial Forest School. Vasudeva Rao came out successfully from the school and was appointed a Ranger in the Forest Department with effect from 16th April 1901. As it seems somewhat hard that he should lose his four years' previous good and qualifying service in the Education Department and in the Observatory, the Conservator recommends that either his services from 10th April 1899 to the date of his appointment as Forest Ranger be deemed as qualifying service or that his appointment to the Forest Department be ante-dated and reckoned from 10th April 1899, and that he be treated as having been on leave without pay from that date to the date of his appointment as Forest Ranger.

2. Vasudeva Rao was not in Forest service before he went to Dehra Dun. Article 242 (i) of the Mysore Service Regulations does not therefore seem to apply to his case. Government, however, can see no objection to the second alternative proposed by Mr. Pigot, and they consider that a successful course of training in the Dehra Dun School followed by a substantive appointment in the Forest Department should not entail a forfeiture of service previously rendered in some other Department of the State. The period spent in such training may, in such cases, *i. e.*, in the case of officials of other Departments, be treated as period spent in Forest service. Vasudeva Rao will accordingly be permitted to count towards his previous service, the period spent by him at Dehra Dun, namely, from 11th April 1899 to 16th April 1901, on which latter date he was appointed Forest Ranger.

M. MUTHANNAH,
Deputy Conservator, in charge,
Office of Secy. to Govt., Forest Dept.

To—The Deputy Commissioner, Kadur District, for communication to Vasudeva Rao.
The Comptroller to the Government of Mysore.

GEOLOGICAL

Proceedings of the Government of Mysore,

READ—

Letter No. 1805, dated 30th June 1901, from the District Magistrate of Kadur, enquiring whether Government Explosives Magazines belonging to the Public Works Department are to be subjected to the provisions of the Mysore Explosives Rules so far as the distances to be kept clear round such buildings are concerned.

(ii) Memo No. 1, dated 5th July 1901, from the Chief Inspector of Explosives in Mysore, stating that, although Section 12 of the Mysore Explosives Regulation, II of 1888, provides that nothing in the Regulation shall apply to manufacture, possession, etc., of any explosive (*a*) by order of Government, and (*b*) by any person employed by Government in the course of his employment on duty, he is still of opinion that all Government Magazines or Stores should be subject to inspection and control by the Chief Inspector of Explosives, who should see that all such Magazines and Stores are constructed, maintained and used in such a manner as to render them not less safe than others which are licensed under the Explosives Regulation and Rules.

(iii) Memo No. 533—41-76, dated 30th July 1901, by the Officiating Secretary to Government, Public Works Department, stating that he is of opinion that Magazines and Stores under the management and control of Officers of the Public Works Department should remain exempt from inspection and control of the Chief Inspector of Mines (? Explosives), as is the case throughout British India.

No. 391-400—S., DATED BANGALORE, 18TH JANUARY 1902.

ORDER THEREON.—**The Government are of opinion that the Explosives Magazines and Stores under the management and control of the Public Works Department Officers need not be subject to the inspection by the Chief Inspector of Explosives, but that the construction of Magazines and the Storage of Explosives should be in accordance with the provisions of the Mysore Explosives Rules.**

W. F. SMEETH,
Secy. to Govt., Geol. Dept.

To—The Chief Engineer in Mysore.
The Ditsrict Magistrate, Kadur.
The Other District Magistrates in Mysore.
The Chief Inspector of Explosives in Mysore.

PART II

GENERAL

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JANUARY 1902.

64	1057	18	Dy. Comr., Tumkur.	Forwarding copy of the above for information.
65	1066 M. F. 22-92	18	Dy.Comr., Bangalore.	Calling for certain information *in re* the application of Seshamma, daughter of the late Polepalli Subbaiya Setti, soliciting that either her husband or any agent authorised by her may be permitted to draw the interest on the deposit made by her parents.
66	1067	18	K. Raghunathachar of Belur.	Returning his petition as it was unstamped.
67	1068-9 M.F. 64-92	18	Dy. Comr., Mysore, & Comptr.	Sanctioning a supplemental estimate for Rs. 410 for repairing the Muzrai annachattram at Nanjangud.
68	1070 M. F. 86-92	21	Supt., Govt. Printing,	Forwarding four Malnad Cash Grant Registers and requesting that the same may be set up in type and a clean proof thereof forwarded to this office for approval.
69	1071 M.F. 17-97	22	T. Sama Rao, Mysore.	Informing him that the Order of Government temporarily prohibiting any addition to the present list of Nehimidars in His Highness the Maharaja's chattram at Mysore, cannot be altered.
70	1072 M.F. 17-97	22	Palace Controller	Forwarding copy of the above for information.
71	1073-6	22	Dy. Comrs., Kolar & Bangalore, Comptr., and Inam Supt.	Cancelling the stipend order held by Devanhalli Krishnachar, a deceased Muzrai stipendiary of the Goribidnur Taluk, and stating that the original title-deed under the authority of which the cash grant was being disbursed to the stipendiary will be treated as cancelled as the same could not be traced either in the Goribidnur or in the Devanhalli Taluk office.
72	1077-8 M. F. 25-92	22	Presdt., Coll. Comtee. & Comptr.	Passing orders on the proceedings of a meeting of the Managing Committee of His Highness the Maharaja's Sanskrit College, Mysore, held on the 11th December 1901.
73	1079	22	Dy. Comr., Hassan...	Forwarding, a petition from Ugranadarajachar of Hole-Narsipur, praying for the payment of arrears of pay due to him from the Sri Uttaradi Matt at that place, and requesting the Deputy Commissioner to report as to when the petitioner actually entered upon his duties and whether any amount is due to him.
74	1080	22	Ugranadarajachar, H.-Narsipur.	Intimating the above.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
75	1081	22	Dy. Comr., Mysore...	Forwarding for submission of a detailed report a petition from Namavenkatasubba Setti of Mysore, praying that his share of the wet land in Yamakarkoppal village, Seringapatam Taluk, endowed to the Sri Narayanaswami temple founded by Venkatnarna Setti at Seringapatam, may be either purchased by Government on behalf of the temple or the temple land sold to him at the market price.
76	1082	22	Namavenkatasubba Setti.	Intimating the above.
77	1083	22	Dy. Comr., Hassan.	Forwarding, for disposal or report, if necessary, a petition from Krishnaiengar and other devotees of Sri Lakshminarasimhaswami temple at Nuggehalli, Channarayapatna Taluk, stating that the interest due on the Puduvat amounts is not being collected properly.
78	1084	22	Krishnaiengar, Nuggehalli, Channarayapatna Tk.	Intimating the above.
79	1085	22	Dy. Comr., Hassan...	Forwarding, for report, a petition from Krishnaiengar and other devotees of the Sri Lakshminarasimhaswami temple at Nuggehalli, Channarayapatna Taluk, praying that the order issued by the Assistant Commissioner *in re* the gutta produce of the inam lands of the above temple may be set aside and the gutta be recovered from the son of the deceased guttadar Narasimhegauda for the benefit of the temple.
80	1086	22	M. Krishnaiengar, Nuggehalli.	Intimating the above.
81	1093	22	Dy. Comr., Hassan ...	Forwarding, for disposal, a petition from shanbhog Krishnappa of Gandasi, Arsikere Taluk, praying that he may be appointed to supervise the affairs of Sri Kesavadevaru and Anjaneyaswami temples at Gandasi.
82	1094	22	Shanbhog Krishnappa, Gandasi.	Intimating the above.
83	1095	22	Dy. Comr., Kadur ...	Forwarding, for submission of the records connected with the case, a petition from Tarikere Dasappa and another of Yedahalli, appealing against the order of the Deputy Commissioner *in re* the possession of the inam land belonging to the Gunda Brahmadevaru temple at Nerle, Yedahalli Sub-Taluk.
84	1096	22	T. Dasappa, Yedahalli.	Intimating the above.
85	1097-8 M. F. 32-96	22	Dy. Comr., Bangalore, & Comptr.	Sanctioning the sale of certain unserviceable jewels belonging to some of the Muzrai temples in the Magadi Taluk.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
86	1099	22	Comptroller ..	Stating that the sum of Rs. 25 debitable to the funds of the Sivaganga Matt in the Nelamangala Taluk on account of the pay of the Matt clerk doing duty in this office and the contribution to the Chamarajendra Sanskrit College, Bangalore, will, in future, be drawn in the State Huzur Treasury on bills signed by the Deputy Secretary and requesting the Comptroller to audit the bills monthly and make the necessary adjustment in the accounts.
87	1100	22	Dy. Comr.,Bangalore.	Forwarding copy of the above for information.
88	1101	22	Dy. Comr., Shimoga.	With reference to the estimate submitted by him for repairing the Muzrai annachattram at Shimoga, requesting to be furnished with a list of the regular establishment, the monthly cost both of feeding and of the establishment and the savings out of the annual tasdik grant to the chattram.
89	1102-3	22	Dy. Comr., Mysore, & Comptr.	Sanctioning an estimate for Rs. 52-8-0 for repairing the Devambudi feeding chattram at Varuna, Mysore Taluk.
90	1104	22	Presdt., Managing Committee, H. H. theMaharaja's Sanskrit College,Mysore.	Forwarding certain issues of the journal "Brahmavadin" for use in the College Library.
91	1105	22	Presdt., Chamarajendra Sanskrit Coll., Bangalore.	Ditto. ditto.
92	1106	23	Dy. Comr., Mysore ..	Forwarding, for report, a petition from M. Venkataramaiya, contractor and several others of Mysore, complaining of the mismanagement of the various endowments of the late Vine Bakshi Venkatsubbaiya, by Vine Subbanna of Mysore.
93	1107	23	M. Venkatramaiya, contractor, Mysore.	Intimating the above.
94	1108	23	Dy. Comr., Kadur ..	Forwarding, for disposal, a petition from Subbaiya of Kunimakki, Koppa Taluk, complaining against the archak of the Sri Venkatramanaswami temple at Kunimakki.
95	1109	23	Subbaiya	Intimating the above.
96	1110	23	Dy. Comr., Kadur .	Forwarding for submission of the records connected with the case, a petition from Adigala Rama Jois of Kalasa, Mudgere Taluk, appealing against the order of the Muzrai Assistant Commissioner regarding the Tantrika service in the Sri Kalaseswaraswami temple at Kalasa.
97	1111	23	A. Rama Jois ..	Intimating the above.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
98	1112	23	J. Ganesa Rao, Javali.	In reply to his petition praying for the grant of a loan of Rs. 20,000 out of the funds of the Sri Kalaseswaraswami temple at Kalasa, Mudgere Taluk, informing him that the practice of lending Muzrai funds to private individuals has been put a stop to and cannot be revived.
99	1113	23	Dy. Comr., Kadur ..	Forwarding copy of the above for information.
100	1114-5	23	Dy. Comr., Bangalore, & Comptr.	Sanctioning a sum of Rs. 30 towards the cost of window frames and shutters for the Kasba chattram, Anjaneyaswami temple at Dodballapur.
101	1116	23	Dy. Comr., Bangalore.	Stating that when the Deputy Secretary, Muzrai Department, inspected the Sri Gopalaswami temple at Kenchappanapet at Dodballapur, the devotees of the institution who had executed certain repairs thereto at their own cost prayed for a contribution from Government to further improve the temple and requesting the Deputy Commissioner to submit an estimate for concreting only the roof of the temple.
102	1117	23	Do ...	Calling for his views *in re* the removal, for reasons stated, of the idol in the Kille Gopalaswami temple at Dodballapur to the Gopalaswami temple in Kenchappanpet, Dodballapur Kasba; and requesting the Deputy Commissioner to submit his proposal regarding the better management of the temple and its endowments.
103	1118	23	Do ...	Stating that the Deputy Secretary, Muzrai Department, noticed, when last he was at Dodballapur on inspection duty, that one of the stone beams in the Yagasala of the Sri Swayambhuveswaraswami temple at that place had cracked and was in a dangerous state; and requesting the Deputy Commissioner to get the devotees interested in the up-keep of the institution to re-place the cracked beam or to have the building knocked down in view to prevent danger.
104	1119 M.F. 88-92	23	Do ...	Stating that when the Ghate Subrahmanyaswami temple was inspected by the Deputy Secretary, Muzrai Department, in November last, it was represented to him that it was under contemplation to extend the State Forest of Makli and to reserve the jungle all round and near the temple and that such procedure would tend to endanger the safety of the people; and requesting the Deputy Commissioner to report if the allegation is true, and, if so, what his own views are on the subject.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
105	1120	23	Archak Ramakrishnabhatta, Kigga.	Returning his petition as it is unstamped and unaccompanied by the Deputy Commissioner's order.
106	1123 M.F. 150-92	24	Dy. Comr., Mysore..	With reference to the report submitted by him *in re* the accounts of the Melkote temple, observing that the promised examination of the jewels and other valuables of the temple should be completed carefully and soon, and requesting to submit a final report thereon.
107	1124	24	Inspr. Gen. of Edn.	Stating that the Deputy Commissioner, Tumkur District, proposes that a sum of Rs. 2 may be fixed as rent for the use of a portion of the Jotirmaheswaraswami temple at Huliyurdurga, Kunigal Taluk, now occupied by the Government Girls' School at that place, and enquiring whether the Deputy Commissioner's proposal is agreeable to the Education Department.
108	1125	24	Dy. Comr., Mysore ...	Sanctioning the appointment of Rangaiya as pujari of the Sri Venugopalaswami temple at Nisana, Heggaddevankote Taluk.
109	1126	24	Do ...	Recording his letter in regard to the alleged appointment of a stranger to the Sheristadar's place in the temple of Sri Chamarajeswaraswami at Chamrajnagar.
110	1127-8 M.F. 63-93	24	Comptr. & Dy. Comr., Kadur.	Countersigning and forwarding for audit a completion bill for Rs. 79-13-0 on account of repairing the southern entrance in the compound wall of the Kalaseswaraswami temple at Kalasa, Mudgere Taluk.
111	1131 M.F. 6-97	25	Inam Supt. ...	Forwarding, for verification and return to this office, the final press proof of the revised Muzrai Quit-Rent Register of the Davangere Taluk.
112	1132	27	Dy. Comr., Mysore .	*In re* the appointment of one Venkatramanachar as archak of certain Muzrai institutions at Tirumakudlu, calling for the original order under which the rice allowance from the Tirumakudlu chattram is being disbursed for puje of the Brindavana adverted to in his Rubkari of the 3rd instant.
113	1133 M.F. 65-92	27	Do ..	Conveying sanction of Government to the temporary payment of an allowance of Rs. 3-13-5 a month to some of the servants employed to guard the Sri Agastheswaraswami temple at Tirumakudlu in the T.-Narsipur Taluk during the prevalence of plague there; and requesting the Deputy Commissioner to have the temple jewels and other valuables removed to the Taluk Treasury as the village is reported to have been evacuated by the people owing to the recrudescence of the plague.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
114	1134 M. F. 44-96	27	Dy.Comr., Bangalore.	Stating that when the Deputy Secretary, Muzrai Department, was at Dodballapur in November last on inspection duty, some of the local Mahomedans prayed for the repairs of the Kille Ashurkhana at the place and requesting the Deputy Commissioner to submit an estimate for repairing a portion of the main building of the Ashurkhana where panja (ಪಂಜ) is exhibited every year.
115	1135	27	Dy. Comr.,Bangalore.	Forwarding, for report, a petition from Kullegauda and others of Mudigere, Channapatna Taluk, stating that the inam lands attached to the Sri Gopalaswami temple at Mudigere have been alienated by one Srinivasaiya.
116	1136	27	Kullegauda,Mudigere	Intimating the above.
117	1137	27	Dy.Comr., Bangalore.	Forwarding, for report, a petition from Settara Channappa and other Lingayets of Kankanhalli, complaining of the mismanagement of Degala Doddamatt and Chikmatt at Kankanhalli.
118	1138	27	S. Channappa, Kankanhalli.	Intimating the above.
119	1139	27	Srinivasaiengar, Shimoga.	In reply to his petition, praying that he may be appointed to the vacant post of archak in the Sri Anjaneyaswami temple at Shimoga, informing him that he should first apply to the Deputy Commissioner on the subject.
120	1140	27	Varadamma, Magadi.	Returning her petition, being unstamped.
121	1141	28	Inam Supt. ..	Forwarding, for verification and return to this office, the final press proof of the revised Muzrai Quit-Rent Register of the Chitaldrug Taluk.
122	1142 M.F. 150-92	29	Dy. Comr., Mysore...	Forwarding copy of a telegram sent to him on the 29th instant *in re* the appointment of peshkar to the Hindu Muzrai institutions at Seringapatam.
123	1143 M.F. 6-97	31	Supt., Govt. Printing.	Forwarding the verified final proof of the revised Muzrai Quit-Rent Register of the Davangere Taluk, to be printed and forwarded to this office.
124	1144 M.F.150-92	30	Dy. Comr., Mysore	Requesting the Deputy Commissioner to give effect *at once* to the orders already passed in Government Proceedings No. 986-7—Muz. F. 150-92, dated 8th January 1902, appointing Marnayakanahalli Shamanna as peshkar of the several Hindu Muzrai institutions at Seringapatam; and observing that the arrangements ordered therein had been decided upon by Government after very careful consideration.
125	1145	31	Regr., Chief Court...	Returning jurors' summons, the duplicate having been served on C. Krishnamachar and C. R. Krishnamurti Rao, clerks of this office.

OFFICE OF THE DEWAN OF MYSORE,
Bangalore, 31st January 1902.

L. ANANTASAMI RAO,
Deputy Secretary.

Encl.—C.V.

PUBLIC WORKS

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JANUARY 1902.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
1	1—2	2	First Asst. to the Hon'ble the Resdt.	With reference to this office No. 696—5377 of the 2nd October last, regarding the grant of a local step to Superintending Engineer, 3rd class, to Mr. J. J. Whiteley, Executive Engineer, 1st grade (Imperial), enquiring if the sanction of the Government of India has yet been received.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
				formed what stamp duty is leviable on it and whether the Agreement requires registration. Also forwarding a Power of Attorney from the New Kempinkote Gold Field in favor of the Hon'ble Mark Francis Napier, and requesting to be informed if it requires any additional stamping.
6	365-72-S.	6	Dy. Comrs. of Dts.	Forwarding two copies of a form of schedule of Economic Mineral Products for the year 1901, and requesting that one of them may be returned to this office, not later than 1st March 1902, with the details therein duly filled in.
7	373-S.	6	Dy. Comr., Kolar ...	In the matter of the compensation payable by Government for lands taken up in the West Balaghat Mine for the re-alignment of the Kolar Gold Field Railway, requesting to be furnished with a copy of the Superintendent's letter forwarding plans and estimate of an over-bridge at the West Balaghat Mine proposed to be constructed at Government expense.
8	377-S.	7	Comptroller ..	Sanctioning the daily allowance claimed by Mr. A. Primrose, Prospector, Geological Department, for halt at head-quarters on the 7th and 8th December 1901.
9	374-S.	8	Do ...	Sanctioning the payment in England to Mr. H. K. Slater, Assistant Geologist, now on deputation in England, of his salary for the month of February 1902 in advance on the 15th of that month to enable him to return to Mysore, and requesting the Comptroller to issue the necessary instructions therefor.
10	375-S.	8	Mr. H. K. Slater, Asst. Geologist.	Forwarding a copy of the above for his information.
11	376-S.	8	Comptroller ...	Acknowledging receipt of the gold sale accounts of the Mysore-West and Mysore-Wynaad Gold Mining Companies for the month of September 1901, together with the refiners' statements forwarded with his No. 68, dated 3rd January 1902.
12	378-S.	9	Comptroller ...	Forwarding for safe custody a share-certificate, in the name of the Dewan of Mysore, for 28,000 shares in the Kadur-Mysore Mines, Limited, representing the sum of £7,000, being the fine due to Government on the assignment of the Tarikere and Ajjampur Blocks by the lessees to that Company, and requesting an acknowledgment of its receipt.
13	379-S.	9	Agent & Manager, Kadur-Mysore Gold Mining Company.	Acknowledging receipt of his letter of the 7th January 1902 and the share-certificate in the name of the Dewan of Mysore, and returning that in the name of His Highness the Maharaja of Mysore, received with his

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
				letter of the 18th November 1901. Also requesting that copies of the prospecting and other papers relating to the scheme of the reconstruction of the Company may be sent to this office in due course.
14	380-S.	10	Agent, Nobel's Explosives Co., Ld., Ooregum.	Forwarding a license, in Form E of the Mysore Explosives Rules, to possess specified explosives during the year 1902, and requesting an acknowledgment of its receipt.
15	381-S.	10	Supt., the Ooregum Gold Mining Co. of India, Ld.	Ditto.
16	383-S.	11	Comptroller ..	Acknowledging receipt of the gold sale accounts, etc., of the Ooregum Gold Mining Company for the month of September 1901, forwarded with his No. 61, dated 7th January 1902.
17	384-S.	16	Mr. H. K. Slater, Asst. Geologist on deputation, England.	Forwarding for his information, a copy of letter No. 4475—1115, dated 9th January 1902, from the Comptroller to the Government of Mysore, intimating that instructions have been issued to Messrs. Coutts & Co., London, in accordance with Government Proceedings (Geological) No. 374-S., dated 8th January 1902, to pay Mr. H. K. Slater, Assistant Geologist, his salary for the month of February 1902 in advance on the 15th of that month.
18	385-S.	17	Richard Hancock, Esq., Supt., Mysore Gold Mining Co.	Forwarding a license to him in Form E appended to the Mysore Explosives Rules, to possess specified explosives during the calendar year 1902, and requesting an acknowledgment of its receipt.
19	386-S.	17	Secy. to Govt., Gen. & Rev. Depts.	Forwarding, with the Dewan's remarks, this office Memo No. 32, dated 26th December 1901, on the subject of entertaining a few extra hands for this office and requesting the favor of his opinion thereon.
20	387-S.	18	Do ..	Requesting to be furnished with the original file or files relating to certain Proceedings of the late Chief Commissioner of Mysore, on the subject of Redemption of Rent and Royalties due on Mining Blocks by a lump sum cash payment by the lessee, and forwarding for reference the Proceedings books received from his records, with a request that they may be sent back to the Records when done with.
21	388-S.	18	Compl., *Mysore Gaz.*	Notifying the grant of 10 days' casual leave, under Article 173 of the Mysore Service Regulations to Mr. P. Sampat Iyengar, B. A., Apprentice Geologist, with effect from the 18th January 1902.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
22	389-S.	18	Comptr.,&Mr.Sampat Iyengar.	Forwarding a copy of the preceding for information.
23	390-S.			
24	401-S.	18	Mr. H. W. Thomas, Dindigal.	Informing him that the Government do not at present contemplate the construction of electric furnaces in connection with the Cauvery Falls Electric Power Scheme for the purpose of electric smelting of iron and that the Government have not prescribed any special forms of certificates of the kind referred to in his letter of the 27th October 1901, for prospecting for gold and other minerals and forwarding a copy of the present rules for the grant of prospecting licenses in Mysore.
25	402-S.	21	Mr. M. Abdul Rahim, contractor, Bowringpet.	Informing him, with reference to his application for the return of the deposit of Rs. 500 paid for a prospecting license in the Srinivaspur Taluk, that as the original application of the 29th June 1900, in respect of which the deposit was paid was made by himself and three others, all the four applicants should conjointly submit an application for the return of the deposit.
26	403-S.	20	Secy. to Govt., Gen. & Rev. Depts.	Informing him that all Mining Share Certificates held by the Government of Mysore stand in the name of the "Dewan of Mysore."
27	404-S.	20	Compl., *Mysore Gaz.*	Notifying the promotion of Mr. A. T. Setlur, L. C. E., from the 3rd to the 2nd Class of Assistant Geologists, with effect from the 22nd March 1901.
28	405-S.	20	Comptroller ...	Forwarding a copy of the above for information.
29	406-S.	20	Mr. A. T. Setlur ...	
30	407-S.	20	Secy. to Govt., Gen. & Rev. Depts.	Acknowledging receipt of his Memo No. 11585-55—J. 940, dated 11th January 1902, on the subject of the proposal of the Inspector General of Police in Mysore to convert the Geological office on the Kolar Gold Fields into a travellers' bungalow; and informing him that the question of the transfer of the present Geological office buildings will be considered when Government definitely sanctions suitable accommodation both for the office and for the officers of the Geological Department.
31	408-S.	21	Dt. Magistrate, Shimoga.	Forwarding for confirmation and issue to Mr. C. E. Buckle of the Mysore-Nagar Gold Mining Company, Limited, a license in Form E of the Mysore Explosives Rules, to possess specified explosives during the calendar year 1902, and requesting an acknowledgment of its receipt.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
32	409-S.	21	Mr. Edward George, Supt., Gold Fields of Mysore, Ld.	Forwarding a license in Form E of the Mysore Explosives Rules to possess specified explosives during the calendar year 1902, and requesting an acknowledgment of its receipt.
33	410-S.	23	Mr. Baliol Scott, Editor of the "Mining Journal," "Railway & Commercial Gazette" 46, Queen Victoria Street, London.	Forwarding as requested, a copy of the Annual Report of the Chief Inspector of Mines in Mysore for the year 1900, and requesting an acknowledgment of its receipt.
34	411-S.	23	Major Gen. R.A. Cole, Sidmouth, London.	Acknowledging receipt of his letter of the 2nd January 1902, and informing him that, as the prescribed deposit of Rs, 500 has not been paid to Government, his application made conjointly with Mr. Grimley, for a prospecting license for a block near Nanjangud must be regarded as having been allowed to lapse. Also informing him that the right to collect corundum on inam lands must be obtained from Government, as inamdars do not possess the right to the mineral.
35	412-S.	25	First Asst. to the Hon'ble the Resdt.	Informing him that in the telegram sent to the Hon'ble the Resident in Mysore by the Special Magistrate, Kolar Gold Fields, on the 3rd December 1901; reporting a fatal mining accident in the Balaghat mine, the name of the 2nd deceased was, owing to an oversight on the part of the Police, reported as "Perumal" instead of "Parsurama" and requesting that the necessary correction may be made in his office records.
36	413-S.	28	Dy. Comr., Kolar ..	Forwarding for disposal with certain recommendations, copies of letters from Mr. Abdul Rahim, contractor, Bowringpet, relating to an application for permission to collect kankar in certain villages in the Bowringpet Taluk.
37	414-S.	28	Messrs. Barclay, Orr & David, Solicitors, Madras.	Forwarding as requested, a copy of the Memorandum of Agreement, dated 21st December 1901, between the Dewan of Mysore and the Hon'ble Mr. Mark Francis Napier, on behalf of certain Gold Mining Companies in the Kolar Gold Fields, regarding renewals of Gold Mining leases and the Power-of-Attorney from the Mysore Gold Mining Company to the Hon'ble Mr. Napier and stating that the Memorandum is pending the approval of the Government of India. Also inviting their attention to certain points to be made clear in the Memorandum of Agreement.

Serial No.	Proceedings.			Subject and Order.
	No.	Date.	To whom sent.	
38	415-S.	28	First Asst. to the Hon'ble the Resdt.	Forwarding a list of licenses granted up to date by the Government of Mysore to possess explosives during the calendar year 1902, under Rule 18 of the Mysore Explosives Rules.
39	464-S.	31	Comptroller ..	According sanction for the pay of draughtsman Bapu Anant Joshi of the Geological Department, being increased to Rs. 35 per mensem and for provision being made for a maximum salary of Rs. 50 for the post, to be attained by annual increments of Rs. 5 subject to satisfactory work.
40	465-S.	31	Secy. to Govt., Gen. & Rev. Depts.	Stating that the reference quoted in his reminder No. 12351—J. 994, dated 25—28th January 1902, regarding transfer of the Geological office on the Kolar Gold Fields to the Inspection Lodge, has already been replied to in this office No. 407—S., dated 20th January 1902.

OFFICE OF THE SECY., GEOL. DEPT.,
Bangalore, 31st January 1902.
